In case of vacancy, inability to act, or interest on the part of any member of the Board of Appeals, his place shall be taken by an associate member.

The Board established hereunder shall act as the Board of Appeals under the local building and zoning by-laws respectively, and under General Laws, Chapter 41, Section 81 I.

The Board of Appeals shall have all of the powers and perform all of the duties conferred or imposed upon it under the applicable provisions of the General Laws of the Commonwealth of Massachusetts.

All provisions of the building by-laws and the zoning by-laws for the establishment of a Board of Appeals, the number of members thereof, their terms of office, and their powers and duties so

far as the same are inconsistent herewith are hereby repealed and this by-law is established in place thereof and in substitution therefor.

A report of the Planning Board was read by L. B. Tuck.

Motion was made by N. B. Todd that the Town vote to adopt the following by-law:

There shall be a Board of Appeals consisting of three persons, inhabitants of the Town. The members shall be appointed by the Board of Selectmen. They shall hold office for a term of three years, except that, when the Board is first established hereunder, one member shall be appointed for a term of one year; one member shall be appointed for a term of two years; and one member shall be appointed for a term of three years.

The Board of Selectmen shall also appoint three persons, inhabitants of the Town, associate members of said Board of Appeals, who shall hold office for a term of three years, except that, when associate members are first appointed hereunder, one shall be appointed for a term of one year; one shall be appointed for a term of two years; and one shall be appointed for a term of three years. In case of vacancy, inability to act, or interest on the part of any member of the Board of Appeals, his place shall be taken by an associate member.

The Board established hereunder shall act as the Board of Appeals under the local building and zoning by-laws respectively, and under General Laws, Chapter 41, Section 81 I.

The Board of Appeals shall have all of the powers and perform all of the duties conferred or imposed upon it under the applicable provisions of the General Laws of the Commonwealth of Massachusetts.

All provisions of the building by-laws and the zoning by-laws for the establishment of a Board of Appeals, the number of members thereof, their terms of office, and their powers and duties so far as the same are inconsistent herewith are hereby repealed and this by-law is established in place thereof and in substitution therefor.

REPORT OF AN AUDIT OF THE TOWN ACCOUNTS IN 1941

Report of an audit of the accounts of the Town of Lynnfield, for the period from March 17, 1938 to June 18, 1941, also from March 14, 1937 to June 18, 1941, made in accordance with the provisions of Chapter 44, of the General Laws, has been received. This audit is in the form of a report, made by Mr. Herman B. Dine, Assistant Director of Accounts, and is on file in the Town Hall, and is published in the Town Report for the year 1941.

HARRY W. HIGGINS,
Town Clerk.

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston
Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the tax collector of the town of Lynnfield for the period from March 17, 1938, the date of the previous audit, to June 18, 1941, and of the accounts of all other departments of the town for the period from March 14, 1937, to June 18, 1941, the following report being submitted thereon:

The financial transactions of the town, as recorded on the books of the several departments collecting money for the town or committing bills for collection, were examined and checked in detail.

The books and accounts of the town accountant were examined and checked with the treasurer's books and with the records in the several departments. The receipts, as recorded, were checked with the treasurer's cash book and the payments were compared with the warrants authorizing the disbursement of town funds.

The ledger was analyzed, the appropriations were compared with the town clerk's record of appropriations voted, and the recorded transfers were checked with those authorized by the town and the finance committee.

It was again noted that it has been the practice for the town to vote one appropriation under the heading of "General Government" which is intended to provide for the salaries and expenses of the following departments: Selectmen, town accountant, treasurer, collector, assessors, town clerk, election and registration, etc. In this connection it is again recommended that separate appropriations be voted for the salaries and expenses of the departments which have hitherto been charged to the "General Government" appropriation.

A balance sheet, which is appended to this report, was prepared showing the financial condition of the town on June 18, 1941.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the collector's records of payments to the treasurer, with the records in the several departments collecting money for the town, and with other sources from which money was paid into the town treasury, while the payments were checked with the selectmen's warrants to the treasurer.

The cash balance on June 28, 1941, was proved by actual count of the cash in the office and by reconciliation of the bank balances with statements furnished by the banks in which town funds are deposited.

The payments of debt and interest were checked with the amounts falling due and with the cancelled securities on file.

The securities and savings bank books representing the investments of the trust funds in the custody of the town treasurer were personally examined and listed. The income was proved and the receipts, disbursements, and transfers were verified.

The books and accounts of the tax collector were examined and checked. The poll, property, and motor vehicle excise taxes, special assessments, and water district taxes recommitted on March 17, 1938, were audited, and all subsequent commitments were checked to the warrants for their collection. The payments to the town and the water district treasurers were checked with their respective cash books, the recorded abatements were compared with the assessors' records of abatements granted, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

Considerable detailed checking was necessary in order to prove the tax collector's accounts, numerous errors in the clerical work being found.

The final reconciliation of the collector's cash showed a net overpayment to the town treasurer of $371.97 and a net underpayment of $122.25 to the water district treasurers. It is recommended that all entries in the cash books be made from the stubs of receipted tax bills, that the postings to the commitment books be made from the cash book entries, and that the payments to the treasurer correspond in total with the amounts entered in the cash books during the period for which an accounting to the treasurer is being made.

The additional time consumed in proving the tax collector's accounts added materially to the cost of the audit.

Attention is called to the taxes and assessments of prior years remaining outstanding as shown on the balance sheet mentioned above, and it is recommended that prompt settlement of all prior years' taxes and assessments be secured.

Verification of the outstanding tax, assessment, and water district taxes was made by mailing notices to many persons whose names appeared on the books as owing money to the town and the water districts, the replies received thereto indicating that the accounts, as listed, are correct.

The records of tax titles held by the town were examined and checked. The amounts added to the tax title account were compared with the collector's records, the redemptions were checked with the receipts as recorded on the treasurer's cash book, and the outstanding accounts were compared with the records at the Registry of Deeds.

The records of licenses and permits issued by the selectmen and the town clerk were examined and checked, and the payments to the state and town were verified.

The surety bonds of the financial officials bonded for the faithful performance of their duties were examined and found to be in proper form.

The accounts of the sealer of weights and measures and the building inspector, of the public welfare and library departments, as well as of all other departments collecting money for the town, were examined, checked, and reconciled with the treasurer's and the accountant's books.

In addition to the balance sheet mentioned above, there are appended to this report tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, assessment, tax title, and departmental accounts, as well as tables showing the trust fund transaction.

For the co-operation extended by the various town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts

REPORT OF SELECTMEN

To the Citizens of the Town of Lynnfield:

Your Board of Selectmen submit the following report for the year of 1941:

The new Board of Selectmen consisting of Everett S. Webster, George W. Peavey and Elmer A. Smith, held their first meeting immediately after the election returns were officially announced. These men were then duly sworn into office by Mr. Trayers.

As in past years your Board protested the erection and maintenance of billboards in the Town.

The Board vigorously opposed the erection and maintenance of overnight cabins within the limits of the Town.

The Board, in conjunction with the Superintendent of Streets, invited sealed bids for a new truck for the Highway Department. Bids were received and opened from six different automobile concerns and it was unanimously voted to award the bid to Classen Bros., Inc., who duly delivered a Dodge truck in accordance with specifications.

The Board, in conjunction with the Police Department, invited sealed bids for a Police Cruiser. Bids were received from thirteen different automobile concerns and it was unanimously voted to award the bid to Classen Bros., Inc., who duly delivered a Plymouth sedan in accordance with specifications.

Petitions were received from citizens of the Town, who purchased houses built in a new development of Strout & Wing, asking that their ways be laid out and accepted as streets. Accordingly Oxbow Road and Homestead Road were laid out as streets.

Some twenty organizations applied for and received one-day licenses to dispense liquor at outings and picnics held at various places in the Town.

Your Board caused bleachers to be built and painted at Suntaug Park.

The Board appointed George Green permanent chairman of the American Red Cross disaster committee.

On November 6, our Chairman, Everett S. Webster, was stricken seriously ill, and Mr. Peavey and Mr. Smith have carried on the duties of the Board, missing very much the valuable services of the Chairman.

EVERETT S. WEBSTER,
GEORGE W. PEAVEY,
ELMER A. SMITH,
Board of Selectmen.

REPORT OF PLANNING BOARD

The Lynnfield Planning Board herewith submits its Annual Report for the year ending December 31, 1941. This completes the twelfth year since our Zoning By-Law was adopted, and the first since the Town adopted Chapter 211.

During the past year the Board has held twenty-five meetings, and three public hearings. Public hearings are held on matters vitally interesting to the Town, for the purpose of giving the citizens an opportunity of expressing their opinions. During the past year these have not been attended by many citizens, and it is hoped future hearings will be attended by a sufficient number of voters to assist the Board in getting the benefit of public opinion on the matter involved.

In accordance with Article 41 of the Warrant for the Annual Meeting of the Town last March, the Planning Board has caused to be printed a new supply of the Zoning and Building By-Laws. These are now ready for distribution, and may be secured at the Town Hall. It may be of interest that after considerable study and consultations with Zoning and Planning authorities it was found that the original Laws could not be improved on. The latest edition is composed of the original with all the changes that have been adopted.

Under Chapter 211 it is required that the Planning Board establish Rules and Regulations for the Submission of Petitions and Plans of Subdivisions. This was our first task, and required study of those Rules and Regulations that had been adopted by other Towns similar to Lynnfield, from which we promulgated the present Rules and Regulations of Subdivisions. These were printed April 24, 1941, and put in circulation. That these Rules and Regulations have the approval of the State Planning Board is evident by the numerous requests other Planning Boards have made for copies. These Rules and Regulations were designed to save money for the Town, and preclude the possibility of Subdividers coming into the Town, selling as many lots as possible and leaving for the Town the work and cost of putting in improvements, such as streets, water mains and sidewalks where necessary.

In accordance with the instructions as given to the Planning Board, by the voters of the Town in Article No. 50 of the Warrant for the Annual Town Meeting, the Planning Board has made a study of the site to be chosen for a public building to house the Fire and Police Departments, and recommends that parcel of land owned by the Town on Summer Street south of the Town Hall and adjacent to it, as a site for such building. On account of the war we do not recommend the immediate construction of this building. We suggest that it be considered as a project for the Town after the war and during the period of change from war to peace. Immediately upon the cessation of hostilities, millions will cease their activities in war industries, many must be placed temporarily in Federal, State and Town work of this nature. The Planning Board, in conjunction with most other Planning Boards all through the State, is considering these projects. We plan to study the Town's need of new buildings and have the necessary data to submit to the citizens later. At the Annual Conference of the Massachusetts Federation of Planning Boards, at which Lynnfield was represented, this was the general theme, and the Commonwealth has hired a co-ordinator who will consult with Planning Boards and give them technical advice.

The Grade School in Precinct Two should be replaced by a new modern building, with enough land for playgrounds. This project should be considered, and is recommended by the Board.

The building now used to house the Fire Department at the Centre, is an invaluable historic building, and the Board recommends this be restored. Any old historic building such as this, is a distinct asset to any Town. In this building the citizens have prayed since 1714, and it was here that the men of Lynnfield gathered during the night on the eve of the Battle of Lexington.

At the Annual Town Meeting last March the Town purchased the land for a new High School, and construction of a High School must be listed as one of the Town's needs.

These projects are brought to the attention of the citizens as needed, now, but we realize we are again at war, and this is a war of money. To win we must manufacture more implements of war than our adversaries. Federal taxes will be high, the Commonwealth taxes will increase, and even Town expenses will be more for the kind of war that must be waged.

We do not expect these projects to be all considered immediately; they are placed before the people as future expenditures to be considered.

During the past years the trend of population has been away from the larger cities and towns to suburban and rural districts. The war has changed this towards a centralization of population, and this will be accelerated by the restricted use of automobiles. What effect this will have upon our Town we are unable to state. We can watch it and act to control it to our best advantage.

In our report last year we mentioned the effort being made to remove some of the large illegal display signboards on the Turnpike, south of the Square. We are pleased, this year, to report some share of success in that four of these signs have been ordered down by the Public Works Commissioners. In addition to these signs which were illegal, one legal sign in the area zoned for business on the Turnpike was removed voluntarily by the owner, for which he was thanked by the Board in a letter dated July 31, 1941, and published in the Village Press.

We are endowed with many natural advantages, which must be utilized. While much of the land in Town has been allowed to deteriorate, it can be restored and home war gardens will be in order next year. All food produced in Lynnfield helps the Nation that much. In addition to the 2618 acres of good and limited adaptability, there is much land around houses that can be used for this purpose.

The Town has an opportunity of securing a Town Forest. We have a total acreage of 3,574 acres of forest land in the Town, 745 acres of which is pine wood. This is now available and would pay handsome dividends, as well as provide a breathing space for all time. At the present time 124 Towns in the Commonwealth have a Town Forest. These range from 6 acres in the Town of Webster, in which 6000 trees

have been planted, to 6720 acres in North Adams where 454,000 trees have been set out. The Lynnfield Center Water District has 30 acres and this should be added to. In the Commonwealth the different Towns own a total of 37,430 acres on which are 7,600,000 trees. Lynnfield was the home of Mr. Frank J. D. Barnjum, who has done more in the interest of reforestation in the United States and Canada than any other single individual, and this Board recommends a Town Forest for Lynnfield, and that it be named the Frank J. D. Barnjum Forest.

During the past year the Planning Board has had the benefit of Mr. Pearson Stewart's presence at many of our meetings, and his advice and assistance in publishing the new edition of our Zoning By-Laws is deeply appreciated, and we also thank Mr. Nelson B. Todd who has attended all our meetings and advised us on all legal matters.

Respectfully submitted,

LOUIS B. TUCK, Chairman,
Lynnfield Planning Board.

REPORT OF BOARD OF APPEALS

To the Citizens of the Town of Lynnfield:

The present Board of Appeals was appointed by the Selectmen on May 15, 1941, in accordance with the By-Law adopted at Town Meeting on March 10, 1941. At the organization meeting of May 22, 1941 the regular members of the Board, Joseph W. Cassidy, Louis B. Tuck, and Ralph W. Green, met and appointed the Chairman, Joseph W. Cassidy, and the Secretary, Ralph W. Green, for a term of one year.

The first appeal case was heard on June 4, 1941, that appeal having been filed before the rules of procedure adopted by the Board had become effective, but from that date to November 3, 1941, when the last appeal for the year was heard, eighteen (18) additional cases were heard and passed upon. Many of these cases required inspections by the members of the Board, who have been pleased to donate their time and automobile expense for these trips.

Inasmuch as it is one of the duties of this Board to attend to the publication of notices of hearings, one of the rules adopted requires a fee of $5.00 from each appellee to cover the expense of publication and mailing. This rule was not affective at the time of the first hearing, but subsequently the sum of $90.00 was realized from the eighteen later cases, and remitted to the Town Treasurer.

The Finance Committee, on July 3, 1941, transferred the sum of one hundred dollars from the surplus account, for the use of this Board. We expended the sum of $52.36 for newspaper notices, mailing

to abutters, postage and envelopes, so that there is an unexpended balance of $47.64 remaining out of the fund of $100.00 allocated for our use.

THE BOARD OF APPEALS,
Joseph W. Cassidy, Chairman.

REPORT OF FIRE DEPARTMENT

To the Honorable Board of Selectmen and the Citizens
of the Town of Lynnfield:

Herewith I respectfully submit my annual report of the Fire Department for the year ending December 31, 1941:

The Department responded to 115 bell alarms and 15 still and telephone calls, making a total of 130 calls.

There were 10 building fires, 71 grass and woods fires, 5 false and needless alarms, 8 automobile fires, 2 dump fires, 3 chimney fires, 2 needless alarms, 2 truck fires, 1 oil burner fire, 21 small street and house grass fires. We responded to three out-of-town calls—Peabody, Lynn, Reading; two emergency calls.

The department laid 26,000 feet of 2½, 1½ and booster lines of hose and raised 428 feet of ladders. Seventy pony extinguishers and Indian pumps were used.

The total loss from building fires was approximately $10,800.00.

At this time I want to thank the people for our new truck, and say that we feel that the money was well expended, not only for absolute needs, but because we cannot get the same kind of a piece of apparatus today, for more than $1,000.00 additional cost.

Respectfully submitted,
WILLIAM W. MOXHAM,
Chief of Fire Department.

REPORT OF CHIEF OF POLICE

To the Honorable Board of Selectmen and
The Citizens of the Town of Lynnfield:

In preparing my report for the past year I must first of all apologize for any omissions or lack of detail which may occur. Due to my recent illness I have been kept from close contact with my department and therefore some details may be overlooked.

The past year has been a very busy one for the members of the department and all have been required to work many extra hours for

which no compensation was provided. This work has been done willingly and cheerfully by the officers, for which I am deeply grateful.

The police radio and cruiser have worked out to advantage even beyond my fondest hopes or expectations. There have been but two breaks in town during the past year which sets a new record and is but one of the many examples which, in my opinion, prove the worth of the constant vigil of an officer in the cruiser. I again invite any citizen of the town who has not availed himself of an opportunity to see and hear the radio in operation, to do so at his convenience. The officers will be pleased at any time to demonstrate how the radio works and its several advantages.

Following is a list of arrests and activities of the department during the past year:

1 Arson
1 Assault and battery
3 Drunkenness
1 Larceny of automobile
2 Escaped inmates
82 Automobile accidents
42 Automobile accidents, personal injuries involved
19 Ambulance calls
16 Buildings found open, made secure
82 Buildings reported vacant, protected
11 Cars investigated for other departments
2 Dead bodies cared for, human
36 Dead bodies cared for, animals
476 Defective street lights reported
1 Defective hydrant reported
3 Defective streets and walks reported
18 Dogs killed and cared for by police
6 Dogs turned over to Dog Officer
4 Injured persons assisted home
38 Injured persons assisted to hospitals
1 Insane person returned to hospital
1 Lost child cared for and returned to parents
28 Messages delivered
9 Sick persons assisted home
23 Street obstructions removed
7 Wires down reported
2 Runaway children located
28 Investigations for other departments
72 Complaints of children
32 Summonses served for other departments
12 Stolen automobiles recovered

12	Licenses to operate automobiles revoked
14	Registrations revoked
7	Registrations suspended
223	Automobile violations
3236	Messages broadcast

Chief of Police.

REPORT OF BUILDING INSPECTOR

To the Honorable Board of Selectmen,

Gentlemen:

I herewith submit my first annual report of the Building Department, ending December 31, 1941.
Permits issued, 114 as follows:

		Approx. Value
78	Dwellings	$365,775.00
8	Remodeling and Additions	3,825.00
4	Repairs	850.00
5	Garages	1,400.00
5	Poultry Houses	1,300.00
5	Business	3,700.00
9	Miscellaneous	1,900.00
		$378,750.00

The year 1941, as the above figures indicate, was the largest revenue producing period that the Town of Lynnfield ever has known. The problem of the more adequate enforcement of the Zoning and Building regulations is one worthy of the citizens' serious attention.

Respectfully submitted,

WILLIAM W. MOXHAM,
Building Inspector.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

The following articles were sealed:

3 Platform Scales
6 Beam Scales
3 Spring Scales
6 Computing Scales
2 Slot Weighing Scales
20 Liquid Measures
34 Gas Pump Meters
2 Oil Measuring Pumps

Fees collected $22.16.

Respectfully submitted,

GEORGE A. WESTOVER,
Sealer of Weights and Measures

REPORT OF SUPERINTENDENT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen:
Gentlemen:

The past year's work was carried along the same lines as in previous years. Woodlands were looked over for gypsy moth infestations and partly creosoted. The center part of the Town is good, except the northern part of Lowell and Chestnut Streets, also Main Street near the Middleton line. The south part of the Town had a general increase which was extremely heavy on the Turnpike, Salem, Summer and Walnut Streets, near the Saugus line.

Little spraying was done on these infestations because of such a small crew of men. The loss of the WPA men makes the work more difficult. There were no browntail moth webs found last year.

The elm leaf beetle was extremely heavy in private property, but was hardly noticeable on the street trees, which had been sprayed. This work is carried on under the supervision of the State Department of Conservation.

The State contributed $924.06 to the Town in money and supplies during the year.

I hope that extra money will be appropriated at the coming Town Meeting so that these infestations may be properly handled.

Respectfully submitted,

LYMAN H. TWISS,
Supt. of Moth Department

REPORT OF INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen.
Gentlemen:

Due to the shortage of paper the State has not sent any inspection books to Inspectors yet so no report is available.

Respectfully submitted,

ARTHUR W. BRYANT,
Inspector of Animals.

REPORT OF INSPECTOR OF MILK

To the Honorable Board of Selectmen.
Gentlemen:

I herewith submit my report as Inspector of Milk for the year ending December 31, 1941. I have inspected places where milk was kept for sale and issued licenses as required.

Number of Licenses, 27. Fees collected, $13.50.

Respectfully submitted,

ARTHUR W. BRYANT,
Inspector of Milk.

REPORT OF DOG OFFICER

To the Honorable Board of Selectmen.
Gentlemen:

I herewith submit my report as Dog Officer for the year ending December 31, 1941. I have answered 84 calls and disposed of 22 dogs. I believe all dogs in the Town have been licensed.

Respectfully submitted,

ARTHUR W. BRYANT,
Dog Officer.

REPORT OF TREE WARDEN

To the Citizens of the Town of Lynnfield:

At the last annual town meeting an appropriation was made for the care of shade trees.

This appropriation was used to take down dead trees and to trim up trees where there were dead and dangerous limbs; also trees where the branches were low and obstructed traffic along the highway. Some cavity work was done on trees that were bad.

An appropriation was made for the purchase and planting of shade trees. Sixty Norway maples and 6 Lindens were purchased and planted in different parts of the Town.

I hope that a much larger appropriation will be made at the next annual Town Meeting to carry on this work, and that another amount will be provided for the purchase of trees, to be set out along the highways.

Respectfully submitted,

LYMAN H. TWISS, Tree Warden.

REPORT OF HEALTH OFFICER

To the Honorable Board of Selectmen:

I herewith submit my report for the year ending December 31, 1941:

REPORT OF SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen.

Gentlemen:

The streets of the town were plowed and sanded during the winter months, when needed.

The usual work was done on gutters, catch basins and drains.

Good care of the streets that needed tar and sand was done in the usual manner.

We bought a new Dodge 2-ton truck, which, added to our equipment, was a great improvement.

Another stretch of Summer Street was completed under Chapter 90 funds. I sincerely hope that another stretch can be started the coming year.

Bushes were cut along most of the highways where needed.

Respectfully submitted,

MINOT H. CARTER,
Superintendent of Streets.

REPORT OF THE SURPLUS COMMODITY DIVISION OF THE LYNNFIELD WELFARE BOARD

To the Honorable Board of Public Welfare:

I hereby make my annual report of the Surplus Commodity Division of the Lynnfield Welfare Board.

Approximately thirty-five families have derived benefit from this assistance.

For your information, during the year 1941 this department distributed more commodities per relief case than in any previous year, though the total volume of commodities distributed was below previous years because of reduced relief caseload, and the expansion of the stamp plan program in many communities. The report of distribution activities in our community for the year 1941 is as follows: Direct distribution of food $2,311.61, clothing $884.45. The combined value of both food and clothing for the year 1941 was $3,196.06.

Below are the amounts of food and clothing received in the Town from the Salem Warehouse during the year 1941:

REPORT OF FEDERAL ACTIVITIES IN LYNNFIELD DURING 1941

To the Honorable Board of Selectmen.

Gentlemen:

WPA was suspended in Lynnfield on June 24, 1941, as unemployment was at a low ebb. At that time we were working on Moth Project #22715.

Moth Project #22715—Many acres of woodland were creosoted during the winter months and later sprayed. Lynnfield is still an infested area, bounded by cities and towns which are likewise infested.

Playground Project #16769—During 1941 considerable improvement was accomplished on the tennis courts. At a special Town Meeting money was appropriated for fencing the tennis courts and later in the season two units of tennis nets were bought and installed in concrete foundations. All the area within the tennis courts should be given, as soon as possible, a hard surface, so that the players may have more playing space.

Lynnfield should be grateful for the WPA assistance we have received in the past. The accomplishments have been of such benefit to the Town that I am sure further assistance will be gladly granted if the need arises in the future.

Respectfully submitted,

WESLEY W. MUNROE,
Sponsor and Referal Agent
for WPA.

REPORT OF THE SCHOOL COMMITTEE

Twenty-four meetings of the Committee have been held this past year.

In June, our esteemed chairman and secretary was taken seriously ill, and has been unable to carry on her duties with us. Up to the present time no one has been appointed to take her place, and the two remaining members have carried on. Her absence has been appreciably felt.

The greatest achievement of the year was the completion of the toilets in the Center School.

The wooden part of the Center School has been given three coats of white paint by a local painter.

At the start of the Christmas vacation, the boiler in the South School burst. It was made thirty years ago by a manufacturer not now in business and no parts could readily be found to repair it. The committee was fortunate in locating a heating contractor who was able to supply us with a new boiler, capable of handling any new building which might be constructed in the future. This was installed during the Christmas vacation and school opened on schedule, January 5, 1942.

The lower room on the south end of the South School always has been difficult to heat. While installing the boiler, the committee had the contractor look over this situation and was fortunate in having it remedied by very simple means and at small expense. Other attempts by heating contractors have failed to solve this problem.

It is hoped that the citizens will give serious consideration to the construction of a new school building in the south part of the Town, as repairs and maintenance are making the old building an expensive one. Furthermore, the ventilation system is very poor, making the building a health menace. It is also considered a fire trap and should be replaced as soon as possible.

Your committee has been faced with the problem of obtaining several new teachers during the past year, with one vacancy still not filled. It is felt that in order to obtain more efficient and experienced teachers the wage standard of the teaching staff should be raised. By comparison with other towns of like size it has been shown that Lynnfield is underpaying its teachers.

A hot lunch program for the Center School has been inaugurated, though not yet in working order. This program will benefit about 175 pupils.

A bus was added to the transportation system whereby the pupils of the South School, living east of the Turnpike, have been transported from and to school at the noon hour.

A standpipe has been installed in the wooden part of the Center

School, making available two lines of one and one-half inch hose for fire fighting purposes, and decreasing the insurance rates considerably.

At a meeting of Union #46 held in Hamilton this spring, two matters affecting your Town were brought to a conclusion. The first of these was the withdrawal of Hamilton from the Union, thus leaving Lynnfield, Topsfield and Wenham to carry on. Lynnfield shared the greatest percentage of the increased expense, though the Superintendent's salary was decreased $500. The second matter was the election of Mr. J. D. Whittier as Superintendent of the Union for the next three years. This vote was not unanimous. His salary was decreased from $4000 to $3500.

The chairman of this Union for the past and present years is Edward S. Averell, Lynnfield school committee, and the secretary is Mrs. Smith of the Topsfield School Committee.

Your committee has had the supervision of the playground activities during the past summer. Sessions were held every day from July 6 to August 15, inclusive, 9:30 to 11:30 and 1:30 to 3:00 at the Center and South schoolgrounds.

Registration for the season	South	115	children
	Center	96	children
	Total	211	children
Average Daily Attendance	South	35	children
	Center	25	children
	Total	60	children

Competent instructors were hired to teach arts, crafts and games. A field day completed the activities.

Your committee also has had the supervision of the Memorial playground. The tennis courts have been surfaced and permanent nets installed. After a season of play on them it is felt that an area for ten feet all around the outside of the courts should be surfaced in order to prevent serious accidents and give a better playing surface.

The ball field has been conditioned and major ball games were held there this past summer. Considerable work is still to be done on the base lines, provided the people of the town are willing to vote the money for this project.

The following table shows the growth of school registrants for the past six years:

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Madam and Gentlemen:

I have the honor of submitting to you my nineteenth annual report.

TEACHERS AND SCHOOL NURSE

Several changes have taken place in the teaching corps during the year. Miss Hazel Lambert resigned as principal of the South School to be married. Her position was filled by Miss Elizabeth Hill who found it necessary to relinquish her duties at the end of October, being given a year's leave of absence to regain her health. Mrs. Esther Getchell is now serving in this position.

Miss Olive Moulson resigned the first grade position at the Center to accept a similar position at Holden. Miss Doris Parker assumed duties in this position in September.

To fill the position in the fifth grade Miss Priscilla Berry was secured.

The large enrollment in the junior high school necessitated the services of an additional teacher. Miss Dorothy Waterman was secured for the position.

All the above teachers had several years teaching experience before coming to Lynnfield. I feel confident no mistake was made in securing their services, and trust they may remain in the employ of the school system many years.

On September 26, Miss Florence Stobbart, School Nurse, was called into Federal Service at Fort Devens. She has been granted a year's leave of absence which will doubtless be extended "for the duration" if she so requests.

This temporary vacancy has been filled by the election of Mrs. Jeanne H. Petersen, R.N., of Lynnfield, who is conducting the work most satisfactorily.

TEACHERS' SALARIES

For several years our salaries have been low to beginning teachers and increases have been small or not given at all. This has not made it possible to secure the best qualified teachers or to retain their services for more than a short time.

The Massachusetts Teachers' Federation is conducting a study of salaries paid teachers in the Commonwealth. A report from the Federation shows that fifty-two per cent of towns reporting pay men junior high teachers higher than paid in Lynnfield while sixty-two per cent of the towns pay higher salaries to women teachers.

Of the one hundred seventy towns reporting forty-two per cent pay higher salaries to elementary teachers than the average of $1235 per year now paid in Lynnfield.

It is very important that a high scholastic standard be maintained in our schools and to do so we must be able to pay salaries sufficient to secure the services of experienced teachers and annual increments must be given to retain their services.

Teachers belonging to the Massachusetts Teachers' Retirement System have been greatly disappointed to learn that the retirement allowance they had expected to receive when retiring between the ages of sixty and seventy has been reduced approximately sixteen per cent. In justice to the teachers, steps should be taken to amend the present retirement law to bring the retirement up to amount anticipated before the reduction was made, which becomes effective July 2, 1942.

INDUSTRIAL ARTS

We have been able to expand our offerings in this department since having the services of an extra teacher. Girls of the sixth, seventh, and eighth grades have been given sewing instruction six periods weekly for the first half year. During the second half year classes in cooking will be organized for the eighth grade and for the sixth and seventh if the cooking room is available, otherwise the two grades will continue their sewing for the balance of the year. It is my purpose to give one-half of the time devoted to industrial arts for girls in the sixth, seventh, and eighth grades to sewing and one-half to cooking. The industrial arts program for the boys of grades six, seven, and eight will occupy the same time as that for the girls but will at present be limited to woodworking only.

WOODWORKING ROOM

With the removal of the toilets from the basement, it has been possible to greatly enlarge our woodworking room. The boys of the three classes have devoted much of their class time to the removal of partitions, erecting other partitions, building of a supply closet for the school supplies, the building of bins for their projects and lumber racks as well as a wall cabinet for the tools. They will soon have the woodworking room completed and may well feel proud of the fact that they have such a satisfactory room for their work without cost to the town.

By gradually adding equipment to our industrial departments, we shall soon be well enough equipped to do most satisfactory work with both boys and girls.

TRADE SCHOOLS

Pupils who have taken training in the several trade schools during the past few years are now having an opportunity to profit financially from such training.

The number of applicants for industrial training has greatly decreased during the past year. Those not interested in pursuing a high school course at Wakefield should seriously consider entering one of

the trade schools, rather than accepting a position in an unskilled trade because the wages are good.

Trade Schools within commuting distance for pupils of Lynnfield are: Rindge Technical School at Cambridge, Boston Trade School for Boys, Boston Trade School for Girls, Medford Trade School, Somerville Trade School, Lynn Industrial School, Essex County Agricultural School for Boys, Essex County Homemaking School for Girls.

Pupils should be able to pursue a course of their choice in at least one of these schools. Tuition and transportation are both paid from town funds and therefore of no greater expense to the individual than a high school course.

HEALTH PROGRAM

The success of our health program depends largely upon the co-operation of parents, pupils and teachers with the school physician and nurse.

That there might be a better understanding of the quarantine requirements, the local Board of Health approved and adopted a set of "Minimum Quarantine Requirements" for guidance of parents and those employed by the health and school departments.

These requirements are of value only to the general health of all if enforced and therefore those in the employ of the school department are authorized to abide by the requirements at all times. The "Minimum Quarantine Requirements" are available at the school for those not already provided with a copy.

NATURE LORE

In November a course in Nature Lore was adopted for use in the schools. This course was first started in Hamilton, Wenham, and Topsfield in 1939. The following year it was extended to five other towns and at the present time is being used in nearly twenty towns and cities.

The Massachusetts Audubon Society provides an instructor who has a class consisting of the fourth and fifth grades at the Centre and one consisting of the fifth and sixth grades at the South once in two weeks.

Instruction consists of talks and discussions, the use of lantern slides, motion pictures, and field trips.

Some of the topics for lessons are insects, trees, seeds, hibernation, predators, the soil, water pollution, birds, wild flowers. The purpose of the course is to form in the minds of the pupils a sane and sensible attitude toward Nature Lore.

Teachers and pupils are both enthusiastic about the course as is shown by the many specimens, clippings, pamphlets, and books brought to the classrooms.

TOTAL WAR PROGRAM

This generation of pupils is experiencing that which no other generation of American pupils have ever experienced. They are all called upon to render service for the protection of themselves and others and to share in responsibilities incumbent upon everyone who expects the rights of American citizenship. Through instruction given in the current events program, physical science classes, social science classes and others, they are learning much about the "Total War Program" which is of inestimable value to them as citizens in the making.

It will soon be the duty of those now in our several educational institutions to carry on to fulfillment that for which this generation of adults is waging this war.

At the present time all pupils are being given instruction in "Air Raid Precautions." Other necessary instructions will be given as occasion demands.

Drills for evacuating all pupils from the building during air raids are now being carried out in conjunction with the Wakefield School Department as it is necessary to use school buses for both grades and high school pupils.

Parents may rest assured that teachers will at all times do all within their power for the best interests of the pupils.

INTERPRETING THE SCHOOL TO THE PUBLIC

Teachers are always available after the close of school to confer with parents regarding progress of pupils. Appointment to confer with the school nurse may be made directly or, if necessary, through the principal.

During the past year "Pictures in Pantomime" was staged by the teachers and Mrs. Eaton, Art Supervisor, to acquaint parents with the work we are doing in the Art Course, with particular stress upon appreciation of the great masterpieces.

At the Centre School a "Hobby and Craft Show" was staged in May to give those interested in a hobby the opportunity to exhibit the same and thereby interest others to start a hobby.

During Education Week parents were invited to the Centre School to observe regular classroom activities. The observance of Education Week at the South School was held on November 14, and grades two and three gave the "Vitamin Parade." Grades four and six had a musical program devoted to "Folk Songs of America." Grade five gave two short plays: "Gold in California" and "Daniel Boone's Snuff Box."

Our Lynnfield Football Team of the junior high was defeated but once and in another game won from the team having given the defeat. This gave our team a tie for first place.

At graduation the "Mikado" was given by the junior high pupils under the direction of Miss Maude Thomas, Music Supervisor.

From reading the above, one might think we have neglected the "three R's" in our school program. The "three R's" are taught daily in every subject as a basis for whatever else we may do in school. Activities in which music, art, crafts, physical training, and dramatics are stressed give an outlet to the formal training in school and a preparation for participation in the same in adult life.

PLAYGROUNDS

Our two playgrounds were supported by public funds for the first time during this year. The appropriation of $550 was adequate to provide for a man and woman at each playground for instruction of children and for an attendant at each playground to care for the smaller children. Some equipment was also purchased for the playgrounds.

Two hundred eleven different children were enrolled. The average daily attendance was thirty-five at the South and twenty-five at the Centre.

During the period of six weeks the playgrounds were in operation, there were no serious accidents.

I anticipate the special appropriation for the playgrounds will be voted this year and if so I believe it will be possible to maintain them for a longer time and to enlarge the program of activities.

CONCLUSION

The past year has been one of our banner school years. Every individual connected with the department has given the best in him or her for the progress of the schools.

Pupils have been generally regular in attendance, interested in their work, and therefore much has been accomplished. Parents have assisted as individuals and through the Parent Teacher Associations.

Especially do I appreciate the generous support and encouragement of the members of the School Committee.

Respectfully submitted,

JOHN D. WHITTIER,
Superintendent of Schools

REPORT OF SCHOOL NURSE

To the Superintendent of Schools,
Lynnfield, Massachusetts.
Dear Sir:

I herewith submit my report as school nurse in the Town of Lynnfield from October 7, 1941, to January 1, 1942.

Total enrollment, 314.

The general health of pupils of both schools seems to be above average. However, it is important that both children and teachers showing any signs of illness remain away from school until they are well. In this way we can keep from having serious epidemics.

I wish to thank all members of the school faculty, parents, pupils, school physician, and all other health authorities for their kindness and co-operation.

Respectfully submitted,

JEANNE H. PETERSEN, R.N.
Acting School Nurse.

NO SCHOOL SIGNAL

In case of no school for the day in grades or high school, announcement will be made by Station WNAC between seven and eight o'clock.

AGE OF ADMISSION

No child will be admitted to the first grade at the opening of school in September, who was not five years of age on or before the first day of April preceding his entrance.

Pupils are admitted to this grade only during the first two weeks of school in September, unless they have attended school in some other town.

VACCINATION

Children who have not yet been vaccinated will not be admitted to school in September unless they present a certificate from a regular physician stating that they are not fit subjects for vaccination. Parents are requested to attend to this matter during the summer vacation as exemption must be presented at the opening of school to entitle the children to admission.

HONORS

At the close of schools in June special awards to pupils were made as follows:

Perfect attendance certificates	27
Penmanship certificates	66
Reading certificates	111

CLASS POEM

I

We Can Because We Know We Can
Is our motto, long, but true,
And when we go to Wakefield High
We'll follow it through and through.

II

We've worked hard at Grammar School
From grade eight right down to one,
And we're telling you folks of Lynnfield
We're proud to be the Class of '41.

III

While the bombs are dropping
Far across the sea,
We turn to that Grand Old Flag and say,
"We're proud as we can be."

REPORT OF LIBRARY TRUSTEES

To the Citizens of the Town of Lynnfield:

During the past year your Trustees have again endeavored to operate the Public Library in as efficient a manner as possible.

In these days, when we are fighting for our liberties, it is essential that the Library be maintained in an effective manner, in order that the great privilege of a free press may be enjoyed by our citizens to the fullest extent.

The reading of good literature is an education. Good fiction offers an easy study of history, geography or habits of people over the whole world. Biographies give us character studies and teach us how great men met problems similar to those which might perplex us in our everyday lives. Books on philosophy, sociology, economics, current events, etc., give us a picture of a changing world and the reasons therefor.

To remain great and free, Americans must be educated in order that they may detect any subversive influence, no matter where it may come from. The only way to obtain a broad viewpoint is by reading the right kind of literature, and it is the function of the Public Library to provide this to the best of its ability.

Your Trustees will therefore attempt to maintain the Library on the same plane as heretofore, and in order to do so, have requested a small increase in the Library appropriation, which, we trust, will be granted.

Respectfully submitted,

WILLIAM W. GRACE,
MALCOLM C. EATON,
RUDOLF P. SCHLENKER,
Trustees of Public Library.

REPORT OF CEMETERY COMMISSIONERS

To the Citizens of Lynnfield:

The Cemetery Commissioners report all five cemeteries have been given general care.

At Forest Hill Cemetery some grading was done on an unimproved section, but we were unable to make any major improvements due to lack of funds.

At Willow Cemetery considerable improvement was made on certain avenues and adjoining lots, and it is hoped that further work may be done as funds are available.

Respectfully submitted,

CEMETERY COMMISSIONERS.

ACCOUNTANT'S CERTIFICATE

An examination has been made of the cash and securities in the various trust funds in the hands of the Town Treasurer and they were found to be as stated in that officer's report.

I certify that the books of the Town agree with the cash receipts as reported by the Treasurer and that the payments, by the various departments, were as stated in the foregoing report.

The foregoing balance sheet as of December 31, 1941, correctly sets forth the financial condition of the Town on December 31, 1941, and is in agreement with the books and accounts.

CARL H. RUSSELL,
Town Accountant.

January 28, 1942.

REPORT OF BOARD OF SELECTMEN

To the Citizens of the Town of Lynnfield:

Your Board of Selectmen respectfully submit their report for your consideration, for the year ending December 31, 1942.

During the month of January, the annual budget involved considerable time, as did the preparation of the articles proposed for the Warrant to be submitted at the annual Town Meeting in March.

In the early part of the year many other important matters were brought to the attention of your Board, among which was the matter

of the Town fire insurance. Coverage on all Town properties was placed under a blanket policy, which affords the Town uniform coverage at a very substantial saving in premiums.

The Board was successful in obtaining Bus Service from Lynnfield Center to Lynn, and also to Wakefield, after requests were received from residents in that section. Arrangements also were made with the Boston and Maine Transportation Co. whereby buses on the Turnpike accommodated commuters between Boston and Lynnfield, and other stops.

Your Board notes with great regret that it has been necessary for the management of the Community Bus Service to curtail the service from Lynnfield Center because of the lack of patronage, and we respectfully suggest that a continuation of the service will depend on the cooperation and patronage of those served by the schedule.

In accordance with the provisions of the Law, the Selectmen met with the surviving members of the Board of Assessors, after the untimely death of Mr. Charles Jones, to elect a successor to fill the vacancy. Mr. Albert E. Brown was elected by written ballot, receiving four out of the five votes and was duly sworn into office.

Your Board also appointed citizens of the Town, their names appearing elsewhere in this report, to serve as Auxiliary policemen, in accordance with the powers granted under Chapter 719 of the Acts of 1941, which provided for the Safety of the Commonwealth in time of Military Emergency. The powers and duties of these Auxiliary Police were then determined by this Board in accordance with the authority vested in us.

Provisions have been made at the Town Hall for an office for the Rationing Board, whose duties have increased and will undoubtedly continue to increase in view of present conditions. This arrangement required the alteration of the "check room" on the first floor of the Town Hall, and resulted in the creation of two new offices for the use of the various Town departments.

We again registered our objection to the continuance of bill boards on the State Highways, which traverse our community.

Permits were granted for the location of new poles for the various public service companies, to improve the telephone and electric light service for the inhabitants.

For the further safety of the citizens, the Board authorized daily tests of the fire alarm system, to insure its efficiency.

Traffic regulations were amended to reduce the accident hazard at two points on Salem Street, and Grove Street and Fairview Road were made "Stop" streets at their intersection with Salem Street.

The curtailment of fuel for heating Town buildings required us to limit the use of these buildings to those organizations engaged in activi-

ties related to the war effort. We regret the necessity which compelled our decision, but we feel that present conditions allowed us no other choice in the matter.

We are pleased to report the acquisition by the Town of a new, completely equipped and modern ambulance. This was made possible by the generosity of Mr. and Mrs. Stanley W. Heath of Chestnut Street who presented the ambulance and the equipment to the citizens of Lynnfield, and in view of the innumerable errands of mercy where it has been of inestimable value, we feel certain that every citizen of Lynnfield joins your Board of Selectmen in expressing their appreciation of the unusual gift.

The members of the Board of Selectmen are very proud of the record made by the various department heads during the past year. The annual Town Report will demonstrate the efficient and economical manner in which they administered the affairs of their various departments. Every department not only stayed within their appropriations —they have turned back a substantial amount, and the unexpended funds which revert to the Excess and Deficiency Fund will aid in building up a reserve which will stand us in good stead in later years.

Respectfully submitted,

RECORD OF PERAMBULATION OF BOUNDS BETWEEN LYNNFIELD AND WAKEFIELD, 1942

We the undersigned Selectmen of the Towns of Lynnfield and Wakefield, Massachusetts, in compliance with Chapter 42, Section 2 of the General Laws, met Sunday, November 8, 1942, at the corner of Haverhill Street and Bay State Road for the purpose of perambulation of the bounds between said towns.

We proceeded to the Rifle Range and viewed a stone monument, a true marker of the Town line between Reading, Wakefield and Lynnfield.

This marker is situated 11 feet northerly from the center of a road in the Rifle Range, and marked L-SR-R. This monument was found in excellent condition.

We then proceeded in a southeasterly direction to Corner Four which is marked by a granite monument situated on high land a short distance from Bay State Road through a gravel pit, and about 775 ft. from the junction of Bay State Road and Main Street, Lynnfield.

This marker was found to be in good condition.

The party then proceeded in a southerly direction to Corner Three, which is located in the bed of the Saugus River, and marked by a pin set in the top of a bolder in bed of said river. This true marker is located from a witness mark consisting of a granite monument about four feet high, marked L-W and W-M-1922, which is situated about ten feet from the true marker in a westerly direction and is about 470 feet from the intersection of Main Street, Lynnfield, and Vernon Street, Wakefield.

This marker was found to be in good condition.

We then proceeded in an easterly direction along the Saugus River to the Boston and Maine Railroad Bridge, and located a marker at Corner Two, which consists of a cedar post, unmarked, situated on the northerly bank of said river, twenty-eight feet from the center of said railroad tracks.

This marker we found difficult to locate, it being nearly covered with water and completely covered with meadow grass. We recommend the placing of a new and more permanent monument at this point, same to be done by the Town of Lynnfield.

The next bound we attempted to locate is situated in the middle of the Saugus River in an easterly direction from Corner Two, unmarked but is located from a witness mark consisting of two cedar posts about one foot high, located on the bank of the river twelve feet from true point.

This bound could not be located due to the high water in this so-called Reedy Meadow. This marker will be located later by the Lynnfield Board and a more permanent marker placed there.

We then proceeded in a southerly direction along the Saugus River to the intersection of the Saugus, Wakefield, and Lynnfield lines, an unmarked point in the middle of the Saugus River about twenty feet from the witness mark consisting of a granite monument marked L-W and S-1901 situated eight feet from the easterly bank of river.

This marker was found in excellent condition.

REPORT OF BOARD OF APPEALS ON BUILDING AND ZONING LAWS

December 31, 1942

To the Board of Selectmen,
Lynnfield, Mass.

Gentlemen:

We are pleased to submit our annual report for the period ending December 31, 1942.

During the year, the Board conducted hearings on eight cases, involving appeals from decisions of the Building Inspector. No other cases were presented to this Board. The reduction in building activity has accounted for the fewer cases during the past year.

The Board was allowed a budget for operating expenses of $100.00 and of this amount, we expended the amount of $21.05 for publication of notices, etc.

There remains unexpended the sum of $78.95, and in addition, the sum of $40.00, representing the fees collected, has been turned over to the Town Treasurer.

Respectfully submitted,
JOSEPH W. CASSIDY, Chairman.

REPORT OF TOWN COUNSEL

To the Honorable Board of Selectmen,
Lynnfield, Mass.
Gentlemen:

I respectfully submit my first report as your Town Counsel for the period ending December 31, 1942.

During my incumbency, much of my work has been of advisory nature to the various Town Departments, but there have been several collections which have been made for the office of the Tax Collector. There were two proceedings at the Superior Court in Salem, one involving a dismissal of an old action, and the other involves the defense of a claim made by a neighboring municipality.

There were twenty-one written opinions given to heads of various departments at their request. The Town is remarkably free from litigation, which I believe may well be attributed to the manner in which the various departments are conducted. There were a few cases where claims were attempted but were finally disposed of without expense.

Respectfully submitted,

JOSEPH W. CASSIDY,
Town Counsel.

REPORT OF POLICE DEPARTMENT

To the Honorable Board of Selectmen:

The report of the Police Department for the year ending December 31, 1942 is as follows:

4 Assault and Battery
8 Drunkeness
1 Escaped Inmates
1 Carrying Gun Without Permit
2 Larceny of Automobile
2 Larceny
3 Breaking, Entering and Larceny

It will be noted that there have been several more arrests than in previous years.

Summons secured and served:

6 Delinquency
2 Assault
1 Illegal Storage of Gasoline

Other activities:

38 Summons Served for Other Departments
15 Investigations for Other Departments

38 Automobile Accidents
114 Motor Vehicles Violations
85 Motor Vehicles Transfers
91 Vacant Buildings Protected (Temporary)
3 Missing Persons Located
6 Lost Children Located
396 Street Lights Reported Out
9 Driving Licenses Suspended
11 Auto Registrations Revoked
$1,045.00 Lost property Recovered
48 Ambulance Calls
1 Escaped Inmate
2 Commitments

Note, that had it not been for the generosity of Mr. and Mrs. Heath in donating an ambulance to the town these calls would have incurred an expense of $400.00.

We have answered in all 775 complaints which required the attention of the police.

Respectfully submitted,

EVERETT S. WEBSTER,
Chief of Police.

REPORT OF FIRE DEPARTMENT

To the Honorable Board of Selectmen and the
Citizens of the Town of Lynnfield:

Herewith I respectfully submit my annual report of the Fire Department for the year ending December 31, 1942:

The Department responded to 62 bell alarms and 3 still and telephone calls, making a total of 65 calls.

Under our mutual aid system, we responded to the Malvern Hall fire in Lynn, and 4 building fires in Peabody.

There were 7 building fires in our town, 1 railroad fire, 37 brush and grass fires, 3 chimney fires, 3 still and telephone call fires, 4 automobile fires, 3 needless and 2 false alarms. We also responded to 2 emergency calls. We stretched 6800 feet of 2½" lines, 2750 feet of 1½" lines, 6200 feet of booster lines; used 450 gallons of soda and acid chemicals, about 2 gallons of Pyrene, raised 150 feet of ladders, and used approximately 30 Indian pumps.

The total loss from building fires was about $4,500, a small amount of which was uninsured. I would call your attention to the fact that

we should consider an appropriation for the extension of the fire alarm system and additional fire alarm boxes, as soon as materials for such work can be obtained.

Respectfully submitted,
WILLIAM W. MOXHAM,
Chief of Fire Department.

REPORT OF BUILDING INSPECTOR

To the Honorable Board of Selectmen:
Gentlemen:

I herewith submit the annual report of the Building Department ending December 31, 1942:

Seventy-six permits were issued as follows:

		Approx. Value
25	Dwellings	$114,000.00
20	Remodeling and Additions	6,910.00
15	Repairs	3,840.00
3	Garages	700.00
5	Poultry Houses	420.00
1	Business	1,000.00
7	Miscellaneous	1,312.00
76		$128,182.00

Respectfully submitted,
EDWARD C. PEARSON,
Building Inspector.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

The following articles were sealed during the year of 1942:

Platform Scales	3
Beam Scales	2
Spring Scales	5
Computing Scales	4
Slot Weighing Scales	2
Liquid Measures	19
Gasoline Pump Meters	34
Oil Measuring Pumps	2
Counter Scales	1

Fees collected and turned over to the Treasurer, $22.84.

Respectfully submitted,
GEORGE A. WESTOVER,
Sealer of Weights and Measures.

REPORT OF SUPERINTENDENT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

The past year's work was carried along the same lines as in previous years. Woodlands were looked over for gypsy moth infestations and partly creosoted. The gypsy moth shows a slight decrease over last year. The center part of the Town is very good with only scattering infestations on Lowell, Chestnut and Main Streets. The south part of the Town also remains good except for a quite heavy infestation on Walnut Street near the pond. There was very little spraying done in woodlands because of the scarcity of men. There were no browntail moth webs found during the year. The elm leaf beetle was quite heavy on private property.

All of the above work is carried on under the supervision of the State Department of Conservation. The State contributed $842.20 to the Town in supplies during the year.

I hope that extra money will be appropriated at the coming town meeting so that these infestations may be properly handled.

Respectfully submitted,

LYMAN H. TWISS,

Superintendent.

REPORT OF TREE WARDEN

To the Citizens of the Town of Lynnfield:—

At the last annual town meeting an appropriation was made for the care of shade trees. This appropriation was used to take down dead trees and trim trees where there were dead and dangerous limbs, also, branches were removed where they were so low as to obstruct traffic along the highways. There is still a large amount of such work to be done which is very slow and costly.

I hope the people of the Town will make an appropriation to plant some new trees in various parts of the Town.

The trees along the streets look very good as a whole, but I hope the appropriation will be much larger so that more work can be done along these lines.

Respectfully submitted,

LYMAN H. TWISS,

Tree Warden.

REPORT OF INSPECTOR OF MILK

To the Honorable Board of Selectmen:
Gentlemen:

I herewith submit my report as Inspector of Milk for the year ending December 31, 1942.

I have inspected places where milk was kept for sale and issued licenses as required.

Number of licenses issued, 23. Fees collected, $11.50.

Respectfully submitted,
ARTHUR W. BRYANT,
Inspector.

REPORT OF DOG OFFICER

To the Honorable Board of Selectmen:
Gentlemen:

I herewith submit my report as Dog Officer for the year ending December 31, 1942.

I have answered 90 calls and disposed of 42 dogs.

Respectfully submitted,
ARTHUR W. BRYANT,
Dog Officer.

REPORT OF HEALTH OFFICER

To the Honorable Board of Selectmen:

REPORT OF SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen:
Gentlemen:

The usual maintenance work throughout the town was carried on.

We were lucky to have less work on plowing and sanding of roads due to the weather.

The following jobs were completed: Prospect Avenue was rebuilt and surfaced. Sylvian Circle, Laurel Road and Homestead Road were re-surfaced.

Due to shortage of labor, some jobs were not even started.

Respectfully submitted,

MINOT H. CARTER,
Superintendent of Streets.

REPORT OF THE SURPLUS COMMODITY DIVISION OF THE LYNNFIELD WELFARE BOARD

To the Honorable Board of Public Welfare:

I hereby make my annual report of the Surplus Commodity Division of the Lynnfield Welfare Board.

Approximately twenty families have derived benefit from this assistance.

Owing to better working conditions our case load is down from last year and the amount of commodities received has been lessened due to the demand of War Activities.

Below are the amounts of food and clothing received in the Town from the Salem warehouse during the year 1942.

REPORT OF THE SCHOOL COMMITTEE

Upon the recommendation and supervision of the School Committee two major projects have been completed this year.

1. Fire escapes have been installed on the north and south ends of the South School building in compliance with the regulations of the State Department of Public Safety.

2. A school lunch program was instituted at the Center School and operated from May 18 to the end of the year. There were 19571 meals served to children and 1973 meals to teachers. At five cents per meal, $893.06 was taken in and turned over to the Town Treasurer for the year. Free lunches were served to needy children. There was on hand at the close of the year $374.96 worth of food (exclusive of surplus commodities) and $24.74 in supplies. $1215.41 was expended for this project. The latest reports will allow this project to continue next year and it is hoped that we can do so.

Due to the increased enrollment it has been necessary to furnish the basement rooms used for gym and meeting purposes for class rooms. Priorities and lack of materials have prevented the completion of the additional heating systems for these rooms.

Storm windows have been installed on the room which is now being used and comply with the State Department of Public Safety regulations. These also help to conserve fuel and it is hoped to add others from time to time.

The townspeople should give serious consideration to added schoolroom facilities at the Center School. The use of these rooms in the basement is allowed by the State Department of Public Safety because of emergency conditions only, and as soon as these conditions return to normal other quarters for class rooms will have to be found. Enrollment at this school is now well over 250 pupils.

Teacher turnover was exceptionally high this year. Due to increased taxes, high cost of living, and a desire to keep our present force of teachers intact, your committee has voted a 10% increase on all teachers' salaries. This is in line with nearly all surrounding communities, many of which have given bonuses as well as the regular increase in salaries.

The heating system at the Center School is being converted from oil to coal in accordance with the national effort to conserve fuel oil.

Consideration has been given to the possibility of one session for both schools.

Regular maintenance only has been given to the Memorial Playground this year. The committee would like to have some money to properly fix the baseball diamond and tennis courts, but feels that this may not be the proper time to do such work.

Supervised playground instruction was continued during the summer months. Pupils at both grounds were given the benefit of the hot lunch program.

SUPERINTENDENT'S REPORT

Members of the School Committee:
Madam and Sirs:

My twentieth annual report is herewith submitted for your consideration.

Enrollment January 1, 1943

Center School	232
South School	99
Lynn Sight Saving Class	3
High School	
Wakefield	98
Lynn Vocational	1
Trade School	
Essex Agricultural School	1
Total	434

Our present enrollment of three hundred thirty-one in the South and Center Schools is seventeen larger than one year ago. This has necessitated maintaining a home room in the basement at the Center School.

Our largest enrollment in the two schools at any one time has been three hundred forty-five.

It is quite possible that with the opening of schools next September we shall find it necessary to use a second basement room for a classroom. This will require the services of one extra teacher and necessitate purchasing complete equipment for the extra room.

TEACHERS AND SCHOOL NURSE

The following resigned during the past year: Elizabeth Hill, June Tilton, Ruth Rand, Beatrice Mitchell, Gladys Andersen, Mary Collinson, Doris Parker, Mrs. Jeanne Petersen.

Vacancies were filled by the election of the following: Mrs. Katherine Morrill, Mrs. Retta Lovejoy, Ernestine June Dakin, Dora Jean Coffin, Anna Austin, Babette Horn, Bernice Stanwood, Mrs. Lucy E. Lindquist.

Regardless of the efforts made to retain teachers we must realize that for the duration and sometime thereafter there will be frequent changes in the teaching corps. The time has come when it is very difficult to secure teachers to teach special subjects and the number available for teaching in the elementary grades is alarmingly small.

Training institutions for teachers have small enrollments and as a result the number of trained teachers provided us annually will be small.

Social life, better means of transportation and higher salaries seem to attract our teachers to the cities. With the recent curtailment in the use of gasoline we have another reason for teachers to be desirous of living in city surroundings.

SALARIES

Our teachers must be retained if our school is to render effective service in the war program. National practice favors increases "to eliminate gross inequalities, to remove sub-standards of living, and to aid in the effective prosecution of the war."

The National Education Association which is interested in having every community provided with the best possible educational system states, "The total cost of living has already risen 19 per cent since the war began in Europe. Food has risen 35 per cent, and clothing 25 per cent. The wages of factory workers have gone up 59 per cent while the salaries of teachers have increased only 7 per cent."

According to the Massachusetts Teachers' Federation publication, "'The Massachusetts Teacher," one hundred thirty towns and cities had given general salary increases to school department employees prior to November, 1942. Neighboring towns and cities have given very generous increases in salaries to their school teachers since the opening of school last September. Teachers need increases in salary to meet the increased cost of living.

Our children and our school will benefit by such increases as such should make it possible to retain the services of our present teaching corps.

TEACHERS IN WAR EFFORT

We have been extremely fortunate in not yet losing any of our corps of teachers to war service. However, without exception they have most generously contributed of their time to registration work, rationing, warden work, the Red Cross, transportation work and in other branches of service as opportunity has presented itself.

Teachers state they not only enjoy rendering such patriotic service but they feel it gives them an opportunity to meet and better know the adults of the town.

Mention should here be made that in the rationing work several adults have assisted that many of the teachers living a distance from Lynnfield should not be required to return in vacation time to assist in the rationing program.

Our teachers have assisted in the rationing program in their home towns when not in Lynnfield.

OUR WAR EFFORT

This is not a war in which we find only public officials and our armed forces endeavoring to bring peace to our nation and other nations.

It is everyone's war and therefore we expect everyone — child and adult — to do his patriotic duty.

Our pupils are aiding in the war effort through scout organizations, in the purchase of stamps and bonds, in the collection of salvage materials, in Junior Red Cross activities, in production and in performing duties to release adults for other activities. Wherever the opportunity presents itself we find a goodly number of our pupils responding to service. Participation of the pupils in the war effort can be greatly influenced by the example set by adults, particularly by parents and teachers.

Teachers without exception have taken on one or more activity in connection with the war effort.

In the "Rationing Program" teachers have done most excellent work. Although the school routine has been badly disrupted during the several rationing periods I firmly believe no one group of individuals was better qualified to carry out the rationing program in the manner prescribed than the teachers and therefore justification for depriving pupils of class room opportunity to perform a patriotic duty for our government.

Our pupils and teachers will be found participating wherever there is need for their services in our War Effort.

SUMMER PLAYGROUND

The third annual playground project was maintained last summer at the Center and South schoolgrounds. Although considerable difficulty was experienced in securing instructors we were able to provide a very complete program of activities to two hundred thirty-seven different children. The average daily attendance at the South was thirty-nine, while at the Center it was twenty-eight.

Children from both playgrounds were provided lunches at a nickel each at the Center School where the WPA lunch project is maintained.

To provide qualified instructors for the playgrounds there should be a larger budget for salaries if the playgrounds are to be maintained

six weeks as previously. Otherwise it may be necessary to cut the number of weeks in order to have funds to pay the instructors.

The large number of pupils patronizing the playground convinces some parents and pupils appreciate the opportunities offered and would therefore not desire to have the number of weeks' maintenance of the playground shortened.

SCHOOL LUNCH PROGRAM

For approximately six months a school lunch program has been maintained at the Center School. About two hundred twenty-five children avail themselves of the opportunity to purchase their mid-day meal at the nominal price of five cents. Under the supervision of Mrs. Preston and her assistants, most satisfactory meals are provided the children. A check-up on the increase in weight of children since the school lunch program was inaugurated proves that it has been very beneficial to the children.

Although the present Government set-up for the lunch program will be discontinued at the end of the school year, it is quite possible a lunch program can be maintained through assistance from the Lanham Act, which provides Federal funds for the same in connection with funds from the local school department.

ACADEMIC WORK

To more evenly distribute the teaching load among the teachers at the South School the work has been departmentalized. By so doing subjects were given teachers who were especially qualified to teach them.

Assignment of work is now as follows:

Mrs. Morrill has Social Science; Mrs. Lovejoy has Arithmetic; and Miss Dakin has Reading.

All classwork at the Center in grades one through five is taught by the regular grade teacher. In grades six through eight the work is departmentalized.

As a result of war effort curricula requirements in secondary schools have been quite materially changed. Particular emphasis is being given the sciences, mathematics, and physical training to properly fit those who may be inducted into the service, the necessary background to assume their responsibilities. Thus the war effort has affected the secondary schools. Whether or not at the close of the war emphasis will be given other subjects than the sciences, mathematics, and physical training is problematical.

Although the war effort has not materially affected the work of the elementary and junior high schools it has provided an opportunity to teach citizenship in a very concrete way.

Pupils are taught about our government and what it does for us and what we should do for it. Practically all of the pupils have a relative in the service which tends to create interest in the service and in the part of the world where the relative is serving his country.

They become intensely interested in serving in any way connected with the war effort and thus a spirit of patriotism is aroused in them.

Through participation in Junior Red Cross, the Scout organization, War Savings, collection of salvage materials, 4-H Club work, and in work which relieves adults to do war work, pupils are performing their patriotic duty.

CONCLUSION

In conclusion I wish to express my appreciation to all who have in any way contributed to making the past year one of value to the education program.

Respectfully submitted,
JOHN D. WHITTIER,
Superintendent of Schools.

REPORT OF SCHOOL NURSE

To the Superintendent of Schools,
Lynnfield, Massachusetts.

Dear Sir:

I hereby submit the report as School Nurse from November 4, 1942. Result of Physical Examinations by Dr. Ralph N. Brown, M. D., School Physician:

Defects:

Tonsils	8
Posture	4
Nervous system	3
Moderately enlarged glands	18
Teeth	4
Alopecia	1

Result of Eye and Ear Examination to date:

Defective vision not corrected by glasses	9
Defective hearing	5

Correction of Defects:

Correction by glasses	3
Number of home calls	6
Number of first-aid dressings	18
Number of consultations with parents by telephone	16

Number of consultations with teachers, pupils, parents, health agents 72
Number of classroom inspections 14
Number of communicable diseases of the students reported:
Chicken-pox 28
Mumps 6

Miscellaneous Illnesses:
Dogwood 1
Verruca 2
Tinea circinata 1
Herpes simplex 4
Acne 6

The general health of the students has been very favorable, which I feel is due to a great extent to the fine supervision of the teachers and the co-operation of the parents.

I wish to thank all members of the school faculty, the school physician, parents, health officers and pupils for their courteous co-operation.

Respectfully submitted,
LUCY LINDQUIST, R. N.,
School Nurse.

To the above report of Mrs. Lucy Lindquist, School Nurse, which covers the period of November 4 to December 31, 1942, is added the report of Mrs. Jeanne Peterson who served as school nurse from January 1 to June 30, 1942.

To the Superintendent of Schools,
Lynnfield, Massachusetts.
Dear Sir:

I hereby make the following report on my work as school nurse:
Correction of Defects:
Tonsils 2
Correction by glasses 6
Operation on enlarged glands 1
Number of Dental Certificates 22
Number of Optical Certificates 3

Through the co-operation of the teachers I was able to get good response from the "Defect Slips" sent out.

Number of home calls 87
Number of first-aid dressings 113
Number of consultations with parents by phone .. 42
Number of consultations with teachers 56
Number of consultations with individual pupils .. 22
Number of other consultations 120

Communicable Diseases:

Chicken-pox	15
German measles and measles	40
Scarlet Fever	2
Mumps	8

Miscellaneous Illnesses:

Ivy	12
Dogwood	2
Pediculosis	3

Lynnfield was able to send one child to the Essex County Health Camp.

The large increase in communicable diseases, I feel, was not due entirely to unavoidable circumstances. More rigid enforcement of your present Quarantine Requirements, as well as some adult education on the need for the above, may help.

If it were possible I think it might be worth while to have all pupils given the Van Pirquet Test, and a record kept for future reference.

Respectfully yours,

JEANNE L. PETERSON,
School Nurse.

NO SCHOOL SIGNAL

In case of no school for the day in grades or high school, announcement will be made by Station WNAC between seven and eight o'clock.

AGE OF ADMISSION

No child will be admitted to the first grade at the opening of school in September, who was not five years of age on or before the first day of April preceding his entrance.

Pupils are admitted to this grade only during the first two weeks of school in September, unless they have attended school in some other town.

VACCINATION

Children who have not yet been vaccinated will not be admitted to school in September unless they present a certificate from a regular physician stating that they are not fit subjects for vaccination. Parents are requested to attend to this matter during the summer vacation as exemption must be presented at the opening of school to entitle the children to admission.

HONORS

At the close of schools in June, special awards to pupils were made as follows:

REPORT OF LIBRARY TRUSTEES

To the Citizens of the Town of Lynnfield:

War conditions are showing their effect upon the activities of the Library and your Trustees are keeping a close watch on various trends in order to serve our citizens to the best possible advantage.

Although our circulation in 1942 was slightly larger than in 1941, the character of this circulation has changed somewhat. Due to gasoline rationing, borrowers who live a considerable distance from the Library used our facilities less, while those who lived nearer borrowed more books.

It is still too soon to know how the recent ban on pleasure driving will affect us. However, we believe that people will use the Library more than ever, due to the fact that they must spend more time in their homes and will therefore read more, both for education and relaxation.

This may place a much greater burden upon the Library than at present anticipated, but the Trustees will attempt to meet all demands as far as they can with the funds at their disposal.

Respectfully submitted,
WILLIAM W. GRACE,
MALCOLM C. EATON,
RUDOLF P. SCHLENKER,
Trustees of Public Library.

REPORT OF MAIN LIBRARY

FOR 1942

Number of book patrons	361
Number of magazine patrons	51
Number of books loaned	6919
Number of magazines loaned	421
Borrowed of Division of Public Libraries	3
Received in fines	$50.95
Number of magazines subscribed for	8
Number of books bought	186
Number of books given	14

Books have been given by:

Dana H. Ash, William Russell, State, Mrs. Charles Van Ummerton and Miss I. Virginia Lyons.

Magazines have been given by:

Mr. and Mrs. John Ward, Mr. and Mrs. W. I. Olmsted, M. C. Eaton, C. H. Russell and Christian Science Church of Reading.

The Main Library and the Branch together responded to the call of the Victory Book Campaign and collected and sent in the early part of the year 623 books. There is now a call for more books from the libraries throughout the state for the Victory Book collection. May we do all we can.

We have loaned books to the schools as the teachers have asked for them.

Respectfully submitted,
ELIZABETH W. GREEN,
Librarian.

REPORT OF BRANCH LIBRARY

FOR 1942

Number of books loaned	5770
Number of books purchased	186
Number of magazines loaned	605
Number of magazines subscribed for	10

REPORT OF PARK DEPARTMENT

To the Citizens of the Town of Lynnfield:

Suntaug Park having been neglected the last few years, was given special care by our new Park Commissioner, Mr. Story. There has been a big improvement made this year but it will take some time to get it back into shape. The tennis court was weeded and regraded, the iron posts around the court were painted green, the ball diamond was cut once a week, and the base lines were dug up and straightened out. The Common was given its usual good care, also the Freeman-Cox Park under the supervision of T. Hawley. The Parks of the Town were enjoyed a great deal the past season. There is still much to be done to improve them. New settees are needed around the Parks here and there; also there should be some facilities for drinking water, and a new backstop for the ball diamond.

We hope the citizens of Lynnfield will give the Park Department a little thought at the coming town meeting.

WALLACE H. STORY,
Park Commissioner

REPORT OF MEMORIAL DAY COMMITTEE

To the Citizens of the Town of Lynnfield:

The appropriation for Memorial Day, May 30, 1942, was used as follows:

Appropriation		$ 200.00
Decorating 120 graves	$ 57.00	
Parade music	100.00	
Dinner expense	43.00	
	$ 200.00	$ 200.00

REPORT OF CEMETERY COMMISSIONERS

To the Citizens of the Town of Lynnfield:

The Cemetery Commissioners report that all five Town Cemeteries have been given general care.

We have not attempted any new work the past season in any of the yards on account of scarcity of labor and high cost of material. Much needs to be done in the near future to keep up the requirements of the several yards.

ACCOUNTANT'S CERTIFICATE

I have examined the cash receipts and securities in the various Trust Funds in the hands of the Town Treasurer and find them to be as stated in the Treasurer's Report.

I certify that the receipts as reported by the Treasurer agree with the books and that the payments, by the various departments, were as stated in the foregoing report.

The Balance sheet of the Town as of December 31, 1942 is in agreement with the books of the Town, and correctly presents the financial position of the Town as of December 31, 1942.

I take this opportunity to thank the departments for promptly supplying their annual reports, as such action helps considerably in compiling the Town Report.

CARL H. RUSSELL,
Town Accountant.

January 23, 1943.

Art. 7. To see what action the Town will vote to take on the report of the Special Committee to Consider the Needs of the Town for Fire and Police Protection.

Voted: On motion by John Caldwell, that the report of the Special Committee be accepted for the information of the Town and the files and that the committee be continued until the next annual town meeting.

Art. 8. To see if the Town will vote, in accordance with the recommendations of the Special Committee, to appropriate a sum of money for additional expenses of the Police Department.

Voted: On motion by Everett S. Webster, that the Town appropriate the sum of $895.00 to cover expense of an additional full time patrolman in the Police Department for the balance of the present year and that the amount so appropriated be taken from the Reserve Fund.

Art. 9. To see if the Town will vote, in accordance with the recommendations of the Special Committee, to adopt the following by-law:

No person holding an elective office of the Town shall be a member of the Fire Department or of the Police Department, except that an elective officer may be appointed a special policeman, or a call fireman below the rank of lieutenant. If any member of the Fire Department or of the Police Department, other than a special policeman, or a call fireman below the rank of lieutenant, shall be elected an officer of the Town or be appointed to fill a vacancy in an office otherwise filled by election, his acceptance of and qualification for the office shall operate as a resignation of his position as a member of the Police Department or the Fire Department, as the case may be.

This by-law shall not apply in any case where giving it effect shall be prohibited by law.

Voted: On motion by Nelson B. Todd, that the Town adopt the following by-law:

No person holding an elective office of the Town shall be a member of the Fire Department or of the Police Department, except that an elective officer may be appointed a special policeman, or a call fireman below the rank of lieutenant. If any member of the Fire Department or of the Police Department, other than a special policeman, or a call fireman below the rank of lieutenant, shall be elected an officer of the Town or be appointed to fill a vacancy in an office otherwise filled by election, his acceptance of and qualification for the office shall operate as a resignation of his position as a member of the Fire Department or the Police Department, as the case may be.

This by-law shall not apply in any case where giving it effect shall be prohibited by law.

The result of the vote taken on this article was as follows: 135 affirmative and 2 negative.

All articles in the warrant having been disposed of the meeting dissolved at 9:45 P. M.

HARRY W. HIGGINS,
Town Clerk.

Boston, Mass., October 6, 1943.

The foregoing by-law is hereby disapproved. (Article 9).

ROBERT T. BUSHNELL,
Attorney General.

REPORT OF BOARD OF SELECTMEN

To the Citizens of the Town of Lynnfield:

Your Board of Selectmen respectfully submits its report for the year ending December 31, 1943, for your consideration.

During January and February, much time was devoted to preparing various articles for the Warrant to be submitted at the annual Town Meeting together with making up the various budgets which come under the jurisdiction of the Board.

Early in the year the Board amended the By-Laws to allow citizens with a relatively small area of land to keep poultry.

In March Mr. Carl Russell resigned his position as Town Accountant and your Board was faced with the necessity of appointing his successor for the unexpired term of this office. After long and careful deliberation, Mr. Leslie E. Luscombe was appointed to this most important position.

Your Board deemed it necessary to aid and encourage persons to grow gardens, keep poultry and swine. Accordingly, they took the initiative in bringing together representatives of various organizations. Out of this meeting the Victory Garden Emergency Food Committee was formed.

Your Board invited bids for the collection of garbage and completed arrangements for the satisfactory collection of same by the awarding of the contract to Mr. John Woselchuk.

Among the numerous essential maintenance and betterment projects completed, were the painting of the Town Hall, the installation of various new ceilings in the Town Hall, and the road maintenance contracts made with the Commonwealth of Massachusetts.

Your Board appointed Mr. Douglas Parsons to the position of patrolman for a temporary term. A permanent appointment cannot be made until after a civil service examination is held.

The Selectmen realize that some plans should be made for post-war work for returning service men, defense plant workers, and others whose present services will not be needed after the war is over. In co-operation with the Commonwealth of Massachusetts Emergency Public Works Commission, your Board appointed the members of the Planning Board to a new committee called the Post-War Public Works Program Committee.

In November the members of the Planning Board met with the members of the Board of Selectmen for the purpose of appointing some person to the Planning Board to fill the vacancy on that Board caused by the resignation of Mr. Ernest P. Lane. Mr. Nicholas DuChemin was unanimously appointed to the Board. The term of office is to be until the next regular Town election.

Your Board deemed it necessary to install town water in the Town Hall and accordingly entered into a contract with the Lynnfield Center Water District Commissioners to have their water piped into the Town Hall. The pipe into the building is large enough to allow for the possible future installation of some form of fire protection within the building.

With the lifting of dim-out regulations your Board felt that the lights around the Common and Lynnfield Square should be brighter, and after a conference with both light companies these locations were made brighter by the unhooding of the nearby lights.

Respectfully submitted,

George W. Peavey
Everett S. Webster
Stanley W. Heath

REPORT OF BOARD OF APPEALS

To the Board of Selectmen,
Lynnfield, Mass.

Gentlemen:

Owing to the curtailment in building activities, there were no appeals or cases heard by the Board of Appeals on Building and Zoning Laws during the year of 1943. There was therefore no income to report,

and of the budget allowed at the first of the year ($100.00), the sum of $6.50 was expended for necessary supplies and the balance of $93.50 was unexpended.

Respectfully submitted,
JOSEPH W. CASSIDY, Chairman.

REPORT OF TOWN COUNSEL

To the Board of Selectmen,
Lynnfield, Mass.

Gentlemen:

The activities of the Office of Town Counsel during the past year have been many and varied.

In addition to serving in an advisory capacity for the various departments, there have been agreements and contracts prepared; hearings before the Appellate Tax Board in Boston, and in addition, I have endeavored to furnish each town department with copies of new legislation as they are passed by the Legislature and which affect those departments.

For the past several months, the Board of Assessors have been attempting, with the limited funds at their disposal, to modernize the system of records, in anticipation of the volume of work which will be required by the new statutes which go into effect after the war, and I have been assisting them in setting up a system patterned after the larger towns. This cannot be finished in 1943, but much headway has been made, and the results will start to show in 1944 and thereafter.

Respectfully submitted,
JOSEPH W. CASSIDY,
Town Counsel.

REPORT OF POLICE DEPARTMENT

To the Honorable Board of Selectmen and the
Citizens of the Town of Lynnfield:

Following is a report of the activities of the Police Department for the year ending December 31, 1944.

The number of arrests totaled twenty-five as classified:

10 Drunkenness (Male)
4 Drunkenness (Female)
1 Larceny
3 Delinquency

2 Driving after license has been suspended
1 Receiving stolen property
1 Causing a false alarm of fire
1 Breaking and entering
2 Neglect of minor children

Other activities:

Recovered property to the value of $1,277.19
1 Commitment
42 Summons served for other departments
175 Motor vehicle violations
119 Motor vehicle transfers
62 Doors found open; made secure
13 Lost children (assisted in locating)
31 Stray and dead animals cared for
164 Street lights reported out
3 Auto registrations revoked
6 Driving licenses revoked

In addition to the usual calls we have received 670 complaints requiring police attention and investigation. All fire alarms have been answered by the department and all blackouts have been responded to by practically one hundred percent attendance. There has been more than the usual number of court appearances. In addition to the patients transported in the cruiser, the ambulance has responded to 79 requests.

I would like to take this opportunity to thank Auxiliary Chief Tuck and his men for the splendid co-operation and assistance they have rendered the regular department and urge the continuance of the auxiliary force.

Respectfully submitted,

EVERETT S. WEBSTER, Chief.

REPORT OF FIRE DEPARTMENT

To the Honorable Board of Selectmen and the
Citizens of Lynnfield:

Herewith I respectfully submit my annual report of the Fire Department for the year ending December 31, 1943.

The Department responded to 91 alarms.

60 were brush and woods fires
7 Auto and truck fires
2 Oil burner fires
5 Building fires

5 Out-of-town mutual assistance calls
5 Needless calls
5 False alarms
2 Emergency calls

We stretched 8,000 feet of 2½-inch hose, 6,000 feet of 1½-inch hose, 10,000 feet of 1-inch hose, 4,000 feet of booster line hose, raised 100 feet of ladders, used approximately 250 gallons soda and acid chemicals, about 3 gallons Pyrene, and used approximately 25 pump tanks.

The total insured building loss was about $4,200.00, the content loss approximately $1,500.00 partially insured.

Respectfully submitted,

WILLIAM W. MOXHAM,
Chief of Fire Department.

REPORT OF BUILDING INSPECTOR

To the Honorable Board of Selectmen,
Town Hall, Lynnfield Center, Mass.

Gentlemen:

I herewith submit the report of the Building Department for the year ending December 31, 1943.

The following list of permits covering one hundred and seven operations for an approximate value of $26,671.50 were issued:

2 Dwellings	$ 6,200.00
28 Remodeling and additions	10,310.00
34 Repairs	5,810.00
2 Garages	300.00
34 Poultry houses	3,242.50
7 Miscellaneous	890.00

This department recommends that the Town take immediate steps toward adopting a Plumbing Code and also toward revising the schedule of fees as set forth in Section 4 of the Building Regulations.

Respectfully submitted,

EDWARD C. PEARSON,
Building Inspector.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

The following articles were sealed:

Platform Scales	7
Counter Scales	1
Beam Scales	4

Spring Scales	5
Slot Weighing Scales	1
Liquid Measures	14
Gas Pump Meters	29
Oil Measuring Pumps	2

Fees collected, $21.82.

Respectfully submitted,
GEORGE A. WESTOVER,
Sealer of Weights and Measures.

REPORT OF SUPERINTENDENT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen,
Gentlemen:

The past year's work was carried along the same lines as in previous years. Woodlands were looked over for Gypsy Moth infestations and partly creosoted. There is a slight decrease in Gypsy moths over last year. There is scattering infestation in both parts of the Town. There was very little spraying done in woodlands because of the scarcity of men. There were no Browntail moth webs found during the year. The Elm Leaf Beetle is still quite heavy on private property.

All of this work is carried on under the supervision of the State Department of Conservation. The state contributed to the Town supplies during the year.

I hope that a much larger appropriation will be made so that these infestations may be properly handled.

Respectfully submitted,
LYMAN H. TWISS,
Superintendent.

REPORT OF TREE WARDEN

To the Citizens of the Town of Lynnfield:

At the last annual Town Meeting an appropriation was made for the care of shade trees. This appropriation was used to take down dead trees and trim trees where there were dead and dangerous limbs, also branches were removed where they were so low as to obstruct traffic along the highway. There is still a lot of such work to be done.

There is a new disease in Maples which showed up this year. As yet there is no remedy for it.

An appropriation was made for the purchase and planting of shade trees, these trees were purchased and planted along the highways.

I hope that a much larger appropriation will be made at the next annual Town meeting to carry on this work, and that a similar amount will be provided for the purchase of trees to be planted along the highways.

Respectfully submitted,

LYMAN H. TWISS,
Tree Warden.

REPORT OF INSPECTOR OF MILK

To the Honrable Board of Selectmen,

Gentlemen:

I herewith submit my report as Inspector of Milk for the year ending December 31, 1943.

I have inspected places where milk was kept for sale and issued licenses as required.

Number of licenses issued, 13.

Fees collected, $6.50.

Respectfully submitted,

ARTHUR W. BRYANT,
Inspector of Milk.

REPORT OF DOG OFFICER

To the Honrable Board of Selectmen,

Gentlemen:

I herewith submit my report as Dog Officer for the year ending December 31, 1943.

I have answered 68 calls and disposed of 56 dogs.

Respectfully submitted,

ARTHUR W. BRYANT,
Dog Officer.

REPORT OF HEALTH OFFICER

To the Honorable Board of Selectmen:

I herewith submit my report for the year ending December 31, 1943.

Whooping Cough	27
Mumps	3
Measles	12
German Measles	76
Chicken Pox	6
Dog Bite	7
Syphilis	0
Gonorrhea	0
Diphtheria	1
Scarlet Fever	5
Impetigo	0
Lobar Pneumonia	1

The diphtheria inoculation of children was continued for all children of pre-school age and proved very satisfactory.

With the co-operation of the State Board of Health the Well-Baby Conference was invited here, at which time babies were examined and the parents given suggestions along nutrition and health lines. There was comparatively few corrections made except in nutrition.

With the co-operation of the School Authorities and the School Nurse (Mrs. Lucy Lindquist), we were able to make an unusually good showing, particularly in the prevention of scarlet fever, in spite of its prevalence throughout the year in this district.

All pupils out of school due to illness were required to have certificates of health before returning. This has helped greatly in avoiding the spread of communicable diseases.

Summary of Report

Number of Complaints	35
School Permits	212
Verbal Notices	40

REPORT OF SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen:

During the winter the usual sanding and plowing of snow was done. In the spring, cleaning of streets and catch basins was completed.

A new cement sidewalk and curb was installed in front of the Center Post Office.

Just a few streets were tarred and sanded the past year on account of Governmental Restrictions. This year this restriction has been lifted on tar and asphalt and I hope to do considerable work on our streets this spring.

Respectfully submitted,

MINOT H. CARTER,
Superintendent of Streets.

REPORT OF THE SCHOOL COMMITTEE

Citizens of the Town of Lynnfield, Greetings:

Supervised playground:

The total registration for the year was: Center 91, South 136, making a total of 227 different children registered.

Largest attendance for one day: Center 42, South 55

Average attendance for one day: Center 30, South 36

New equipment was bought, several new types of games were taught, cookouts held and the usual playground activities carried on. The season closed with a pet show and field day, prizes being awarded to the winners and ice cream and candy being served to all. The popularity of the pet show spread to the front page of a Boston daily paper, said paper showing a group of prize winners and their pets.

Hot Lunches:

The hot lunches have continued to be served and have won the commendation of the State authorities. During the year, this program has changed from a WPA project to one of Federal aid and then to State aid. It has been a task to keep up with the various changes. Methods of records for payments have changed and surplus commodities have ceased to be given out to these programs. As milk is served with each meal, the State allows the town 9c per meal. The individual pays 12c per meal, but in spite of this the program shows to be lacking by $2,003.50 in paying for itself. However, out of this should be taken $1,300, the value of 5,500 cans of food which was put up by the lunch canning project this summer.

This project put up 6,928 No. 2½ cans at a cost of $1,629.59 or 23.5c per can and has saved several thousand ration points.

Finances for the year:

Expenses		Income	
Labor	$3,441.73	Lunches	$2,834.83
Food	2,503.37	Government aid	504.30
Supplies	223.71	State aid	525.15
Equipment	127.72	Due for December	427.05
	$6,294.83		$4,291.33

Deficit	$2,003.50
Value of canned goods on hand	1,300.00
Net cost to town	$ 703.50

The Center P.-T. A. donated $150 toward the purchase of a large restaurant gas range, which has been installed. The use of this has lightened the work considerably.

During the year, the Selectmen appointed the School Committee to act as a food conservation committee. Acting under this authority a community canning project was maintained at the Center School. Those having food to be processed prepared it at home and then took it to the school to be canned. A total of 7,529 cans and 66 glass jars were put up. A charge of 8c per can and 5c per jar was made. It was thought that the Government or State would give financial aid to this project but such was not the case. Total cost was $1,046.25, receipts were $605.62, the cost to the town being $440.83. The cost per can figures to be 14c. Commodities canned were: Beans, 4,570 cans; beets, 450; carrots, 660; tomatoes, 1,780; spinach, 29; squash, 10; applesauce, 30.

The cost of High School tuition has been increased from $147.45 to $163.11 per pupil per year. This increase will add a little less than $2,000 to the budget for next year.

In February, the committee was faced with a fuel oil shortage and ordered by Government officials to convert to coal at the Center School. On expert advice, it was found to be impossible to heat the building by firing the boiler by hand. R. T. Pender, Inc., of Lynn, was hired to install a Winkler stoker. Much red tape was necessary in obtaining the required priorities and transportation difficulties delayed the immediate installation of the stoker. It was necessary to close school for a week in order to conserve the small amount of oil on hand and yet keep enough heat in the building to keep the pipes from freezing, no more oil being allowed the Town by the petroleum co-ordinator.

With the proper grade of stoker coal, this installation heats the building better than did the oil but more work is added to the janitor's duties. It is not always possible to obtain the right coal, but the committee feels that it is unwise to revert to oil at this time, and will continue to use the best coal available, closing the school when the situation becomes too serious.

Respectfully submitted,

EDWARD S. AVERELL, Chairman

SUPERINTENDENT'S REPORT

Members of School Committee,
Madam and Sirs:

My twenty-first annual report is herewith submitted for your consideration.

Enrollment, January 1, 1944

Elementary Schools

	Center Schools	South School	Total
Grade 1	35	24	59
Grade 2	23	21	44
Grade 3	34	11	45
Grade 4	20	20	40
Grade 5	27	21	48
Grade 6	27	11	38
Grade 7	38		38
Grade 8	42		42
Lynn Sight Saving Class			3
Total Elementary School Enrollment			357

High School

Wakefield	
Freshmen	41
Sophomores	24
Juniors	21
Seniors	16
Lynn Vocational	1
Boston Latin	2
Essex Co. Agricultural School, Home Making Department	1
Total Secondary School Enrollment	106
Grand Total School Enrollment	463

Comparing the above totals with those of last year shows there has been an increase of nine in the South School and fourteen in the Center School.

There is an increase of six in the number attending school of a secondary school level.

The enrollment at the Center School is such that five of the seven classrooms are now practically filled to capacity.

It does not seem advisable to consider using a second basement room for a classroom because of the inadequacy of the present heating plant and the poor quality of obtainable fuel.

As the enrollment at the Center School goes beyond the number that can be properly accommodated, it seems our only solutions will be to transfer the pupils from the Center to the South School until school accommodations can be improved.

Teachers

Resignations were received from Miss Bernice Stanwood, Miss Babette Horn, Miss Anna Austin, Miss Dorothy Waterman, and Principal Roger Woodbury.

These teachers accepted positions in Melrose, Brookline, Needham, Dedham, and Haverhill at very satisfactory increases in salary. Vacancies were filled by the election of the following: Miss Genevieve Clark, Miss Daisy White, Miss Arlene Sprague, Miss Glenna Woodbury and Principal Harvey Kelley, who taught one, sixteen, nine, seven, and six years respectively before assuming their present positions in Lynnfield.

Salaries

All teachers in service January 1, 1943, were given a 10% increase. Later another increase of 5% was given teachers whose salary was $1500 or less while a 2% increase was given those whose salary was over $1500. These increases were deserved and greatly appreciated by the teachers as the increases helped to partially offset the increased cost of living. We must again allow for increases of teachers' salaries in our school budget to offset the rising living costs over which they have no control. Satisfactory salaries tend to keep well qualified teachers in our schools, to improve their morale, and to enlist the interest of young people in teaching as a profession. A recent report from the National Education Association states that:

"1. 200,000 have left the profession since Pearl Harbor.
2. Teacher College enrollments have dropped 60% below 1940-1941.
3. Living costs have risen 26% since August, 1929."

At a meeting of the National Council of Chief State School Officers held in Milwaukee in December, 1943, it was stated in the resolutions of the Council "From careful studies, it is conservatively estimated that at least 70,000 public-school teaching positions in the United States are either vacant or in charge of teachers with substandard qualifications.

"The teacher shortage is made more acute by the fact that enrollments in teacher-training institutions have fallen to approximately 40% of normal enrollments."

In light of the above facts, from national organizations, it behooves every citizen and every community to do its utmost to advance salaries thereby keeping a trained teacher in every classroom and to encourage young people completing high school to train for the teaching profession.

Transportation of Pupils

As required by the Office of Defense Transportation, your superintendent made a survey of transportation of high and elementary school pupils as of 1943. This survey was given the State Department of Education which, in turn, forwarded it to the office of the State branch O. D. T.

This survey showed the number of buses, the several routes traveled, the seating capacity of the bus, the number of pupils of high or elementary grade transported, the number transported less than two miles as well as those over two miles, the time enroute and the total daily round-trip mileage.

It was found that a total of 217 pupils were transported, 127 of whom lived less than two miles from school. The total mileage per day was 133 miles.

It was requested by the O. D. T. that two trips on which 76 elementary pupils were transported less than two miles, be discontinued. Your Superintendent protested to this request on grounds that the transportation is necessary for the very young children who would be required to travel on hazardous highways as no sidewalks were available for much of the way.

Up to the present time no order has come through demanding that the two above trips be discontinued and therefore school transportation is continued as in past years for those children who should be transported.

We must not lose sight of the fact that with the shortage of mechanics, drivers, and spare parts, we may at any time find ourselves without suitable transportation accommodations for the school children, as happened during the week of January 10. If buses cannot be provided at all times, it is urged that parents co-operate by transporting as many pupils as possible to and from school.

In case of an extreme emergency the use of trains could be resorted to by high school pupils attending Wakefield High School and living within walking distance of the Center.

Summer Playground

The two playgrounds served their purpose most satisfactorily while trained instructors could be employed at salaries sufficiently large to attract those desirous of seasonal employment. Because of the difficulty in securing trained instructors and because many of the older children are finding employment during the summer, it does not seem advisable to request funds for the maintenance of the playgrounds in 1944.

It is anticipated that following the duration, the playgrounds will again be maintained for a longer period and offer a more extended program.

Post War Planning

Mention was made in my last annual report that the State no longer reimburses the Town of Lynnfield for any share of its cost of transportation of high school pupils. In 1940 the reimbursement was $5,220.00 and in 1941 it was $5,230.36.

Due to the increased cost of maintaining the Wakefield High School during these war years, the tuition rate had advanced to about $163.00 per pupil.

The total cost for providing secondary school education to our pupils is estimated to be about $23,000 in 1944.

Your Lynnfield Planning Board will find a golden opportunity to serve the Town in its Post War Planning if it makes a thorough study of the needs of the town for the necessary school facilities to alleviate the present over-crowded school conditions in the grades and to provide for the education of Lynnfield pupils on the secondary school level.

The selection of a suitable school site has been well cared for in advance. The type of educational opportunities to be offered and the type of building necessary for putting into effect this educational program must receive considerable thought before the school architect is chosen.

A building should be planned to care for our needs for a period of at least ten years in advance. It should be so constructed that additions can be made without the necessity of making alterations to the main building or any services in the building.

Conclusion

In conclusion may I express my appreciation to all who have shared with me in providing educational advantages to the children of the Town.

Respectfully submitted,
JOHN D. WHITTIER,
Superintendent of Schools.

The general health of the pupils is favorable. Though there would seem to be an increase in communicable disease, I feel that this may in part, be attributed to the rigid enforcement of the health certificate rule, with the correct diagnosis thereon.

I wish to acknowledge the very splendid supervision and co-operation of all the teaching staff, the excellent assistance and co-operation afforded me by the school physician, health officer, superintendent of schools, parents and town officials, without which we could not hope to attain such a fine standard of health in the schools.

Respectfully submitted,

LUCY G. LINDQUIST, R. N.,
School Nurse.

"Ever Onward, Never Backward"
With our eyes fixed straight ahead
To the field our fathers conquered,
In their footsteps, we will tread.

We shall strive to do our duty,
To keep our country proud and free,
And we've chosen this our motto
For the Class of '43.

So we have this goal before us,
Let's go on, we know we can,
"Ever Onward, Never Backward"

NO SCHOOL SIGNAL

In case of no school for the day in grades or high school, announcement will be made by Station WNAC between seven and eight o'clock.

AGE OF ADMISSION

No child will be admitted to the first grade at the opening of school in September, who was not five years of age on or before the first day of April preceding his entrance.

Pupils are admitted to this grade only during the first two weeks of school in September, unless they have attended school in some other town.

VACCINATION

Children who have not yet been vaccinated will not be admitted to school in September unless they present a certificate from a regular physician stating that they are not fit subjects for vaccination. Parents are requested to attend to this matter during the summer vacation as exemption must be presented at the opening of school to entitle the children to admission.

HONORS

At the close of schools in June, special awards to pupils were made as follows:

REPORT OF LIBRARY TRUSTEES

To the Citizens of the Town of Lynnfield:

Despite the turbulence of the war year just passed, your Library has performed its usual functions with little change in operations. To be sure, men in the army, women in industry, overtime work and gas rationing tended to reduce our circulation slightly, but otherwise there have been no noticeable changes. This is in a great measure due to our two faithful librarians, Miss Elizabeth Green and Mrs. Sylvia Maynard, who carry on their work no matter what difficulties they might encounter.

This year as well as last, the Library has returned a substantial part of its appropriation back to the town. For the coming year we are, however, requesting an additional amount to our regular appropriation for necessary repair work. The ceiling of the Center Library is in very poor condition and we fear that it might fall and cause considerable damage to our books and perhaps injury to some of our patrons. It is quite necessary, therefore, that this work be performed and we sincerely trust that the additional appropriation will be approved.

Respectfully submitted,

WILLIAM W. GRACE

REPORT OF PARK DEPARTMENT

To the Citizens of the Town of Lynnfield:

The Park Commissioners report that the parks have been given general care. The grass on the Common was cut regularly, also Suntaug Park.

New nets and tape were purchased for the tennis court. Some new posts were reset for the tennis court. The tennis courts at Suntaug are in very bad shape and need regrading.

The park was burnt over, also fertilized this year. The brush along the sides was trimmed out.

Respectfully submitted,

WALLACE H. STOREY,
Park Commissioner.

REPORT OF MEMORIAL DAY COMMITTEE

To the Citizens of the Town of Lynnfield:

The appropriation for Memorial Day, May 30, 1943, was used as follows:

Appropriation		$225.00
Decorating 120 graves	$ 75.00	
Music for exercises	15.00	
Unused Appropriation	135.00	
	$225.00	$225.00

I am sorry to state that the Memorial Day parade was omitted on account of inability to secure a band.

Respectfully submitted,

T. HAWLEY, Treasurer of Committee,
Lynnfield Post No. 131, Inc., American Legion.

REPORT OF CEMETERY COMMISSIONERS

To the Citizens of the Town of Lynnfield:

The Cemetery Commissioners report that all five Town Cemeteries have been given general care.

Respectfully submitted,

Cemetery Commissioners.

REPORT OF PLANNING BOARD

The Lynnfield Planning Board submits its report for 1943 herewith.

During the past year normal planning activities have been moderate, no plans for new developments have been presented to the Board, and no requests of Public Hearings have been asked for.

Governor Saltonstall has asked all Cities and Towns in the Commonwealth to provide a Committee to plan Post War Projects in order that opportunity may be furnished to bridge the gap of unemployment after the war until private industry can change from a war to a peace time production basis. The Board of Selectmen of Lynnfield requested the Planning Board to act as the Post War Project Committee for the Town.

The Planning Board called upon different Departments of the Town Government for suggestions for new capital investments, or improvements or repairs to existing properties.

The projects listed below have been under consideration by the Board during the past year. The order in which they appear does not designate their importance or urgency.

Proposed by Fire Department:
- Fire station on land adjacent to the Town Hall.
- Fire alarm system.

Proposed by Center Water District:
- Clearing of land adjacent to the Pumping Station.

Proposed by Special Committee:
- Restoration of Old Meeting House.

Proposed by Building Inspector:
- Revaluation of property.

Proposed by Moth Department:
- Trimming trees.
- Gypsy moth work.
- Poison Ivy removal.
- Access roads in woodland.

Proposed by Park Department:
- Work on baseball diamond (South).
- Acquisition of land and development of Park opposite Suntaug Inn.
- Construction of chain link fence along waterfront at Suntaug.
- Miscellaneous work at Park, construction of tool house and lavatories.

Proposed by School Department:
- New Grade School, Lynnfield.
- New High School.
- Add. Grade School building and grading at Center.
- Development of Center School playground.

Proposed by Planning Board:
- Town map.
- Sewerage system.
- New road across Pillings Pond for access to area.
- Establishment of Street lines in Town.
- Drainage system.
- Town forest.

Proposed by Street Department:
- Sidewalks.
- Retaining wall on Main St. at Sagamore Golf Club.

The Planning Board will cause an Article to be inserted in the Warrant for the Regular Town Meeting next March asking the citizens

to vote the sum of One Thousand Dollars ($1,000) for preliminary engineering fees for facts and figures to present those projects to the voters deemed most necessary by the Board.

The saying attributed to President Washington "In time of Peace prepare for War" is now reversed in that we are preparing for peace in war time.

Since the beginning of the war the influx of new settlers in Town has ceased. This is in common with other small, chiefly residential districts. The fact that the population of the Town doubled since World War I points to an increase in population after the present war is over. With our existing Zoning By-Law, the Town will grow along prescribed lines and retain it's present characteristics.

We thank all the different Departments of the Town government for their co-operation and assistance during the past year.

REPORT OF COMMITTEE APPOINTED TO INVESTIGATE THE NEEDS OF THE TOWN FOR FIRE AND POLICE PROTECTION

Lynnfield, Mass., July 15, 1943

INTRODUCTION

At the special town meeting held May 3, 1943, the following Article was adopted and the sum of $300.00 was appropriated for the expenses of the Committee.

> "ARTICLE 3. To see if the Town will vote to authorize the appointment of a committee of five citizens of the Town to investigate the needs of the Town for fire and police protection, the Committee to report at a special town meeting to be held within three months; and to raise and appropriate a sum of money for the expenses of the Committee."

SCOPE OF INVESTIGATION

A quite extensive study was made of fire and police costs covering many towns throughout the State of approximately the same population as Lynnfield and predominately residential.

The costs, of course, vary widely, being affected by the kind of organization maintained. In most of these towns, the Fire Department cost is similar to the present cost of our Fire Department, as they, like Lynnfield, depend on call men.

So, too, the Police Departments of the towns where the cost is substantially less than Lynnfield's, are what might be termed "call departments." Most of them have as a permanent full-time officer one man, the Chief, or at most, two men, and depend upon calling into service special police, when needed.

When the idea of this investigation first came to mind, it was thought it would be possible to secure advice and suggestions from well-known authorities having practical experience regarding the requirements of fire and police protection.

Directly after their appointment the Committee attempted to secure such advice by consulting officials of the State and of several local communities, with the idea of having a thorough study and survey of our Town regarding police and fire protection. We were greatly disappointed in being unable to employ anyone to undertake the work. The information received, however, has been helpful in formulating this report.

At our first meeting, we voted to invite Mr. John Caldwell to sit in with us as an advisor, especially as to questions of fire protection, and Mr. Nelson Todd as an advisor regarding legal matters. Both of these gentlemen accepted our invitations, met with us regularly, and assisted us greatly. We wish to thank them both at this time for their helpful advice and suggestions.

The Committee sent written requests to the Chief of each department, asking for the following information:—The present organization of each department's personnel; salaries; equipment; hours of duty of members; length of vacations; and number of men on duty. In other words, just how their respective department functions with its present set-up, together with a copy of the rules and regulations, in force with respect to the operation of each department and its personnel; a statement relating to the growth of each department for the past five or ten years; and their ideas or recommendations as to the proper set-up of their departments at the present time, that is, if they believe its present set-up is not what the town should have; and their plans for the growth of their departments for a period of five to ten years in the future.

A written statement was received from the Chief of each department in reply to the above request.

HEARINGS

On the evening of June 8, the Chief of each department met with the Committee. At that time the contents of their written statements

were very thoroughly discussed. These two conferences were very pleasant and helpful. The Committee thanks both Chiefs for the thoughtful work represented by their written statements and for their attendance at the conference.

Two public meetings were held for the purpose of permitting the voters to express their opinions, one being at Chemical Hall in the southern part of the Town and one at the Town Hall. Both of these meetings were very poorly attended, there being not over thirty citizens at either meeting. However, the Committee appreciates the comments and suggestions made by those present.

The Committee has met at least weekly since their appointment. Complete records have been kept of all actions taken at these meetings. Copies and transcripts of all correspondence and of all meetings have been made a part of our records.

FIRE DEPARTMENT

Organization

The department is organized on a "call" basis, maintaining two fire stations, one located in Chemical Hall, Lynnfield Square, and one in the Old Meeting House at the Center.

Personnel

The personnel of the Department as now organized consists of a Chief, Deputy Chief, Assistant Chief, two Captains, two Lieutenants, and twelve call men. There are also a number of Substitutes and an Auxiliary Force as required by the Office of Civilian Defense.

Apparatus and Equipment

The Department has the following apparatus and equipment:—

One Mack 600-gallon triple combination pumper;
One Maxim 500-gallon triple combination pumper;
One International emergency squad truck, equipped with booster pump and tank;
(All of the above apparatus is fully equipped, except for an adequate supply of spare hose.)
One Ford double tank chemical engine (obsolete); and
One portable Pacific type forest fire pump.

The approximate cost of this equipment is $18,000.00.

Housing

The apparatus is housed in two stations, Chemical Hall at Lynnfield Square, and the Old Meeting House at the Center.

Drills and Training

Provision for drills and training are included in the Rules Governing the Operation of the Fire Department.

Under the duties of "Captains" they show the following:—

> "He shall arrange for and conduct at least monthly drills by each company in his command and such drills shall be participated in by every officer and member of the company drilling. Drills shall continue for one hour unless fire call interrupts and shall be in accordance with such orders and instructions as the Chief Engineer may from time to time prescribe."

Cost of Operation

For the last nine years the average yearly cost shows $4,850.00. For 1942, the cost was $4,894.54 (not including $1,757.70 for air whistles and $720.00 for a 1941 hose bill, both outside the regular expense). For 1943, the Town voted to appropriate $5,390.00.

POLICE DEPARTMENT

Organization and Personnel

The Police Department at the present time consists of a Chief and three patrolmen, all full-time employees appointed under Civil Service regulations. There is also a force of approximately forty Special Police, together with a force of Auxiliary Police as required by the Office of Civilian Defense.

Apparatus and Equipment

The Department has the following apparatus and equipment:—

One Dodge Ambulance equipped with
- 1 First-Aid Kit
- 1 Stretcher and Mattress
- 3 Blankets

One Oldsmobile Cruiser Coach equipped with
- 1 Two-Way Radio
- 1 First-Aid Kit

One "Link" Frequency Modulated Two-Way Radio Station
One Radio Monitor
One "Link" Two-Way Radio in Chief's personal car
One "Howard" receiving Radio in the Headquarters Office, and
One "Emerson" Resuscitator

The approximate cost of this equipment is $6,000.00.

Housing of Apparatus and Equipment

The Police Station is located in the Town Hall under fairly satisfactory conditions. There is no housing space for the cruising car. The police ambulance is housed in one of the stalls in the rear of the Town Hall. Other equipment is housed in the Police Station, except as indicated otherwise under "Apparatus and Equipment."

Cost of Operation

The average cost of operation for the nine-year period from 1932 to 1940 was $4,300.00 per year.

In 1941, the cost was $8,908.00, which included the cost of a cruiser car at $760.06 and a two-way radio at $1,596.45.

In 1942, the cost was $10,732.22, the increase being due to another patrolman being added to the force and the Chief becoming a full-time officer.

In 1943, the Finance Committee recommended an appropriation of $10,625.00, but the Town voted $9,065.00.

CONCLUSIONS

Fire Department

First. The apparatus and equipment are, except for the fire alarm system, entirely adequate for the present needs of the Town;

Second. An additional supply of hose is very desirable, and should be purchased at the first opportunity;

Third. The fire alarm system should be modernized as soon as possible;

Fourth. New housing facilities should be provided at the Center;

Fifth. With regard to Drills and Training, the rules of the Department are very specific. The Committee entertains serious doubts as to how efficiently this rule is followed. If not followed to a reasonable degree, it constitutes a very serious defect in the fire-fighting efficiency of the Department;

Sixth. The Committee is of the opinion that some full-time men should be employed to insure that someone shall be available at all times to drive and operate the apparatus and to respond to all alarms; and

Seventh. The Committee is of the opinion that this Department should be more efficiently administered.

Police Department

First. The apparatus and equipment are entirely adequate for the present needs of the Town;

Second. Full and efficient use of the cruiser and two-way radio should be obtained;

Third. The Town should be adequately patrolled and protected both day and night, but to do this will require an additional officer; and

Fourth. There appears to be fairly satisfactory housing for all apparatus and equipment, except for the cruiser when it is not on patrol.

RECOMMENDATIONS

GENERAL LAWS—Chapter 41, Section 101—

"If a town so votes under Section 21 the selectmen shall appoint a suitable person as chief of the police and fire departments who may be designated as commissioner of public safety. He shall have authority, subject to the approval of the selectmen, to appoint a deputy as chief of police and one or more deputy chiefs of the fire department. He shall have all the authority of constables and police officers in towns and also the powers and duties of fire engineers, and, subject to the approval of the selectmen, shall fix the compensation of police officers and permanent and call members of the fire department. Such compensation shall not exceed, however, in the aggregate the amount appropriated therefor by the town. The deputy chiefs of the fire department shall under him have the powers of fire engineers relative to the extinguishing of fires in the town and the protection of life and property in case of fire."

Chapter 41, Section 21—

"Ten per cent of the registered voters in any town may file a petition with the selectmen thirty days or more before the annual town meeting asking that . . . . . a chief of police and fire departments . . . . . be thereafter appointed by the selectmen. The selectmen shall thereupon direct the town clerk to cause the question whether the petition shall be granted to be printed upon the official ballot used for the election of town officers at the next annual election in substantially the following form:

Shall the town vote to have its selectmen appoint a ..... (Yes)
..... (No)

If the vote is in the affirmative it shall be valid and binding and . . . . upon the appointment and qualification by oath of the officers herein authorized to perform the duties of any existing town board or officer, the term of office of such existing board or officer shall thereupon terminate, and all the duties, powers and obligations of such board and officers shall be transferred to and imposed upon their successors; . . ."

Chapter 41, Section 22—

"Officers appointed by authority of a vote under the preceding section shall hold office until removed by the selectmen, and shall receive such salary as the selectmen may determine, subject to the appropriations of the town therefor: . . . . "

Chapter 41, Section 23—

"A town may, after a vote under section 21 has been in effect therein for a period of not less than three years, by a vote at a meeting held at least thirty days before the annual town meeting, rescind such action in whole or in part, and thereupon said town shall, at the next town meeting, nominate and elect such officers as are necessary to carry out the duties exercised in accordance with section twenty-one by the board of selectmen or officers appointed by them. . . . ."

The following comment regarding the quotations from the General Laws, as shown above, is submitted,—

Chapter 41, Section 101—

If a town votes to accept Section 21 the selectmen shall appoint a suitable person as chief of the police and fire departments who may be designated as Commissioner of Public Safety.

Chapter 41, Section 21—

Ten per cent of the registered voters in any town may file a petition asking that a chief of police and fire departments be appointed by the selectmen. The person so appointed may be designated as Commissioner of Public Safety.

This request goes on the official ballot at the next annual election as follows:—

Shall the town vote to have its selectmen appoint a chief of the police and fire departments, who shall be designated Commissioner of Public Safety (Yes) (No)

If this vote is passed all the duties of existing officers shall end and all such duties be transferred to their successor.

Chapter 41, Section 22—

Relates to term of office and salaries.

Chapter 41, Section 23—

Allows towns to rescind such action after three years.

Supervision and Responsibility

We recommend the following:

First. That a suitable and properly qualified person be appointed as Commissioner of Public Safety, and that said commissioner shall not hold any other elective town office. We therefore urge favorable action to permit the appointment of such an officer.

Our reason for the above recommendation is that from time to time during the past years more or less criticisms and doubts have been expressed regarding the efficiency of both the fire and police departments. These appear to have been directed largely toward management and administration, especially where they deal with the personnel and

financial management of the departments. The Committee believes this investigation presented a good opportunity to submit to the citizens of the town a method whereby these criticisms and doubts of long standing might be removed. The Committee believes that a suitable and qualified person can be found among our townsmen to fill the office of Commissioner of Public Safety; a man who has civic pride and a love for Lynnfield; a man free from all political ties, fearless, firm, but just; a man, who, given the opportunity, would accept such a position and correct the causes for criticism and doubt.

The Commissioner of Public Safety would have full control of the administration of both departments as it relates to everything except actual police work and the actual fighting of fires. These duties would be under the direction of the respective department heads. The Commissioner, however, would be responsible for the proper execution of such work.

You will note that our recommendations call for an increase in the yearly appropriations. The Committee believes the citizens will approve such increases provided they are assured they will receive their money's worth in additional services. This is an added reason for recommending the creation of the position of Commissioner of Public Safety. We believe such an officer can see and will see that this is done.

Second. That a by-law be adopted which will prevent any member of the fire or police department, except a special policeman or call fireman, from holding an elective town office.

Our reason for this recommendation is that full-time members of these departments should not be in politics. They should, while members, be free from all political considerations. It is entirely improper for a member of either department to be at the same time a town officer who has supervision of either department, and so free from all direction and instruction of superiors.

Third. That the Commissioner of Public Safety appoint a full-time Deputy Chief of the Fire Department and four full-time men.

This will provide five permanent men, two of whom should be assigned to each fire station, so that one man will be on duty at each station every day and night. This arrangement will provide for immediate attention to every alarm both night and day. It will add to the cost of fire protection, but, as stated elsewhere, it will give additional service which we believe the citizens will favor.

Fourth. That a schedule be arranged whereby there shall always be a man available in each fire station who is capable of driving the apparatus and operating all pumping equipment.

Fifth. That the obsolete equipment of the fire alarm system be replaced and a general modernization of the system be effected as soon as possible.

During the past nine years it has cost the Town approximately $4,000.00 to maintain its present unsatisfactory fire alarm system. This is a yearly average of $445.00 for maintenance and repair. The Committee believes this recommendation will yield a substantial saving in the cost of maintaining this very important service. The Fire Department is only as good as its fire-alarm system.

Sixth. That one additional full-time patrolman be appointed at once in order that arrangements may be made whereby police headquarters will be adequately covered and the Town patrolled both day and night.

Seventh. That arrangements be made at once for the regular response of the cruising car to all fires.

Eighth. That a long range program be prepared for both the fire and police departments which will tend to increase their efficiency through:—

(a) Personnel training and operation;
(b) A combined fire and police headquarters building; and
(c) A modern ladder truck for the fire department.

Cost of Proposed Immediate Recommendations

The yearly cost of these recommendations will total as follows:—

Police Department	$ 2,330.00
Fire Department	9,400.00
Total	$11,730.00

This will call for an addition of about $2.35 per $1,000 on the tax rate.

This does not include any costs coming under the Long Range Program.

We repeat what we have said before, we believe the citizens of the Town will approve of this added expense provided they receive its value in additional services.

If the Committee recommendations are adopted in full we believe this can and will be accomplished.

REPORT OF STATE AUDITOR

Mr. Theodore N. Waddell,
Director of Accounts,
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the Town of Lynnfield for the period from June 19, 1941, the date of the previous audit, to September 20, 1943, and submit the following report thereon:

The financial transactions as recorded on the books of the several departments collecting money for the town or committing bills for collection, were examined and checked in detail.

The books and accounts of the town accountant were examined and checked with the treasurer's books and with the records in the several departments. The receipts, as recorded, were checked with the treasurer's cash book and the payments were compared with the warrants authorizing the disbursements of town funds. The ledger was analyzed, the appropriations as recorded were compared with the town clerk's record of appropriations voted, and the recorded transfers from the reserve fund were checked with the authorizations by the Finance Committee.

A balance sheet, which is appended to this report, was prepared showing the financial condition of the town on September 20, 1943.

The books and accounts of the Town Treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the collector's records of payments to the treasurer, with the records in the several departments collecting money for the town, and with other sources from which money was paid into the town treasury, while the payments were checked with the selectmen's warrants to the treasurer.

The cash balance on September 20, 1943, was proved by actual count of the cash in the office and by reconciliation of the bank balances with statements furnished by the banks in which town funds are deposited.

The payments of debt and interest were checked with the amounts falling due and with the canceled securities on file.

The securities and savings bank books representing the investments of the trust funds in the custody of the town treasurer were personally examined and listed. The income was proved and the receipts and disbursements were verified.

The books and accounts of the tax collector were examined and checked. The poll, property, and motor vehicle excise taxes, special assessments, and water district taxes outstanding at the time of the

previous examination were audited, and all subsequent commitments were checked to the assessors' warrants. The payments to the town and the water district treasurers were checked with the respective cash books, the recorded abatements were compared with the assessors' records of abatements granted, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

At the commencement of the audit, the collector's cash book entries and postings to the commitment books were found to be in arrears and considerable time elapsed before the work was brought up to date so that the books could be audited. Due to many errors in the clerical work of the collector, it was necessary to check in detail all postings on the commitment books to the cash books, a procedure which greatly increased the length of the audit and made the cost to the town excessive and out of proportion to what it reasonably should be for a town of the size of Lynnfield.

The collector's bank balance as of September 20, 1943, was reconciled with a statement furnished by the bank of deposit. The reconciliation of the cash book balances with the bank balance and the cash on hand, which was verified by actual count, showed that the sum of $533.53 was due from the tax collector to balance his accounts. This sum was paid to the town treasurer before the completion of the audit.

It is recommended that the collector of taxes make a determined effort to secure prompt settlement of all outstanding taxes, assessments and water district taxes which are considerably in arrears, as may be seen from the appended balance sheet. To assist the collector in this work, detailed lists of outstanding taxes for the levies of 1940 and prior were given to him.

It was noted that the collector has failed to make payments to the town treasurer as often as once a week, as required by Section 2, Chapter 60, General Laws.

Verification of the outstanding tax, assessment, and water district taxes was made by mailing notices to many persons whose names appeared on the books as owing money to the town and the water districts, the replies received thereto indicating that the accounts, as listed, are correct.

The records of tax titles held by the town were examined and checked. The amounts added to the tax title account were compared with the collector's records, the redemptions were checked with the receipts as recorded on the treasurer's cash book, and the outstanding accounts were compared with the records at the Registry of Deeds.

It is recommended that the town treasurer take action promptly to foreclose rights of redemption of tax titles held by the town more than two years, as provided by Section 65, Chapter 60, General Laws.

The records of licenses and permits issued by the selectmen and the town clerk were examined and checked, and the payments to the State and to the town were verified.

The surety bonds of the financial officials bonded for the faithful performance of their duties were examined and found to be in proper form.

The accounts of the sealer of weights and measures and the building inspector, of the public welfare and library departments, as well as of all other departments collecting money for the town, were examined, checked, and reconciled with the treasurer's and the accountant's books.

In addition to the balance sheet referred to, there are appended to this report tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, assessment, tax title, and departmental accounts, as well as tables showing the trust fund transactions.

For the co-operation extended by the various town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts.

ACCOUNTANT'S CERTIFICATE

To the Citizens of the Town of Lynnfield:

I have examined the Cash Receipts in the various Trust Funds in the hands of the Town Treasurer and find them to be correct. During the year the Arkansas Power & Light Company bond in the George N. Blake Library Fund was called and the bank did not report such condition until long after the Town's book's were closed. Therefore, an adjustment in the income of said fund will be necessary for the year 1944.

The receipts as reported by the Treasurer agree with the books and the payments by the various departments were as stated in the foregoing report, to the best of my knowledge and belief.

In the past year this office has been obliged to assume the duty of keeping a record and reporting to the Internal Revenue Department all taxes withheld from Town employees. 174 accounts were maintained for this purpose and the total amount of tax withheld amounted to $3,883.27.

Respectfully submitted,

LESLIE E. LUSCOMBE,
Town Accountant

RECORD OF SPECIAL TOWN MEETING
HELD MONDAY EVENING, MAY 8, 1944

The meeting was called to order at 8:10 P.M. by the Moderator Joseph Smith, who read the call for the meeting and the Constable's return.

On motion by Mr. Joseph Cassidy it was voted to omit the reading of the articles of the warrant, until taken up for action.

Article 1. To see if the Town will vote to accept as a public way that portion of a private way known as "Rossmore Road" for a distance of about six hundred thirty (630) feet, more or less, beginning at a point on the northeasterly side of Fairview Road, as shown on a plan of land by Otis W. McIntosh, C. E., dated February, 1937, and recorded in Essex South Registry of Deeds at Salem under certificates of title Nos. 9764 and 10798, said portion running in a northeasterly direction, for a width of forty (40) feet, to be known as "Rossmore Road", provided that proper releases are obtained from all abutters and the owners of the fee, or what action they will take thereon.

Voted: On motion by Mr. Joseph Cassidy, that the Town accept as a public way that portion of a private way known as "Rossmore Road," as described in article one of the warrant.

Article 2. To see if the Town will vote to appropriate by transfer from the School Lunch Reserve Fund the funds available therein or any portion thereof to the School Committee for use in the continuation of the hot lunch program, so called, or what action they will take thereon.

Voted: On motion by Mr. Burton Barrows that the Town appropriate by transfer from the School Lunch Reserve Fund the sum of $3,500.00 to the School Committe for use in the continuation of the hot lunch program, so called.

Article 3. To see if the Town will vote to raise and appropriate, or appropriate by transfer from existing funds in the hands of the Town Treasurer, a sum of money for the necessary alteration and equipment of the Town Hall to provide suitable quarters for the clerk, files and records of the Board of Assessors, Tax Collector and Town Treasurer, and for the renovation of an existing room, now used for storage, to provide an office for the use of the Town Counsel, the Chief of Police and the care of the Town's legal library, or what action they will take thereon.

Voted: On motion by Mr. Joseph Cassidy that the Town raise and, appropriate the sum of $550.00 for the necessary alteration and equipment of the Town Hall as stated in article three of the warrant.

All articles in the warrant having been disposed of the meeting dissolved at 8:23 P.M.

HARRY W. HIGGINS,
Town Clerk.

Representative in Congress, for Eighth Congressional District
Councillor, for Fifth Councillor District
Senator, for Third Essex Senatorial District
Two Representatives in General Court, for Tenth Essex Representative District
County Commissioners (Two) for Essex County
Sheriff for Essex County

And also to vote YES, or NO upon the following questions:

Question No. 1 — Proposed Amendment to the Constitution

Shall an amendment to the constitution to provide for a Fair, Concise Summary instead of a Description, of Each Proposed Amendment to the Constitution and Each Law submitted to the People, under the Initiative and the Referendum, and certain changes relative to the filing of Initiative Petitions which is further described as follows:—

This amendment amends Article XLVIII of the Amendments to the Constitution by striking out section three under the heading "The

Initiative." "II. Initiative Petitions" and inserating in place thereof a new section which provides:—

That an initiative petition for a constitutional amendment, or a law shall first be signed by ten qualified voters of the Commonwealth and shall be submitted to the Attorney General not later than the first Wednesday of the August before the assembling of the General Court into which it is to be introduced. It may be filed with the Secretary of the Commonwealth if the Attorney General shall certify that the measure and its title are in proper form and that it is not, affirmatively or negatively, substantially the same as any measure which has been qualified for submission or submitted to the people at either of the two preceding biennial state elections, and that it contains only subjects not excluded from the popular initiative and which are related or which are mutually dependent.

The Secretary shall provide blanks for the use of subsequent signers. He shall print at the top of each blank a fair, concise summary of the proposed measure, as determined by the Attorney General as it will appear upon the ballot, together with the names and residences of the first ten signers. All such petitions, with the first ten signatures attached, shall be filed with the Secretary not earlier than the first Wednesday of the September before the assembling of the Legislature into which they are to be introduced, and the remainder of the required signatures shall be filed not later than the first Wednesday of the following December.

Section 3 of that part of said Article XLVIII under the heading "The Referendum, III. Referendum Petitions." is also amended by striking out the second sentence of such section and inserting in place thereof provisions that the Secretary shall provide blanks for the use of signers of a referendum petition on a law requesting that the operating of such law be suspended subsequent to the first ten signers and shall print at the top of each blank a fair, concise summary of the proposed law as determined by the Attorney General as it will appear upon the ballot, together with the names and residences of the first ten signers.

Section 4 of that part of said Article XLVIII under the heading "The Referendum, III. Referendum Petitions," is also amended by striking out the third sentence of such section and inserting in place thereof provisions that the Secretary shall provide blanks for the use of signers subsequent to the first ten signers of a referendum petition asking for the repeal of an emergency law or of a law which takes effect because the referendum petition does not contain a request for suspension, and shall print at the top of each blank a fair, concise summary of the proposed law as such summary will appear on the ballot together with the names and residences of the first ten signers.

Article XLVIII is further amended by striking out subheading "III. Form of Ballot" and subheading "IV. Information for Voters" under the heading "General Provisions" and inserting in place thereof new subheadings III and IV, which provide, respectively:

III. FORM OF BALLOT

A fair, concise summary of each proposed amendment to the Constitution and each law submitted to the people, as determined by the Attorney General shall be printed on the ballot. The Secretary shall give each question a number and cause such question, except as otherwise authorized in said article of amendment, to be printed on the ballot in the following form:

In the case of an amendment to the Constitution: Do you approve of the adoption of an amendment to the Constitution summarized below, (here state, in distinctive type, whether approved or disapproved by the general court, and by what vote therein)? YES —— NO —— (Set forth summary here.)

In case of a law: Do you approve of a law summarized below, (here state, in distinctive type, whether approved or disapproved by the general court, and by what vote thereon)? YES—— NO. (Set forth summary here).

IV. "INFORMATION FOR VOTERS"

The Secretary shall print and send to each registered voter the full text and every measure to be submitted to the people, together with a copy of the legislative committee's majority and minority reports with the names of the majority and minority members and the fair, concise summary of the measure as such summary will appear on the ballot, and in such manner as may be provided by law, other arguments for and against the measure,—

which proposed amendment was approved by the General Court and in a joint session of the two branches held July 8, 1941, received 201 votes in the affirmative and 2 in the negative, and in a joint session of the two branches held May 12, 1943, received 214 votes in the affirmative and 5 in the negative.

—be approved? YES —— NO ——

Question No. 2 — Proposed Amendment to the Constitution

Shall an amendment to the constitution to provide that the General Court may prescribe the terms and conditions under which pardons of offences which are felonies may be granted which is further described as follows:—

This article of amendment to the Constitution of Massachusetts annuls Article VIII of section 1 of chapter II of Part the Second of the Constitution, which vested the Governor, by and with the advice of the

Council, with the full and unrestricted power of pardoning offences of which a person is convicted, except such as persons may be convicted of before the Senate by an impeachment of the House, and adopts a new Article VIII in place thereof.

This new Article VIII vests the pardoning power in the Governor, by and with the advice of the Council, but provides further that if the offence to be pardoned is a felony the Legislature shall have power to prescribe the terms and conditions upon which a pardon may be granted.

The new Article VIII contains the same provisions as the old with relation to the ineffectiveness of pardons granted before a conviction,—

which proposed amendment was approved by the General Court and in a joint session of the two branches held July 8, 1941, received 199 votes in the affirmative and 1 in the negative, and in a joint session of the two branches held May 12, 1943, received 193 votes in the affirmative and 0 in the negative,

—be approved? YES —— NO ——

Question No. 3 — Proposed Amendment to the Constitution

Shall an amendment to the constitution restoring Annual Sessions of the General Court and an Annual Budget which is further described as follows:—

This amendment to the Constitution of Massachusetts annuls Article LXXXII of the Amendments which provides for biennial sessions of the Legislature and a biennial budget, and makes effective those earlier provisions of the Constitution and its Amendments which were annulled or affected by said Article LXXII,—

which proposed amendment was approved by the General Court and in a joint session of the two branches held July 8, 1941, received 172 votes in the affirmative and 38 in the negative, and in a joint session of the two branches held May 12, 1943, received 188 votes in the affirmative and 52 in the negative,

—be approved? YES —— NO ——

Question No. 4 — Proposed Amendment to the Constitution

Shall an amendment to the constitution providing for Absent Voting by Qualified Voters who by Reason of Physical Disability are unable to vote in Person which is further described as follows:—

This amendment to the Constitution of Massachusetts annuls Article XLV of the Amendments to the Constitution which related to absentee voting and adopts in its place a new Article XLV which authorizes the Legislature to provide for voting, in the choice of any officer to be elected or upon any question submitted at an election, by qualified voters of the Commonwealth who at the time of such election are absent

from the city or town of which they are inhabitants or are unable by reason of physical disability to cast their votes in person,—

which proposed amendment was approved by the General Court and in a joint session of the two branches held July 8, 1941, received 171 votes in the affirmative and 30 in the negative, and in a joint session of the two branches held May 27, 1943, received 184 votes in the affirmative and 61 in the negative,—

—be approved? YES —— NO ——

Question 5 — Law Submitted Upon Referendum After Passage

Shall a law described as follows:—

This law amends chapter 271 of the General Laws by striking out section 22A as previously amended, and inserting in place thereof a new section 22A, which provides that conducting or promoting a game of whist or bridge in connection with which prizes are offered to be won by chance, or allowing such a game to be conducted or promoted shall not authorize the prosecution, arrest or conviction of any person for such acts under chapter 271 of the General Laws, which deals with crimes against public policy, if the entire proceeds of the charges for admission to such game are donated solely to charitable, civic, educational, fraternal or religious purposes. This new section does not contain as did the section now stricken out, provisions authorizing the licensing and conducting of the game of beano,—

which section was approved by both branches of the General Court by vote not recorded,—

—be approved? YES —— NO ——

To obtain a full expression of opinion voters should vote on all three of the following questions:—

(a) If a voter desires to permit the sale in the city (or town) of any and all alcoholic beverages to be drunk on and off the premises where sold, he should vote "Yes" on all three questions.

(b) If he desires to permit the sale herein of wines and malt beverage only to be drunk on and off the premises where sold, he will vote "No" on question one, "Yes" on question two and "No" on question three.

(c) If he desires to permit the sale herein of all alcoholic beverages but only in packages, so called, not to be drunk on the premises where sold, he will vote "No" on questions one and two and "Yes" on question three.

(d) If he desires to permit the sale herein of wines and malt beverages to be drunk on and off the premises where sold and in addition other alcoholic beverages but only in packages, so called, not to be drunk on the premises where sold, he will vote "No" on question one and "Yes" on questions two and three.

(e) If he desires to prohibit the sale herein of any and all alcoholic beverages whether to be drunk on or off the premises where sold, he will vote "No" on all three questions.

1. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)? YES —— NO ——

2. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)? YES —— NO ——

3. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises? YES —— NO ——

HARRY W. HIGGINS,
Town Clerk.

RECORD OF SPECIAL TOWN MEETING HELD MONDAY EVENING, NOVEMBER 20, 1944

The meeting was called to order at 8:00 P. M., by the Moderator, Joseph Smith, who read the call for the meeting and the Constable's return.

Article 1. To see if the Town will vote to transfer a sum of money from Excess and Deficiency, so-called, to the use of the School Committee for the purpose of making repairs to the buildings on the former Perry property at 505 Main Street (the High School site) or to see what action they will take thereon.

Voted: On motion of Mr. Burton Barrows that the Town transfer the sum of $400.00 from the Excess and Deficiency Fund for the purpose of making repairs to the buildings on the former Perry property at 505 Main Street (the High School site).

Art. 2. To see if the Town will vote to transfer a sum of money from the "School Lunch Proceeds Available" account to the use of the School Committee for the continued operation of the hot lunch program to the end of the calendar year of 1944, or to see what action they will take thereon.

Voted: On motion of Mr. Burton Barrows that the Town transfer the sum of $1,200.00 from the "School Lunch Proceeds Available" account to the use of the School Committee for the continued operation of the hot lunch program to the end of the calendar year of 1944.

Art. 3. To see if the Town will vote to accept the provisions of G. L. (Ter. Ed.) Chapter 147, section 13a, for the establishment of a reserve police force, the number to be determined by the Town, or to see what action they will take thereon.

Art. 4. To see if the Town will vote to accept the provisions of G. L. (Ter. Ed.) Chapter 147, section 13c, providing that appointments to the reserve police force shall be subject to G. L. (Ter. Ed.) Chapter 31 (Civil Service), or to see what action they will take thereon.

Voted: On motion by Mr. George Peavey that action on these Articles be indefinitely postponed.

Art. 5. To see if the Town will vote to transfer a sum of money from Excess and Deficiency, so-called, to the Municipal Buildings Account of General Government for the purpose of repairing windows, doors and other fixtures at the Chemical Building, or what action they will take thereon.

Voted: On motion by Mr. William Moxham that the Town transfer the sum of $100.00 from Excess and Deficiency, so-called, to the Municipal Buildings Account of General Government for the purpose of repairing windows, doors and other fixtures at the Chemical Building.

Art. 6. To see if the Town will vote to re-zone from a residence district to a business district a parcel of land on the east side of Broadway, beginning at the southeasterly boundary of land now or formerly of Bennett and extending in a general southerly direction along the easterly side of said Broadway to land of the City of Lynn, and of the same width as the business district northerly of said point of beginning, and as it existed prior to the special town meeting of April 21, 1941.

Voted: Mr. Louis Tuck, Chairman of the Planning Board, read a report of the action taken by the Planning Board, on the proposed re-zoning as described in Article 6 of the Warrant for Special Town Meeting to be held at Town Hall, Lynnfield, November 20, 1944.

Motion was made by Mr. Louis Tuck, and duly seconded, that the Town re-zone the parcel of land as described in Article 6. Tellers were appointed to count the vote, the result being 65 for the re-zoning and 8 opposed. The count was challenged and a new count was ordered by the Moderator, the result being 65 in favor of re-zoning and 14 opposed.

Art. 7. To see if the Town will vote to authorize the Superintendent of Streets, under the supervision of the Board of Selectmen, to sell or otherwise dispose of one old-type sand-spreader, so that the proceeds thereof may apply to the purchase of one new-type sand-spreader, the balance of the purchase price thereof to come out of the General Account of the Highway Department appropriation, or to see what action they will take thereon.

Voted: On motion by Mr. Minot Carter that the Town authorize the Superintendent of Streets, under the supervision of the Board of Selectmen, to sell or otherwise dispose of one old-type sand-spreader, so that the proceeds thereof may apply to the purchase of one new-type sand-spreader, the balance of the $300.00 thereof to come out of the Ice and Snow Fund.

All Articles in the Warrant having been disposed of the meeting was dissolved at 9:15 on motion of Mr. Joseph Cassidy.

HARRY W. HIGGINS,
Town Clerk.

AMENDMENT TO ZONING BY-LAW ADOPTED NOVEMBER 20, 1944

I, Harry W. Higgins, Town Clerk of the Town of Lynnfield, Massachusetts, hereby certify that a Special Town Meeting was duly called and held Monday evening, November 20, 1944, and that the attached hereto marked "A" are two duly attested copies of, Article 6 of the Warrant of said meeting, That attached hereto marked "B" is a certificate of the Chairman of the Planning Board of said Town with reference to public hearing concerning Article 6, the nature thereof, and the time and place of holding same; that attached hereto marked "C" are two duly attested copies of vote passed at said meeting acting under Article 6, and setting forth that 79 votes were cast, of which 65 were in the affirmative and 14 in the negative; that before said vote was taken the Planning Board made final report to said meeting, as required by Section 27, Chapter 40, of the General Laws, that attached hereto marked "D" are two duly attested copies of the By-Law as voted.

I, Harry W. Higgins, Town Clerk of the Town of Lynnfield, Massachusetts, hereby certify that a Special Town Meeting was duly called and held Monday evening, November 20, 1944, and that the following is a true copy, of Article 6 of the Warrant of said meeting.

Article 6. To see if the Town will vote to re-zone from a residence district to a business district a parcel of land on the east side of Broadway, beginning at the southeasterly boundary of land now or formerly of Bennett and extending in a general southerly direction along the easterly side of said Broadway to land of the City of Lynn, and of the same width as the business district northerly of said point of beginning, and as it existed prior to the Special Town Meeting of April 21, 1941.

HARRY W. HIGGINS,
Town Clerk.

"B"

In accordance with the General Laws of the Commonwealth, the Planning Board held a Public Hearing on Thursday, November 16, 1944, at the Town Hall in Lynnfield, Massachusetts, on the matter of re-zoning a parcel of land on the easterly side of the Newburyport Turnpike beginning at land now or formerly owned by Bennett, and running southeasterly by said Turnpike 275 feet, and to a depth of 913 feet approximately.

This Hearing was advertised in the "Daily Evening Item," a paper published in the City of Lynn, Massachusetts, Friday, October 27, 1944.

There were no objectors appearing to be heard. All present were in favor of re-zoning.

The decision of the Planning Board is that the present business district on the easterly side of the Newburyport Turnpike be extended from land now or formerly owned by Bennett, 275 feet, and for the same depth as the existing business district to land now or formerly of J. C. Newhall.

LYNNFIELD PLANNING BOARD,
Louis B. Tuck, Chairman.

REPORT OF BOARD OF SELECTMEN

To the Citizens of the Town of Lynnfield:

Your Board of Selectmen respectfully submits its report for the year ending December 31, 1944, for your consideration.

During January and February much time was devoted to preparing various Articles for the Warrant to be submitted at the Annual Town Meeting, together with making up the numerous budgets which come under the jurisdiction of the Board.

Believing that the extreme hazard of air raids was over, your Board negotiated with the Municipal Light Departments of Peabody and Reading to the effect that the shields were removed from the street lights thereby affording sufficient light on the highways to assure our citizens more adequate protection.

In the interest of Public Health your Board entered into a three-year contract with Mr. John Waselchuck for the removal of garbage.

As in the past your Board of Selectmen, in conjunction with the School Committee, made the necessary arrangements to continue the hot lunch program for the school children.

Your Board has inquired about the possibility of having the American Express Agency extend their delivery service into the Town. Because of war conditions it is not possible to have this service in this town at the present time. Your Board will further endeavor to have this service extended to our Town in the future.

In April this Board decided that their meeting room was inadequate for their needs. This room was therefore turned over to the Board of Assessors. The two small rooms across the hall were made into one large room for the use of the Selectmen. This makes it possible for a larger number of citizens to be accommodated at conferences with the Board.

During the month of May, it was decided that because of the temporary increased use of bicycles, the riding of bicycles on sidewalks within the limits of the Town is hereby prohibited.

Believing there to be a need for a combination law library and Police consultation room, your Board sanctioned the renovating of the storage room on the first floor of the Town Hall. This room is located between the kitchen and the report center. In cleaning out this room it was discovered that the Town owns a nearly complete set of Massachusetts reports and laws. A very small amount of money will purchase the books needed to complete this set.

Your Board successfully negotiated with officials of the City of Peabody whereby the smoke nuisance at the Peabody dump on Route 128 has been eliminated.

In October the Civil Service Commission announced a list of persons eligible to be appointed regular police officers. To fill the vacancy in the Police Department your Board appointed Douglas S. Parsons a regular patrolman. Mr. Parsons was the high-ranking man on the list.

As the year drew to a close your Board established a regular intermittent police list. The Civil Service Commission supplied a list of persons eligible to be appointed to this classification. Accordingly, your Board appointed Thomas F. Ganley and Chilton M. Hastings. These men are now qualified to serve the town in the capacity of police officers in the event of a vacancy on the police force.

Respectfully submitted,

STANLEY W. HEATH,
GEORGE W. PEAVEY,
ARTHUR B. MADDISON

REPORT OF BOARD OF APPEALS

ON BUILDING AND ZONING LAWS

December 31, 1944

To the Board of Selectmen,
Lynnfield, Mass.

Gentlemen:

We are pleased to submit our annual report for the period ending December 31, 1944.

During the year the Board conducted two hearings on appeals from the decisions of the Building Inspector. No other cases were presented to this Board.

Respectfully submitted,

LOUIS B. TUCK,
Acting Chairman.

REPORT OF TOWN COUNSEL

February 1, 1945.

The Honorable Board of Selectmen,

Lynnfield, Mass.

During the year of 1944, this department handled several cases before the Appellate Tax Board, on appeals from the valuations by the Board of Assessors. In one case, involving the Commissioner of Taxation, an agreement was reached whereby the case against the Town was dismissed. In another case, an amicable adjustment was made between the parties before trial. In a third case which involved a definite principle of assessment, the case was heard for two days, and I am pleased to report that the finding was in favor of the Town. One appeal is pending at the present time, and this will probably go to a hearing.

At the request of the Town Treasurer, foreclosure proceedings were commenced in the Land Court to foreclose the tax title held by the Town on a large and valuable parcel of property. This lien dated back for fifteen years and because of the condition of the file, considerable work was necessary to prepare the case before the petition could be filed. A review has also been made of the outstanding tax titles which should be acted upon, and it is my sincere recommendation that the town appropriate the necessary funds to the Town Treasurer so that steps may be taken to foreclose the liens, and restore the various properties to the tax lists. Such an expenditure would justified, as in many cases, a profit will be shown in the tax title account. This will require considerable work, inasmuch as the methods in vogue years ago were not conducive to accuracy in the records.

The undersigned has also continued, with the Board of Assessors, the Tax Collector and the Town Treasurer, the work of modernizing the records and systems of assessment and taxation. Excellent progress has been made, but it will, of course, require some time before it is completed. However, I believe that there has been sufficient evidence of the benefits derived to date, to justify the expense of the full time clerk at the Town Hall.

When the law library was set up, it was found that many volumes were missing, and no new volumes of Massachusetts Reports had been added since about 1930. I was able to purchase at reduced prices those volumes from 1930 to 1945, and have also been able to secure some of the more ancient volumes at nominal cost. Ultimately, I hope to have the library restored to its complete efficiency. A set of Massachusetts Laws Annotated in ten volumes has also been added, without any cost to the Town.

In addition, more requests for opinions have been received from the various departments than in previous years, and opinions given on all questions.

Respectfully submitted,

JOSEPH W. CASSIDY,
Town Counsel.

REPORT OF POLICE DEPARTMENT

To the Honorable Board of Selectmen and
The Citizens of the Town of Lynnfield:

I herewith submit my report of the activities of the Police Department for the year ending December 31, 1944.

The number of arrests totaled forty-nine as classified:

1 Assault
2 Larceny of automobile
2 Malicious mischief
1 Using motor vehicle without authority
4 Juvenile delinquency
5 Driving motor vehicle to endanger life
5 Driving motor vehicle while intoxicated
10 Drunkenness (Male)
1 False alarm of fire
12 Violation of motor vehicle laws
3 Vagrants
3 Non-support

In addition to the above arrests we have handled through the registry of motor vehicles or otherwise, 211 automobile violations and settled out of court, damage by children involving 33 persons.

Other activities include:

Property recovered amounting to $2,140.57
135 Doors found open, made secure
17 Lost or missing persons located
5 Commitments
27 Automobile accidents
24 Condition of streets reported
59 Stray or dead animals cared for
63 Ambulance cases
171 Street lights reported out
86 Motor vehicle transfers
36 Summons served for other departments
6 Driving licenses suspended or revoked
5 Automobile registrations revoked

We have answered 728 complaints requiring police attention and investigation, answered all fire alarms and have endeavored to be of assistance whenever called whether or not requests have been of a police nature. We have been called upon on four occasions for the resuscitator which proved successful in two of the four cases.

Notwithstanding the decrease in traffic due to the rationing of gasoline and tires, there has been an increase in automobile accidents over the preceding year and there were two fatals on the first day of the year. The number of court cases has increased appreciably, there having been a considerable increase in the number of arrests. Although there has been considerable damage of a malicious nature, I believe that by comparison, Lynnfield has been very fortunate and at present all malicious damage cases have been cleared up satisfactorily.

We have enjoyed perfect co-operation with all other departments on various occasions and I take this opportunity to thank the heads of the several departments.

Respectfully submitted,

EVERETT S. WEBSTER,
Chief of Police Department.

REPORT OF FIRE DEPARTMENT

To the Honorable Board of Selectmen and
The Citizens of Lynnfield:

Herewith I respectfully submit my annual report of the Fire Department for the year ending December 31, 1944.

The Department responded to 81 alarms, 2 emergency calls, total 83.

49 were forest, woods and grass fires
4 were auto and truck fires
3 Oil burner fires
5 Building fires
6 False alarms
4 Needless alarms
3 Dump fires
4 Out of town mutual assistance calls
2 Still alarms
1 Electric motor
2 Emergency calls

We stretched 6500 feet of 2½-inch hose, 7000 feet of 1½-inch hose, 9500 feet of 1-inch hose, 3500 feet of booster line hose, raised 175 feet of ladders, used 200 gallons soda and acid chemicals, 30 pump tanks.

The total insured building loss was about $14,000.00; the contents loss approximately $2,500.00.

Respectfully submitted,
WILLIAM W. MOXHAM,
Chief of Fire Department.

REPORT OF BUILDING INSPECTOR

January 8, 1945.

The Honorable Board of Selectmen,
Town of Lynnfield, Mass.

Gentlement:

During the year 1944, forty-five (45) permits have been issued as follows:

31 Alterations and repairs
Approximate value, $7,514.00
14 Garages, poultry houses and outbuildings
Approximate value, $4,630.00

Respectfully submitted,
HENRY A. HASKELL,
Building Inspector.

REPORT OF SEALER OF WEIGHTS AND MEASURES

Lynnfield, Mass., Dec. 11, 1944.

To the Honorable Board of Selectmen:

The following articles were sealed in 1944:

Platform Scales	6
Spring Scales	8
Computing Scales	4
Slot-weighing Scales	1
Liquid Measures	20
Gas Pumps Meters	29
Oil Measuring Pump	2
Counter Scales	3

Fees collected, $22.81.

Respectfully submitted,
GEORGE A. WESTOVER,
Sealer of Weights and Measures.

REPORT OF INSPECTOR OF MILK

To the Honorable Board of Selectmen:
Gentlemen:

I herewith submit my report as Inspector of Milk for the year ending Dec. 31, 1944.

I have inspected places where milk was kept for sale and issued licenses as required.

Number of licenses issued, 23.

Fees collected, $11.50.

Respectfully submitted,
ARTHUR W. BRYANT,
Inspector of Milk.

REPORT OF DOG OFFICER

To the Honorable Board of Selectmen:
Gentlemen:

I herewith submit my report as Dog Officer for the year ending Dec. 31, 1944.

I have answered 80 calls and disposed of 42 dogs.

Respectfully submitted,
ARTHUR W. BRYANT,
Dog Officer

REPORT OF SUPERINTENDENT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen,
Gentlemen:

The past year's work was carried along the same lines as in previous years. Woodlands were looked over for Gypsy Moth infestations and party creosoted. There are scattering infestations in Town with a slight increase in the south end of Town over last year. There were no Brown-tail Moth webs found last year. Tent caterpillars were very heavy last year in all parts of Town. The Elm Leaf Beetle remains about the same as last year, heavy on private property.

All of this work is carried on under the supervision of the State Department of Conservation. The State contributed $578.55 in supplies to the Town during the past year.

I hope that a larger appropriation will be made so that the above infestations may be properly taken care of during the coming year.

Respectfully submitted,
LYMAN H. TWISS,
Superintendent.

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen,

Gentlemen:

At the last Annual Town Meeting an appropriation was made for the care of shade trees. This was used to take down dead and dangerous trees, also to trim up trees where there were dangerous limbs. Some cavity work was done. This department planted about 800 evergreen trees in the Town Nursery back of the Town Hall. The hurricane did considerable damage to these trees, some of which has been taken care of, but there is still a lot to be done.

I hope that a much larger appropriation will be made at the next annual Town Meeting to carry on this work, and that a similar amount will be provided for the purchase of trees to be planted along the highways.

Respectfully submitted,

LYMAN H. TWISS,
Tree Warden.

REPORT OF HEALTH OFFICER

January 14, 1945

To the Honorable Board of Selectmen:

I herewith submit my report for the year ending December 31, 1944.

Health Officer.

REPORT OF SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen
Town of Lynnfield, Massachusetts

Gentlemen:

The streets throughout the Town came through the winter in pretty good shape. The usual spring cleaning was done on most of the streets; due to the shortage of help all was not completed.

Tar was put on the roads that needed it the most. This coming year I hope we will have more.

By vote of Town at a special meeting, called in November, we bought a new Finke Sand-Spreader which is working out very well; hope to buy another one for the other truck and a loading machine.

The bushes were cut along the Highway all over Town.

Respectfully submitted,

MINOT H. CARTER
Superintendent of Streets.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Lynnfield:

The School Committee submits it Annual Report:

The past year has been a most interesting and challenging one for all who administer the educational interests of your children. We appreciate the fine and unselfish cooperation which we have experienced from everyone during the past year. Your committee has held regular meetings on the third Monday night of each month during the regular school year. In addition, they have met in several special sessions to consider problems which were of an emergency character.

The details of our educational program and its administration are set forth in the report of the Superintendent of Schools. May we urge everyone to read the report with care and thoughtful consideration. It contains everything that has been before your committee and is clearly presented by our efficient Superintendent of Schools, Mr. John D. Whittier. May we call attention to a few important matters in the report.

Enrollment

The total enrollment in all grades of the two elementary schools of the town is 357. The high school and vocational school enrollments are 113. This makes a grand total of 470 children who are receiving the benefits of public school education in the town. The average cost of educating each pupil in the elementary schools is $158.98. The average cost per pupil in the high school is $283.06. These figures are well worth considering in the light of certain recommendations which will be brought out later in the report.

Finance

Your committee has operated the schools during the past year strictly within the limitations of the budget adopted at the regular Town Meeting. Rising costs and increased services, together with an advance in the tuition rate at Wakefield High School for the coming year, makes it necessary for a slight increase in the budget for the ensuing year. The increase at Wakefield High School amounts to about $1,300.00.

Teacher Appointments

During the year we received the resignations of three of our regular teachers—Miss Priscilla Berry, Miss Dora Jean Coffin, and Miss Clark. To fill the vacancies thus created, the following teachers were elected for a period of one year: Miss Ruth Washburn, Miss Ivanetta Newton, and Mrs. Veronica Hatch. These new appointees have given very satisfactory service and are a welcome addition to our teaching staff.

Hot Lunch Program

Early in the year the school Hot Lunch Program was reorganized and put on a new basis with most satisfactory results. A committee was appointed to administer the program with Mr. Whittier as chairman. The other members of the committee included Mrs. Smith and Mr. Barrows of the School Committee, Mr. Kelley and Mrs. Morrill, principals of the Center and South Schools; and the presidents of both Parent-Teacher Associations. Through the kind assistance of Mrs. Ross, State Assistant Supervisor of Hot Lunch Programs, our program here has attracted considerable attention, not only locally but outside of our town. The town of Middleton is planning to install a similar program patterned after ours next year. During the course of the year we have received $2,189.07, in subsidy from the State. The children have contributed $2,373.27, making the total income $4,562.34. The total expenditure for food, labor, and general expenses, amounted to $4,215.97. The net profit has amounted to $346.57. A great deal of credit for the successful conduct of the program goes to Miss Glenna Woodbury, dietician and business manager of the program. For the full details see the Superintendent's Report.

Maintenance and Operation

At present writing, our school buildings are all in a good state of repair. The major repairs which have been effected during the year were as follows:

The painting of Miss Woodbury's room in the Center School. The cheerful aspect of this room stands out in sharp contrast to the rather dismal and darkened walls of the other rooms. As soon as the war is over, we would recommend that the Center School be thoroughly renovated.

General repairs have been made on both the Center and South Schools and in the Center School the coal stoker was removed and the oil heater unit restored. This makes for a much cleaner building and lightens considerably the load on Mr. Higgins, the capable janitor. Just as soon as possible, it is contemplated to refinish desk tops in both buildings and to effect such other improvements as seem expedient.

Attendance and Health

During the course of the year our school doctor has conducted 347 physical examinations. The details of these examinations are contained in the Superintendent's Report.

Post-War Plans

For many years the citizens of Lynnfield have been conscious of the fact that increased school facilities were becoming an increasing necessity. The time seems to have arrived when concrete action must be taken. We do not have adequate buildings for our elementary

pupils. Our tuition assessments for high school pupils going to Wakefield are steadily increasing. Several large housing developments will begin as soon as war conditions will permit, which will mean increased population for our town. Post-war planning with its projects to aid in employment for returning soldiers is taken as seriously by citizens of Lynnfield as by towns in other sections of the country. Therefore, the School Committee has sat in conference with the Planning Board and the Committee and Planning Board will recommend a school building program which will not only meet the immediate needs or anticipated needs of the near future, but the plan which we contemplate, will adapt itself to whatever changing needs an increase in population might bring. We are, therefore, recommending two new building projects which will be considered at a later date.

The Perry Estate

During the course of the year, the question of the jurisdiction of the Perry property came up for consideration and settlement. The following questions were raised, to wit:

1—Is the school committee properly in charge of the property?

2—Would those in charge of the Perry property have a right to rent it?

3—To what extent may repairs be made on the property?

After consultation with Mr. Cassidy, Town Counsel, the following ruling was made:

1—"I rule that the School Committee is in general charge and superindendence of the former Perry Estate."

2—"Those in charge of the Perry Estate (School Committee) have the right to rent the property, if in their opinion it is to the advantage of the town to do so."

3—"The School Committee may make specific repairs if they have the money in their budget for the purpose of preventing deterioration but in this specific case where extensive and general repairs are contemplated, they should have the authority of the Town Meeting to do so, particularly where school purposes are not involved."

Acting through the authority of the vote of the Town, the School Committee has placed the Perry Estate in a very good state of repair and it is now rented to Professor Stanley H. Martin, a professor in

Boston University. By virtue of the ruling of the Town Counsel, the School Committee will continue to keep this property in a good state of repair.

Teachers' Salaries

During the course of the year, your Committee gave serious attention to the matter of teachers' salaries, and has worked out a salary schedule which we hope will serve the purposes of the Town for years to come. It is based on a basic minimum salary established by State law and progresses through logical steps to a basic maximum salary. We feel that one of the surest remedies for the removal of inefficient teachers in a school system, is the advancement of salaries. The community will then seek better talent, the better talent will then seek better pay. To our way of thinking, the best talent and the largest experience as far as teaching is concerned, should be found in our elementary schools. We feel that a sliding scale of salaries based upon qualifications and experience ranging from minimum to maximum for the well-established and successful teacher is absolutely essential if we are going to have efficient instruction. We feel that our salary schedule contributes strongly to the feeling of unity and satisfaction among the teachers. It is easy to operate. It will attract teachers of superior ability and training and give them a higher appreciation of their services. It will encourage professional study and growth and, thus, insure more efficient teaching in the grades.

In closing this report, the Chairman appreciates the co-operation given by the other members of the Committee and wishes to thank Mr. John D. Whittier for his efficient and untiring efforts to give Lynnfield the best kind of education possible.

Respectfully submitted,

DR. JAMES R. HOUGHTON,
Chairman
MRS. JOSEPH SMITH, Secretary
MR. BURTON W. BARROWS

TEACHERS

Miss Priscilla Berry, Miss Dora Jean Coffin, and Miss Clark resigned their positions to become effective at the close of school in June, having accepted positions elsewhere. The respective positions vacated were filled by the election of Miss Ruth Washburn, Miss Ivanetta Newton, and Mrs. Veronica Hatch.

It is a most serious matter to fill vacancies in our teaching corps. Salaries in Massachusetts and in adjoining states have advanced to a point that our salaries do not attract the quality of teacher desired. Training institutions have but few students in training in comparison to the number of positions to be filled. At the present time no student from any town under my supervision, in so far as I am able to determine, is enrolled in any teacher training institution. Similar conditions prevail in thousands of communities.

We may expect to keep our schools in operation if married women are employed in case the services of unmarried women are not available. We are most fortunate in having in town several teachers of past successful experience who might be available during the war and adjustment period.

SCHOOL LUNCH

After some years of trial, error, failures and successes, I am pleased to report we now have our lunch program functioning most satisfactorily.

Since May, Miss Glenna Woodbury, a member of teaching corps, has served as dietician and Business Manager.

Her previous experiences as Dietician in large institutions has been of great value in the reorganization and management of our lunch program. In addition to the services of Miss Woodbury, we have had Mrs. Ethel Tyack, Mrs. Esther Getchel, and Mrs. Marion Delameter who have prepared and served the meals most satisfactorily.

It will greatly facilitate the operation of the program if a rotating fund can be set up for the operation of the lunch program.

The following tabulated report by months contains information submitted monthly in order to be reimbursed from federal funds.

SECONDARY EDUCATION

Our one hundred thirteen pupils are now enrolled in several different high schools. The policy of the present committee in allowing pupils to attend the high school of his choice is to be commended. Tuition for pupils attending a high school other than Wakefield is paid but in no case does the committee pay more than is the established tuition fee for those pupils attending Wakefield High School.

The established rate at Wakefield for high school tuition in 1945 is $172.65 as against $163.11 in 1944. Due to the increase in tuition rate of $9.54 per pupil and the possible enrollment of one hundred thirty-four in secondary schools next September accounts for a very definite increase in our school budget.

MAINTENANCE OF SCHOOL PROPERTY

The painting of school buildings both inside and out is being omitted because of the shortage of labor and excessive costs. Repairs are only made as necessary for the operation of the two school plants.

The major repairs for the present year are: Installation of a floor in present lunchroom and corridors leading to the same at Center School, repairing of roof at Center School Annex, and refinishing desk tops at both buildings.

The refinishing of desk tops is very necessary as no suitable classroom desks can now be purchased.

If the present plans of the Planning Board materialize as is anticipated, the South School Building will eventually be replaced by a modern elementary school building. It therefore seems inadvisable to consider making more repairs or alterations to the present building than are necessary for the safety of the pupils and the operation of the school plant as is.

The present Center School building will be used for many years. It would seem that consideration should be given to insulating the balance of the north and west walls and that part of the attic not already insulated in the old part of the building.

A tremendous amount of money is being expended in fuel for this building only to have the heat go to the spacious attic which is nothing different in construction than most other "open attics".

CONCLUSION

Our school has completed a successful year. Every member has accepted graciously duties assigned. Pupils have been most cooperative. Parents have assisted by developing in their children an appreciation of school advantages provided. The several town departments have continued their splendid cooperation. I am grateful to all.

I express to you, Madam and Sirs, my appreciation of your sympathetic understanding and unselfish service in this, the most important branch of our local government.

Respectfully submitted,

JOHN D. WHITTIER,
Superintendent of Schools.

Scabies	1
Tinea Circinata	1
Urticaria	2
Home Visits	122
Consultations with parents by telephone	87
First Aid Dressing	98
Classroom visits	555

A minimum of defects were found among the upper grade pupils, which is significant of the close supervision and fine co-operation of parents.

Apparently more children are receiving pre-school diphtheria immunizations, which is gratifying because of the greater protection.

We are fortunate to have four children attending speech correction classes.

I wish to acknowledge the excellent supervision and co-operation of the teaching staff whose assistance is inestimable.

I wish to acknowledge the splendid co-operation of the School Physician, Health Officer, Superintendent of Schools, parents and town officials for their assistance in helping to maintain the fine standard of health in our schools.

Respectfully,

LUCY G. LINDQUIST, R. N,
School Nurse.

CLASS POEM

To go onward to success
We must strive to do our best
And continue to pursue
The happy goal that lies in view.

To go onward to success
We must face life's grueling test.
With courage, hope and not despair
We'll win the honors fair and square.

When life's road looks dark and grim
Trust in God and pray to Him.
With the will to win through thick and thin
We'll make this world worth living in.

Our goal is not so far away.
We're getting nearer day by day.
The word defeat means less and less
Because we're onward to Success.

NO SCHOOL SIGNAL

In case of no school for the day in grades or high school, announcement will be made by Station WNAC between seven and eight o'clock.

AGE OF ADMISSION

No child will be admitted to the first grade at the opening of school in September, who was not five years of age on or before the first day of April preceding his entrance.

Pupils are admitted to this grade only during the first two weeks of school in September, unless they have attended school in some other town.

VACCINATION

Children who have not yet been vaccinated will not be admitted to school in September unless they present a certificate from a regular physician stating that they are not fit subjects for vaccination.

Parents are requested to attend to this matter during the summer vacation as exemption must be presented at the opening of school to entitle the children to admission.

HONORS

At the close of schools in June, special awards to pupils were made as follows:

Perfect attendance certificates	5
Penmanship certificates	72
Reading certificates	128

REPORT OF LIBRARY TRUSTEES

To the Citizens of the Town of Lynnfield:

War conditions are still having their effect on the Library. Many of our patrons are in the armed forces. Many more are working in war plants or are expending their energies on the war effort in other ways. These facts, together with the restrictions in the use of automobiles have resulted in a decreased circulation of books. A close study of our statistics seems to indicate, however, that the average number of books outstanding has not been reduced very much, but due to the conditions outlined above, patrons take longer to read their books, resulting in a lower turnover. This is amply borne out by the fact that the fine money received is this year at an all time high.

The war is also having a depreciating effect on our books, since the books now being published have thinner paper and weaker bindings. This indicates that the new books which are now being acquired will wear out faster than formerly and must eventually result in an increased appropriation for books.

A very encouraging aspect of the present situation is the trend away from light fiction towards books of a more serious nature, especially towards the fields of History, Fine Arts, Description and Travel. This is very gratifying to the Trustees, as it indicates that readers are using the Library for its primary purpose, the improvement of their minds.

Respectfully submitted,

MRS. KATHERINE S. HIGGINS
MALCOLM C. EATON
RUDOLF P. SCHLENKER
Trustees of Public Library.

REPORT OF PLANNING BOARD

The Lynnfield Planning Board submits its report for 1944.

For the past two years the Planning Board has taken over the duties of a Post War Project Committee for the Town. Considerable attention has been given to the Post War Projects mentioned in our report for last year. These several Projects will be reported upon individually at a later date. This report will be confined to the usual Planning activities.

The Board received an application for Approval of Subdivision from Royal Barry Mills as trustee for the Sherwood Forest Trust. The first section to be considered is a parcel of land containing approximately thirty-five acres, bounded by Summer Street, State Highway 128, Oak Street, and Suntaug Lake. The lots are from one-quarter to three-quarters of an acre, and are restricted. About three hundred houses will ultimately be added to the Town and they will be Early American in architecture.

The present business section on Broadway was extended southwesterly two hundred and seventy-five feet. When the material can be obtained the present owner intends to erect a building that will cost approximately $25,000, and in no way be a detriment to its surroundings. The Planning Board considers land utilization on Broadway requires re-zoning from residential to business as acceptable businesses can be induced to locate there. We hope to have all business places landscaped, and make this thoroughfare one of the most attractive in the State.

The Board has recommended to the Selectmen the advantage of straightening the boundary line with the Town of Reading, and suggested that an Article be put in the Warrant for the Annual Town Meeting, giving the voters an opportunity of voting on this question.

While we have had very little new building in Town during the past year, we feel that as soon as the War is over and building material can be secured, Lynnfield will grow rapidly, just as it did after the last War. Our best efforts will be to control this growth, that Lynnfield will always be, as it is now, a typical New England village.

We wish to thank all the Town Officials who have assisted and worked with us during the past year.

Respectfully submitted,

LOUIS B. TUCK, Chairman.

ACCOUNTANT'S CERTIFICATE

To the Citizens of the Town of Lynnfield:

I have examined the Cash Receipts in the various Trust Funds in the hands of the Town Treasurer and find them to be correct. The income from Trust Funds in the hands of others has been received for the year 1944 and credited to the proper accounts.

The receipts as reported by the Treasurer agree with the books and the payments by the various departments were as stated in the foregoing report to the best of my knowledge and belief.

I take this opportunity to express my appreciation to the various departments for their co-operation and it has been a pleasure working with them. With great regret I have submitted my resignation due to the fact that this position consumes more spare time than I have.

Fire resisting covering may be laid over a previous covering of fire resistant material provided that the existing covering has not been laid over wooden shingles" or to see what action they will take thereon.

Voted on motion by William Moxham that the Town amend Section 11 of the present Building Laws, as adopted at the Town Meeting of March 12, 1945, and approved by the Attorney General on

April 25, 1945, so that Section 11 shall read as follows: "Every Building hereafter erected shall have a fire resisting roof covering, and no existing wooden shingled roof, if damaged more than 25%, shall be renewed or repaired with other than fire resisting covering. Fire resisting covering may be laid over a previous covering of fire resistant material provided that the existing covering has not been laid over wooden shingles.

Article 6. To see if the Town will vote that the Collector of Taxes be elected for a three year term, or what action they will take thereon.

Votd on motion made by Joseph Cassidy that the Town elect a Collector of Taxes for a three year term, as of election of March, 1946.

Article 7. To see if the Town will vote to transfer a sum of money from the so-called Tractor Fund to the general purposes of the Highway Department or to see what action they will take thereon.

Voted: On motion made by Minot Carter that the Town transfer the sum of $2,000.00 from the so-called "Tractor Fund" to the general purposes of the Highway Department.

Article 8. To see if the Town will vote to transfer from the Excess and Deficiency Account a sum of money for the installation of three street lights on Sylvan Circle, or to see what action they will take thereon.

Voted: On motion made by Everett Webster that the sum of $14.50 be transfered from the Excess and Deficiency Account for the installation of three street lights on Sylvan Circle.

Article 9. To see if the Town will vote to authorize the sale of the Ford Fire Engine by the Chief of the Fire Department under the supervision of the Board of Selectmen, or to see what action they will take thereon.

Motion was made by William Moxham that the Town vote to authorize the sale of the Ford Fire Engine by the Chief of the Fire Department under the supervision of the Board of Selectmen. The motion was voted on and not passed.

Article 10. To see if the Town will vote to transfer from the Excess and Deficiency Fund a sum of money for the purchase of additional fire hose, or to see what action they will take thereon.

Motion was made by William Moxham that the Town vote to transfer from Excess and Deficiency Fund the sum of $1,500.00 for additional fire hose. An amendment was offered by Carl Russell that action on this article be postponed until the annual March Meeting. The amendment was voted on and not passed. Additional amendment was offered by Carl Russell, that the fire hose be purchased under the supervision of the Selectmen and that at least five competitive bids be obtained. This amendment was voted on and passed.

Article 11. To see if the Town will vote to allocate space in the present or any future Town Hall Buildings for the use of the "Harold P. Peabody Memorial" or to see what action they will take thereon.

Voted: On motion made by Norma McKillop that the Town allocate space in the present or any future Town Hall Buildings, for the use of the Harold P. Peabody Memorial.

Article 12. To see if the Town will vote to transfer a sum of money from the Excess and Deficiency Fund to the use of the School Committee for repairs to the water system, plumbing, roof, porte-cochere, porches, barn and other necessary repairs of the so-called "Perry Property" on Main Street, or to see what action they will take thereon.

Motion was made by James Houghton that the Town vote to transfer from the Excess and Deficiency Fund the sum of $700.00 to the use of the School Committee for repairs to the water system, plumbing, roof, porte-cochere, barn, and other necessary repairs of the so-called "Perry Property." After the first vote was questioned tellers were appointed and a second vote taken, resulting as follows: 29 in favor of the motion and 35 opposed.

Article 13. To see if the Town will vote to transfer a sum of money from the "School Lunch Funds Available Account" to the School Committee for the continuation of the Hot Lunch Program.

Voted: On motion made by James Houghton that the Town vote to transfer the sum of $1,500.00 from the School Lunch Funds Available Account to the School Committee for the continuation of the Hot Lunch Program.

Meeting dissolved at 10:05 P. M.

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston
Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Lynnfield for the period from September 21, 1943, the date of the previous audit, to September 1, 1945, and submit the following report thereon:

The records of financial transactions of the several departments receiving or disbursing money for the town were examined and checked with the books and records of the town accountant and the town treasurer.

The books and accounts of the town accountant were examined and checked in detail. The recorded receipts were compared with the cash book of the town treasurer and with the books and records of the several departments collecting money or rendering bills for the town. The disbursements as recorded on the town accountant's books were verified by comparison with the warrants of the selectmen authorizing payments by the town treasurer.

The appropriations as recorded on the ledger were checked from the town clerk's records of town meetings, and the recorded transfers from the reserve fund were checked to the finance committee's authorizations for transfers. The ledger accounts were analyzed, the necessary adjusting entries were made, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on September 1, 1945.

In connection with appropriations for unpaid bills of previous years, attention is called to Section 64, Chapter 44, General Laws, which provides that such appropriations may be voted at an annual town meeting by a four-fifths vote or at a special town meeting by a nine-tenths vote, and which further requires that certain certificates be filed with the selectmen before the bills are paid.

Attention is also directed to Section 108, of Chapter 41, which provides that the salary and compensation of all elected officers of a town shall be fixed by vote of the town.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were analyzed and compared with the records in the departments collecting money for the town, and with the other sources from which money was paid into the town treasury. The payments were checked with the selectmen's warrants authorizing the disbursement of town funds, and the cash balance on September 1, 1945 was proved by actual count of the cash in the office and by reconciliation of the bank balances with statements furnished by the banks of deposit.

The payments on account of maturing debt and interest were verified by comparison with the amounts falling due and with the cancelled securities on file.

The securities and savings bank books representing the investment of the trust and investment funds in the custody of the town treasurer were examined and listed. The income and other receipts were verified and the disbursements were proved.

The records of tax held titles by the town were examined and checked, and, after the necessary adustments were made, the tax titles held were listed and reconciled with the town accountant's books and were checked at the Registry of Deeds.

The books and accounts of the tax collector were examined and checked in detail. The town and water district taxes outstanding at the time of the previous examination and all subsequent commitments of taxes were audited and proved. The collections as posted on the commitment books were compared with the cash book entries and with the recorded payments to the town treasurer and to the treasurers of the water districts as shown by their respective cash books. The abatements as entered on the commitment books were checked with the assessors' records of abatements granted, and the outstanding accounts were listed and reconciled with the town accountant's ledger.

Verification of the outstanding accounts was made by sending notices to a number of persons whose names appeared on the books as owing money to the town, the replies thereto indicating that the accounts as listed are correct except for one apparent clerical error which has been accepted by the collector and entered on the books.

The collector's cash book balances as of September 1, 1945 were verified by actual count of the cash on hand and by reconciliation of the bank balance with a statement furnished by the bank of deposit.

The computation of the tax rate by the assessors was checked and it was noted that in 1945 the amount raised exceeded the amount required by $550.00.

The records of licenses and permits issued by the selectmen and the town clerk were examined and the payments to the State and to the town treasurer were verified.

In connection with the alcoholic beverages licenses, attention is called to Section 70, Chapter 138, General Laws, which provides that no such licenses shall be granted by the selectmen unless the fee therefor has been paid into the town treasury.

The accounts of the public welfare, library and cemetery departments, as well as of all other departments collecting money or rendering bills for the town, were examined and checked. The payments to the town treasurer were verified and the cash on hand in the several departments was proved by actual count.

It is recommended that all departments keep accurate and detailed records of money collected and bills rendered for the town, and attention is called to Section 131, Chapter 140, General Laws, which provides for the collection of a fee of fifty cents for each revolver permit issued.

The surety bonds of the several town officials required by law to furnish them were examined and found to be in proper form.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the town and district taxes, tax title and departmental accounts, as well as tables showing the trust and investment fund transactions.

During the progress of the audit, cooperation was extended by the various town officials, for which I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE
Assistant Director of Accounts

REPORT OF BOARD OF SELECTMEN

To the citizens of the Town of Lynnfield:

Your Board of Selectmen respectfully submits its report for the year ending December 31, 1945 for your consideration.

During January and February much time was devoted to preparing the various articles for the Warrant to be submitted at the annual Town Meeting, together with making up the numerous budgets which come under the jurisdiction of the Board.

Early in the year the Board investigated and handled a number of complaints regarding persons having been bitten by dogs.

Your Board, fully aware of its duty to protect life and property and believing it to be the best interests of the town, placed property damage and liability insurance on all town-owned motor vehicles. The fire insurance on all municipal buildings was adequately increased to compensate for the additional cost of construction.

In January it appeared that the fuel oil ration allotted to the Town Hall would be inadequate to heat this building for the remainder of the year. Therefore, your Board ordered the use of the halls in this building by various town organizations ceased. Late in March this situation was remedied after consultation with the Ration Board and the building was again made available to the citizens.

In the opening months of the year your Board was faced with a number of unusual situations. First, in January the Town Accountant tendered his resignation to take effect March 1. This is a very important town office and the Board wasted no time in investigating the qualifications of potential aspirants for the position. After careful consideration Mr. Theodore Palizzolo was appointed to fill this position for a period of three years.

Also in January your Board sanctioned the use of the Highway Department trucks to haul coal for citizens. This act undoubtedly alleviated great suffering and hardship as it was impossible for coal dealers to keep customers supplied with this heating fuel due to the acute manpower shortage and the excessive demand for fuel.

In February Skinner Road, also known as Pillings Pond Road, was laid out as a public way for a distance of about 1688 feet from Essex Street to the railroad tracks.

In March your new Board of Stanley W. Heath, Everett S. Webster and George W. Peavey was elected in that order.

In this same month it became necessary to appoint a new janitor of the Town Hall due to the illness of the present janitor, and Mr. George Westover was appointed.

The Commonwealth of Massachusetts takes a census every ten years, the actual work of compiling the statistics to be undertaken and paid for by each individual town. Your Board felt that this could best

be done by the members of the Police Department, and accordingly these officers undertook this task, working entirely on their own time. We wish at this time to thank these men for the efficient manner in which they fulfilled this job. Many hours were spent gathering and compiling the necessary statistics of a census and your Board is appreciative of their efforts. The final tabulation shows that there are 2921 persons and 860 families in town.

In July the entire town was shocked and grieved by the sudden death of Selectman George W. Peavey while performing his duties as Deputy Fire Chief. Mr. Peavey had served as Selectman for a great many years. He had a vast knowledge of municipal law and procedure and was ever alert to the needs and wants of the townspeople. At the time of his death he was working on a set of by-laws for which the town has a great need.

In October the Board perambulated the town lines with officials of all adjoining cities and towns and found all markers in good condition.

Respectfully sumbitted,

STANLEY W. HEATH
EVERETT S. WEBSTER

At a meeting of the Board of Selectmen of the Town of Lynnfield

held on April 2, 1945, the following resolutions were adopted:

WHEREAS, God in His infinite wisdom has seen fit to separate us from Everett B. Richards, holder of Town office since 1906, Outstanding Citizen, Eminent Christian, Devoted Friend, Husband and Father and

WHEREAS, Everett B. Richards gave to his Community many years of faithful service and

WHEREAS, His example of living has been a beacon to all with whom he has come in contact and

WHEREAS, This Board of Selectmen of the Town of Lynnfield, with utmost reverence and deep affection honors him, so therefore with respect to his memory, be it

RESOLVED, That the Board of Selectmen of the Town of Lynnfield fully realize the loss they have sustained from this separation, a loss of loyalty, honesty, service and affection beyond words they may use to express, and be it further

RESOLVED, That this resolution be inscribed upon the records of the Board of Selectmen of the Town of Lynnfield and as a token of our common grief a copy thereof be sent to his family.

REPORT OF TOWN COUNSEL

To the Honorable Board of Selectmen,
Lynnfield, Massachusetts.
Gentlemen:

During the year of 1945 this department, in addition to the customary advisory work for the several municipal departments and officers, appeared before the Appellate Tax Board, the Superior Court, and before the County Commissioners on several matters.

Several cases involving the Welfare and Old Age Assistance Departments, involving the recoupment of funds previously advanced by the Town were successfully handled.

With reference to my previous annual report regarding the modernization of records of assessment and taxation, the departments involved have proceeded with this work and much progress has been obtained. With the further mechanical aids provided for by the Town Meeting, it will not be long before our records will compare favorably with any municipality in the Commonwealth, if the work continues as planned.

The work on the old tax titles by the Town Treasurer has been productive of results, and this work should be continued by a proper budget, so that the situation as it previously existed could never occur again.

Respectfully submitted,
JOSEPH W. CASSIDY,
Town Counsel

REPORT OF POLICE DEPARTMENT

To the Honorable Board of Selectmen and
The Citizens of the Town of Lynnfield:

I hereby submit my report of the activities of the Police Department for the year ending December 31, 1945.

REPORT OF BOARD OF APPEALS

FOR THE TOWN OF LYNNFIELD, MASSACHUSETTS

December 31, 1945

To the Board of Selectmen,
Lynnfield, Mass.

Gentlemen:

We are pleased to submit our annual report for the period beginning January 1, 1945 and ending December 31, 1945.

During the past year no appeals have been presented to this Board from decisions of the Building Inspector under either the Building or Zoning Laws.

No other cases were presented to this Board, and no expenses have been incurred during this year.

Respectfully submitted,

LOUIS B. TUCK, Chairman

REPORT OF SUPERINTENDENT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen:
Gentlemen:

The past years work was carried along the same lines as in previous years. Woodlands were looked over for Gypsy Moth infestations and partly creosoted. The centre part of the town is extremely good,

but the south part has one large infestation which comprises woodland on Walnut, Salem and the turnpike. This infestation is being creosoted. There were no Brown Tail moth webs found last year. The Fall web worm was very heavy last Fall. Tent caterpillars were also very heavy throughout the town. The Elm Leaf Beetle remains the same as last year, heavy on private property.

All of this work is carried on under the supervision of the State Department of Conservation. The State contributed $452.40 in supplies to the Town during the past year.

I hope that a larger appropriation will be made so that the above infestation may be properly taken care of during the coming year.

Respectfully submitted,

LYMAN H. TWISS

Superintendent

REPORT OF TREE WARDEN

To the Citizens of the Town of Lynnfield:

At the last Annual Town Meeting an appropriation was made for the care of shade trees. This was used to take down dead and dangerous trees, also to trim up trees where there were dangerous limbs. Some cavity work was done on trees that were very bad. There is still a large amount of such work to be done which is slow and costly.

The street trees, as a whole, look very good, but I hope the appropriation will be much larger so that more work can be done along these lines, and that a similar appropriation will be made to purchase and plant trees along the highways.

Respectfully submitted,

LYMAN H. TWISS

Tree Warden

REPORT OF SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen,
Town of Lynnfield, Massachusetts.
Gentlemen:

The Highway roster has been comparatively small this past year but several projects have been accomplished.

Pillings Pond Road approximately Two Thousand feet was laid out, graded and one coat of tar applied.

Douglass Road approximately Six Hundred Feet was graded and tarred.

Numerous streets throughout the Town were re-surfaced.

Considerable more time and money was spent on Snow and Ice Removal this past year than previous years.

A new D-4 Caterpillar Tractor and Plow voted to be purchased at the March Town Meeting was delivered January 12, 1946.

A building to house the Highway Department Equipment is sorely needed.

Respectfully submitted,

MINOT H. CARTER
Superintendent of Streets

REPORT OF SCHOOL BUILDING STUDY

Jan. 7th, 1946

Jesse B. Davis, Consultant

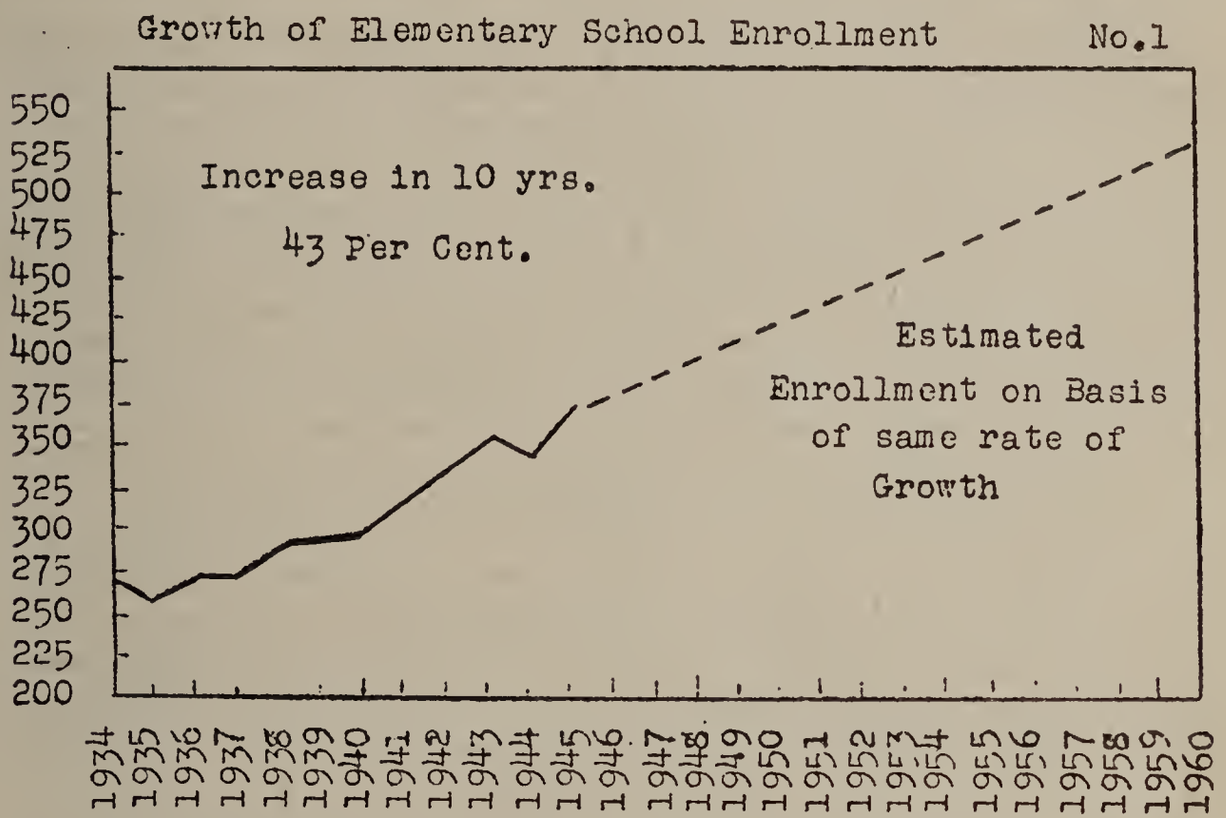
THE PRESENT BUILDING SITUATION

For some years the attention of the Town has been called to the existing unsatisfactory school building situation. The school at South Lynnfield is a constant menace to the lives of the pupils should a fire ever happen in that building. According to modern laws for safety nearly everything is wrong, and emphasizes the need for a new building providing not only safety, but opportunities for improving the teaching conditions at the same time.

The elementary school at the Center is at least a little better than the South building as one half of it is of fairly modern construction if not wholly fireproof. Conditions are badly crowded classrooms, no facilities for growth, health education and physical training, practical arts, or for aiding those needing remedial attention. The two basement rooms in this building should not be used as classrooms as they do not meet the standards for light and health.

GROWTH OF ENROLLMENT

From the records of school enrollment it is plain that Lynnfield has enjoyed a very steady and healthy growth during the past twenty-five years. There have been no decided losses or increases from year to year as was evident in so many towns during the depression. School enrollment is a very accurate index of population growth in a town. Beginning with 181 elementary pupils twenty-five years ago, a high point of enrollment of 354 pupils was reached in 1943 which is an increase of about 95 percent. If this should continue for another twenty-five years the enrollment would approach 700 pupils. In ten years we should expect around 500 pupils to be enrolled as is shown by the following graph.



Any building program should be planned to meet the needs of at least the next ten or more years. A forward looking, long term plan is always wise. With the present trend of population away from the crowded cities toward the more desirable surburban locations, Lynnfield is destined to grow. The better class of people is attracted to a community that provides good schools, good churches, and a community life that is evidenced by recreational facilities. This is the opportune time for Lynnfield to correct the unsatisfactory conditions now existing and at the same time build definitely for a progressive future.

THE FIRST STEP AT SOUTH LYNNFIELD

As stated before the worst building condition is now found at the South school and, therefore, should be the first to be improved. Before considering the details of the requirements of a new building, a proper site should be selected and secured.

The present location of the South school is in some ways convenient to approach from different directions, but as time goes on this intersection so near to route 128 will become increasingly dangerous for small children, and traffic noises will interfere with the best school work. Also at this site there does not appear to be available sufficient land of the proper area and shape for the purpose.

In determining a site for the South school we must envision a future building capable of housing around 300 pupils. We must consider that this school will become a center for youth and adults as well as for the children of the community. A good athletic field and playground is essential.

Therefore, it is recommended that a new site be selected for a new South Lynnfield school, that this site contain not less than 5 acres, with a frontage on the street of at least 300 ft. This would provide space for a building which may be added onto from time to time as future growth may require. It will also provide areas for playgrounds for kindergarten and primary children, for the older elementary pupils, and for youth and adult recreation in the community. The lot suggested by Superintendent Whittier located on the south side of Salem street should be given serious consideration. The frontage of about 450 feet and an area of about 6 acres is ideal.

REQUIREMENTS OF A SOUTH SCHOOL BUILDING

This building should be planned as a permanent housing for grades one through six. Grades 7 and 8 will have to be housed in this building until a central Junior-Senior high school can be built to provide those pupils with the household arts for girls and the mechanic arts for boys that they should have. In the meantime a new South School building should provide the following facilities:

Schedule of Rooms

6 Standard Classrooms equipped for hand work and modern teaching methods.
1 Kindergarten with essential accessories.
1 Administrative suite.
1 Health clinic.
1 Teachers' room with toilet.
1 Remedial classroom.
1 Small auditorium and recreation room for play and light physical training.
1 Cafeteria.

Heating plant, storage rooms, toilets for boys and girls, drinking fountains, provision for wraps. No basement other than heating plant.

Many details such as dimensions of rooms, wardrobes, bookcases and other built in equipment should be worked out with the architect as plans are being developed. Such a building and grounds would provide through its auditorium and recreation areas a splendid community center.

THE CENTER SCHOOL

The Center School building is a poorly planned structure, one half an old type wooden building with a brick addition, affording no real protection in case of fire. There are only six classrooms on the first floor. As stated before the two rooms in the basement should not be used for class purposes. There are now 250 pupils in this school making it practically impossible to provide proper grading of the pupils or to provide satisfactory teaching conditions. This situation should be re-

lieved as soon as possible. Before suggesting a solution of this problem we should study the high school trends and needs of the community.

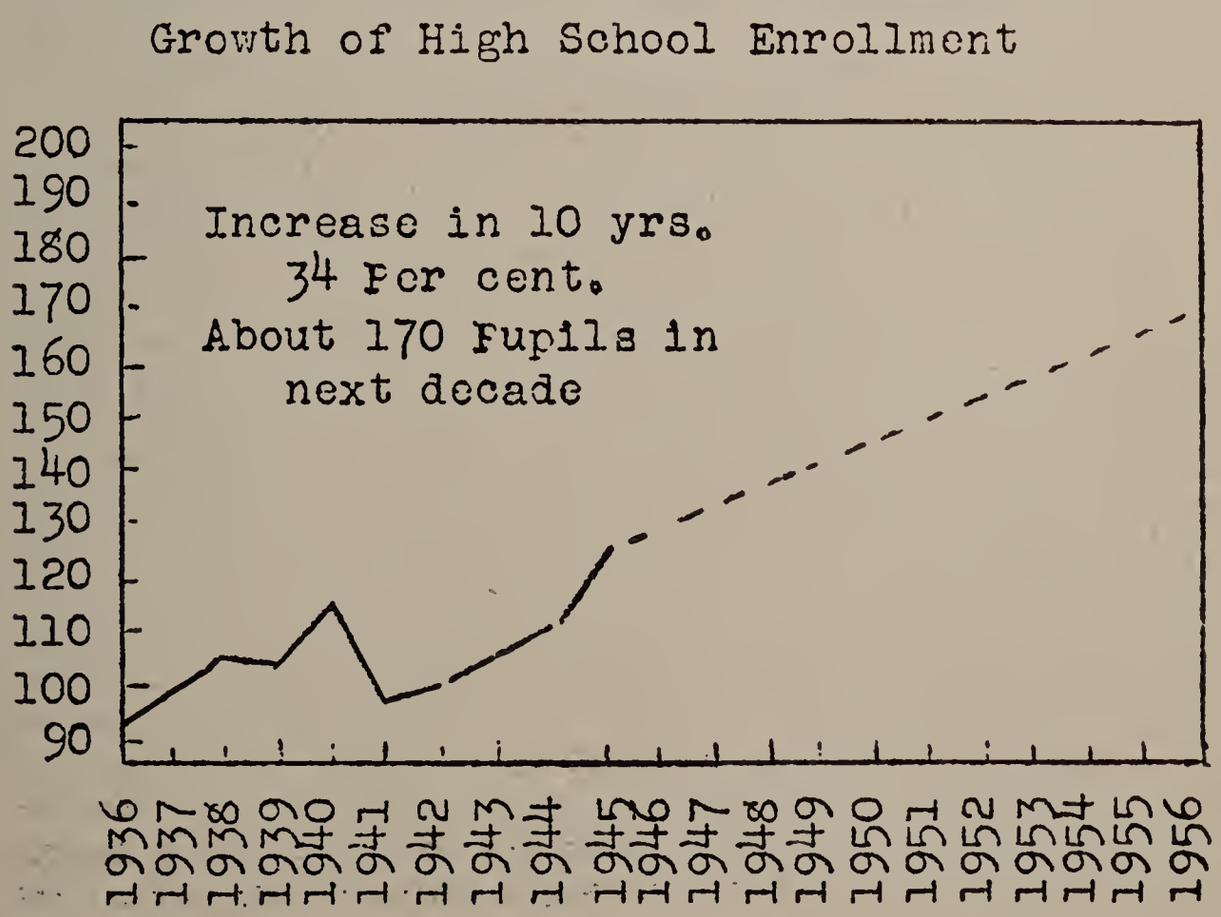
THE HIGH SCHOOL PROBLEM

It has been the custom for Lynnfield to send its pupils of high school grades to Wakefield High School. The tuition costs have been increased to a very high rate per pupil. It is also evident that Wakefield is not over anxious to receive them. At the best these pupils are denied many of the privileges and advantages that they would experience in their own local high school. Also the Town of Lynnfield is losing much by not training their own boys and girls for that local loyalty and responsibility of citizenship that is possible in their own school. These handicaps to Lynnfield youth should be removed as soon as it may be feasible.

HIGH SCHOOL ENROLLMENT

Without a local high school some pupils finishing the eighth grade do not continue their education beyond the compulsory school age because of the inconvenience and lack of incentive. Also some parents will prefer to send their children to private schools rather than submit them to the sacrifices of commuting to another town.

The diagram below illustrates the growth of high school enrollment in Lynnfield during the past ten years, with a projected dotted line continuing the same rate of increase for the next ten years.



To prophesy an enrollment of about 170 in high school grades in the next decade is a very conservative estimate as the rate of increase appears to grow with the years.

A JUNIOR-SENIOR OR SIX YEAR HIGH SCHOOL

Experience has proved that the most economical administration of secondary education in the small community is found in the six-year organization including grades seven through twelve. At the present time there are now enrolled 209 pupils in these grades. This number will approach 300 pupils within the next ten years. Therefore, it is wise to plan now just how this situation can best be met.

The following recommendations are made for serious consideration by the Committee:

1. That a six-year high school organization be approved as the future development of the Lynnfield school system.
2. That steps be taken now to plan what the complete building program should be, and then to erect as soon as feasible the first unit of such a plan.
3. That the present unsatisfactory Center School building should eventually be replaced by a modern structure.
4. That the complete building program at the Center should include an elementary school, a memorial Auditorium-Gymnasium, and a six-year High School.

PROPOSED BUILDING PROGRAM AT THE CENTER

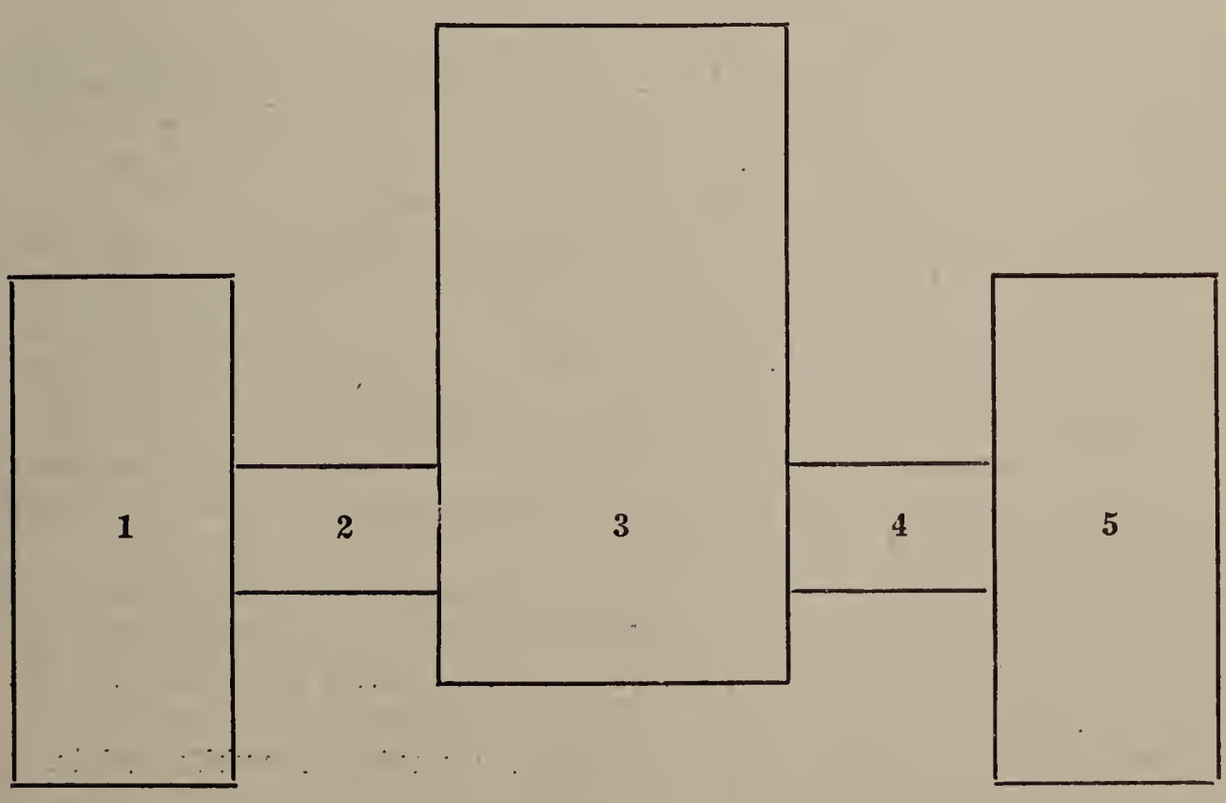
The school site now owned by the Town at the Center is most satisfactory from every standpoint. The athletic field, already laid out, is ample for both school and community uses. The adjoining area, known as the Perry property, affords ample space for the development of the recommended building program. In locating a site for a school building the first consideration is the suitability of the land for building purposes, and its area for future development. Next in importance is its availability or location with respect to the school population. For children in the elementary or primary grades the school should be located as near the homes of the children as possible. However, for the older pupils in the junior-senior high school, the location of the building with respect to the homes of the pupils is not of the same importance. Transportation of pupils will be necessary anyhow, wherever the building is placed. In a town the size of Lynnfield the difference between one location or another as to time or distance covered by transportation would be negligible. Again the important thing is the desirability of the site itself. Therefore, it is recommended that the site known as the Blood Athletic Field and the Perry property be approved as the location of future school building development at the Center.

RECOMMENDED PROCEDURE

There are two ways in which this building program can be approached. Build first the elementary school unit, second the auditorium-gymnasium, and third the six-year high-school unit. Or, start with the high-school unit and follow with the auditorium and elementary school units. If it could be made certain that the entire plant would be constructed within a reasonable period of time, it would make but little difference which unit was built first. Experience in many other towns proves that, regardless of the good intentions of the planning committee, if an old unsatisfactory building is allowed to remain standing and used until a second unit is built to take its place, it may not be done for many years.

To build a satisfactory elementary school unit and to use it temporarily for a junior high school would not be satisfactory as it would not readily provide the special rooms and equipment desired without unnecessary cost. On the other hand the secondary school unit could not house elementary classes in its standard classrooms even for a very short period of time without serious handicap. The most economical plan would be to leave the elementary grades, 1 to 6, in the old building until the new elementary unit is completed. The crux of the matter is to make certain that the elementary unit is built soon and that the old building is removed. The diagram presented here is for the purpose of making clear the descriptions of the several units which follow.

Diagram of Building Plan



1. Junior-Senior High School Unit
2. Cafeteria-Library-Study Hall
3. Auditorium-Gymnasium
4. Health Clinic — Office of Superintendent
5. Elementary School Unit

I. A JUNIOR-SENIOR HIGH SCHOOL.

It is recommended that at the Center as a first unit (1) of a complete plan shall be a junior-senior high-school building. This building should include the following rooms essential to the housing of a junior-senior program of studies.

5 Standard Classrooms
1 Science Laboratory
1 Library and studyroom
1 Domestic Science and Art suite
1 General Shop and mechanical drawing room
1 Administrative suite
Teachers' room, toilets, lockers, etc.
A heating plant would be located with respect to the entire plan.

These features would be supplemented by the special facilities of the Auditorium-Gymnasium section. A connecting structure (2) between the high school and the auditorium could include a cafeteria that might also serve as a library and study hall.

II. THE AUDITORIUM-GYMNASIUM

This memorial building (3) should be planned to serve both the school and the community. Its main features would include the following:

1. A combination auditorium and gymnasium.
2. A large stage at one side of the main or playing floor. This stage will also serve to seat spectators at games and exhibitions on the floor.
3. On the opposite side of the floor from the stage would be a bank of permanent seats for spectators.
4. Below this bank of spectators' seats would be storage space for chairs to seat the floor for large audiences, town meetings, graduation programs, etc.
5. Below the stage would be the locker and shower rooms for boys and for girls. These would also be used as dressing rooms for those taking part in plays, concerts, etc., produced on the stage.
6. At the entrance to the auditorium would be public toilets, a check room and a ticket office.

III. A NEW CENTER ELEMENTARY SCHOOL.

The third and final step in completing this forward looking building program is a new elementary school unit (5) to replace the present outmoded building. This structure would be located on the opposite side of the auditorium from the high-school unit to balance the architectural design. It also separates the elementary pupils from the older high-school pupils, but also permits them to enjoy the opportunities of the gymnasium, cafeteria, etc., without interference.

The minimum requirements of this elementary school unit would include the following:

6 standard classrooms
1 kindergarten
1 remedial classroom
1 principal's office
1 teachers' room
Boys' and girls' toilets
Drinking fountains, storage rooms, book rooms, etc.

These are the absolute essentials. Two extra classrooms might well be provided for expansion, as new buildings and improved educational offerings always result in greatly increased enrollments.

The connecting link (4) between the auditorium and the elementary school corresponding to the cafeteria on the other side would include the health clinic and the office of the superintendent of schools and the school committee.

This completes the description of a progressive and forward looking building. The unit type of plan is presented so that construction can proceed in accordance with the financial ability of the Town.

CONCLUSION AND SUMMARY OF RECOMMENDATIONS

After a survey of the present school buildings and the needs of the town of Lynnfield, it is evident that three units of the proposed program ought to be built now. These are a new South School, a Junior-Senior High School, and a Memorial School and Community Auditorium-Gymnasium. How near the Town can come to this accomplishment is a problem of finance rather than of educational need.

A summary of the recommendations in this report follows:

1. That it be recommended to the Town to buld a new South Elementary School.
2. That the Town secure a suitable site of five to six acres for the new South School.
3. That the present Blood Athletic Field-Perry property sité be selected as the site for the school building program at the Center.

4. That the policy of developing a future six-year, or junior-senior, high school organization be approved.
5. That the second structure undertaken be the first unit of the Center program, a junior-senior high school building.
6. That a memorial school and community auditorium-gymnasium be erected as the second unit of the Center program.
7. That a successful architect, experienced in school house planning, be employed to prepare sketches to the extent that estimates of cost can be made in arriving at a proper request for appropriations to be presented to the Town.

THE REPORT OF THE SCHOOL COMMITTEE

To the citizens of the Town of Lynnfield:

The School Committee submits its annual report:

During the past year there have been problems regarding the schools on which the School Committee has had to make important recommendations to the town. The foremost among these, of course, follows earlier recommendations and suggestions regarding increased educational facilities in the school system. For several years past, your school committees have been urging the citizens of the town to provide adequate housing for its school children. Now the problem is very acute and the town must face the situation immediately.

The Committee has been gravely concerned about the over-crowded condition of the schools, and it has been no small matter to wrestle with this problem. Now several large housing developments are starting, or will start, in the near future. This will mean increased population for the town and will necessitate increased housing facilities for school children. The Committee has had several conferences with the Post War Planning Board, and through them engaged the services of a highly trained consultant, Dr. Jessie B. Davis, of Boston University. Dr. Davis spent considerable time in Lynnfield and prepared a report which will be included as a part of your committee's report to the Town. From the very nature of this document, you will observe that there is an immediate need for a new school in South Lynnfield, and also a new school in the Center to be comprised of an elementary and junior high school combined.

At a joint meeting of the Post War Planning Committee and the members of the School Committee, it was voted to recommend to the Town at a meeting to be held on February 4th, to purchase a lot of land composed of twelve acres in the south part of the town. This land is located on Salem street and is known as the Mansfield property. This is the first step to be taken for the location and construction of a new school at South Lynnfield. After the land has been purchased, the services of a reliable architect should be engaged to work out plans for the new building. We hope that the town will see the wisdom of this action and move forward to the construction of an adequate building for South Lynnfield.

Salary Schedule

Last year we made a slight adjustment in our Salary Schedule, but owing to increased cost of living and services, we are faced with the necessity of making further adjustments that will place the teachers in our schools on a comparable basis with teachers in surrounding communities. We take pride in our teachers, and want them to feel that they are adequately compensated for their services. We are,

therefore, following the procedure of many surrounding towns, and have recommended to the finance committee a general increase of 10% to all members of the teaching staff.

Finance

Your committee has operated the schools during the past year strictly within the limitations of the budget adopted at the regular town meeting. Rising cost and increased services together with an advance in the tuition rate at the Wakefield High School for the ensuing year makes it necessary for a slight increase in the budget for the ensuing year.

Hot Lunch Program

We wish to call the attention of the citizens of the Town in the Superintendent's report with reference to the Hot Lunch Program. The program has been carried out in a thoroughly satisfactory manner, and has justified this type of service to the school children.

Maintenance and Operations

At present writing, our school buildings are all in a good state of repair. Considerable painting will have to be done at the center schools, and for this purpose a sizeable amount has been placed in the budget for this year.

Attendance in Health

During the course of the year our doctor has conducted 352 physical examinations with details of these examinations which are contained in the superintendent's report.

Enrollment

The total enrollment in all grades in the two elementary schools in the town is 370, the high school and vocational school enrollments are 125, this makes a grand total of 493 children. By comparison with last year's report it will be seen that there is a steady growth taking place in the schools in Lynnfield.

The Perry Estate

The property known as the Perry Estate is now being rented to Mr. Albert Jackson. Through a satisfactory arrangement with the school committee, the property is in excellent state of repair. There is no reason to feel that this property will cost the town anything more for some months to come.

Finally in closing this report, the Chairman appreciates the fine

cooperation given by the other members of the committee, and wishes to thank Mr. John D. Whittier for his wise counsel and earnest efforts to give Lynnfield the best kind of education possible.

SUPERINTENDENT'S REPORT

Members of School Committee:

Dear Sirs:

As Superintendent of the public schools of Lynnfield, I respectfully submit my twenty-third annual report for your consideration.

Enrollment, January 1, 1946

Juniors	32
Seniors	15
Melrose High	1
Somerville Vocational	1
Lynn English	5
Essex Co. Agricultural School	
Home Making Department	1
Total Secondary School Enrollment	125
Grand Total School Enrollment	495

The above tabulation shows that there has been an increase in enrollment of thirteen in the elementary schools, and twelve in the high schools during the year.

TEACHERS

There has been no change in the corps of teachers at the South School since June, 1942.

During the year the following teachers of the Center School resigned:

Harvey Kelley
Miss Ivanetta Newton
Miss Glenna Woodbury
Mrs. Veronica Hatch

Mrs. Abbie Eaton resigned as Art Supervisor as did Miss Grace Jenkins and Mrs. Genorie Erskine who each held this position a short time. At the present time efforts are being made to secure the services of an art suprvisor.

Mrs. Ridley was requested to assume the duties as principal at the Center School, in which position she has been most satisfactory. Other vacancies and positions were filled by the election of Mrs. Mildred Fitts, Mrs. Lena Waite, Mrs. Mildred Rourke and Miss Thaida Gruenler.

If it had not been possible to secure the services of several local teachers of experience, it would have been almost impossible to maintain our schools. At the time of filling the vacancies there were but few candidates and many of them were without teaching experience.

SALARIES

The extreme lack of candidates for positions is bound to increase salaries. Cities and Towns needing teachers will pay the price necessary to induce teachers to leave positions on a short notice. As a vacancy occurs we must be in a position to secure a teacher almost regardless of price, that our schools may be maintained. Bringing teachers of short teaching experience into the system at high salaries produces unrest among the other teachers unless their salaries are increased. Then too, our teachers feel they should be paid as well or better than a clerk, receptionist, or office worker who has had but little training beyond high school. Teachers feel that preparation for their work, successful experience and untiring devotion to duty, deserves recognition by a salary increase and I am pleased to note that they do not feel they should resort to the methods generally used by organized groups to force such an increase. Recognition by salary increase of a teachers service of high quality will react to the benefit of our schools and ultimately in producing a high standard of citizenry.

ADMITTANCE EXAMINATIONS

Several requests from parents were received during May and June for admittance of children to grade one who were not five years of age last April first.

On June 29th eighteen pupils were examined by Mrs. Beatrice Cahill. Four were examined by Dr. Alice Kent on August 30th.

On September 11th results of the examinations were presented to the Committee with a result that twenty of the twenty-two examined were voted eligible for admission.

The enrollment at the Center School was so large, it made it necessary to request the above pupils from the Center be sent to the first grade at the South School where they could be accommodated.

PRE-SCHOOL ENROLLMENT

That our first grades may not be too large another year, a census of all children not enrolled in school and whose fifth birthday occurs prior to August 30, 1946 will be taken during the month of May. Information gleaned from this census will determine if our classrooms will accommodate more than those whose fifth birthday occurs on or before April 1st, 1946. For the best interest of all concerned we should limit the number to be enrolled in the first grade at each school to a reasonable number for a teacher to properly instruct.

SCHOOL HOUSING CONDITIONS

Our enrollment in some grades is so large that it has been necessary to resort to combining two grades in some cases or a grade and a half of another grade in other cases, that classrooms should not be overcrowded or that teachers should not have too heavy a teaching load.

Circumstances forced these combinations even though the combinations were against my best judgement. To accommodate our pupils it will be necessary to combine whole or part of a grade with another grade until a suitable number of classrooms can be provided. In fact it may be necessary, beginning next September, to combine more than in the past, to possibly find classroom accommodations at the Center in another building or to school some of the Center pupils at the South School.

Whatever recommendation I may make on the above at a later date will be made after the most painstaking study keeping in mind what should be recommended for the best educational interests of the pupils and at the same time guard against subjecting them to physical hardships, or imposing upon them requirements that will interfere with their social well being.

The full report of Dr. Jessie B. Davis, School Consultant, is printed elsewhere in the Annual Town Report. I endorse the recommendations of Dr. Davis and urge all voters to give the report serious consideration.

SECONDARY SCHOOL

Enrollment figures at the beginning of this report show there are 122 pupils pursuing studies in secondary schools. At the present time the scholastic standing of most pupils is very satisfactory. Conferences with principals regarding unsatisfactory marks obtained by pupils quite generally discloses the fact that not sufficient home preparation is made on class assignments.

Tuition charges for pupils attending Lynn High Schools is $178. The charge at Wakefield for the fiscal year, 1946, is $182.17. The item of $23,536.36 in our budget is based upon the anticipation that 140 pupils will be receiving secondary school training out of town after September 1st.

EDUCATIONAL OPPORTUNITIES FOR VETERANS

The Federal Government is offering to those whose educational career was interrupted by service in the armed forces, an opportunity to resume study thereby to complete work for a high school diploma, to continue college training for a degree, or to pursue courses which will be of particular value in the work they are pursuing.

It is recommended that veterans consider taking advantage of some of the educational offerings by the Federal Government while such are provided with Federal Aid.

Veterans can secure information regarding these courses through Veteran's Organizations, Counseling Services at Colleges, the State Department of Education or through the principal of any high school.

SCHOOL LUNCH

Upon the resignation of Miss Woodbury it seemed advisable to request Mrs. Tyacke, who had been employed in the lunchroom for several years, to assume management of the lunch program at the two schools. Since September the complete lunch program has been managed most successfully by Mrs. Tyacke. Your attention is called to the financial report which is printed elsewhere in this report.

SCHOOL PROPERTY

Major repairs to the school property were:

Center School

Masonry work on walls. Roofwork on the brick annex. Installation of a cement floor in the lunch room and a drain from same to a dry well.

Complete paint job for lunchroom and adjoining corridors. Refinishing of pupils' desks.

Installation of a modern lighting system in one classroom. Changes and additions to electrical installations in the lunchroom. Repairs to oil burner.

South School

Very few minor repairs were necessary.

In anticipation of a new building to replace the South School Building it seems advisable to make only the necessary repairs that the building may be as safe as in the past and also usable.

At the Center School Building the four classrooms, corridors, the teachers' room in the wooden structure and one basement room in the brick building should be painted this year. The two classrooms and corridors in the brick building and the exterior of the school building should be painted in 1947.

As the Center School Building will be used for several years, it would seem to be an exceptionally good financial investment to insulate that part of the wooden structure not already insulated.

As soon as suitable classroom furniture is available several classrooms should be newly equipped.

TESTING PROGRAM

During early November the Stanford Achievement Test was given in grades two through eight inclusive.

The Primary Battery consisting of tests in reading, spelling, and arithmetic was given pupils of grades two and three.

The Intermediate and Advanced Batteries were given pupils of grades four to eight inclusive. These batteries consisted of tests in reading, language, arithmetic, literature, social studies, science and spelling.

The tabulated results of pupils scores in the several subjects provide us the opportunity to compare the scores of our grades with the standard scores for pupils of the several grades and age groups. Scores very definitely show in what subjects the class or individuals are or are not excelling. The need of emphasis in instruction for individuals or class can easily be determined by the classroom teacher, who will in turn change her method of instruction to meet the needs of those to be instructed. In some cases results of the tests prove very definitely that some pupils are capable of doing the work of the next grade, while others should be retained in the grade an extra year, or if possible placed in a "Special Class."

In cases of extra promotion or retardation it is always our intention to confer with the parents.

An intelligence test will be given later in the year to all pupils and this will be followed by another Stanford Achievement Test to determine progress made by pupils since the first test was given in November.

CONCLUSION

In conclusion may I thank the School Committee, teachers, supervisors and others of the Department who have assisted in our educational program.

Respectfully submitted,

JOHN D. WHITTIER,

January 22nd, 1946 Superintendent of Schools

CLASS POEM

We, the class of "Forty-Five"
For the highest goal must strive.
If we try, and if we trust
We shall triumph, this we must.

Together we have worked and played
The cornerstone of life have laid,
A stronger life we'll build each day
From paths of right we shall not stray.

The laws of life we shall meet
From our lives we'll wipe defeat,
In God we'll place our utter trust
We shall triumph. Yes, we must.

NO SCHOOL SIGNAL

In case of no school for the day in grades or high school, announcement will be made by Station WNAC between seven and eight o'clock.

AGE OF ADMISSION

No child will be admitted to the first grade at the opening of school in September, who was not five years of age on or before the first day of April preceding his entrance.

Pupils are admitted to this grade only during the first two weeks of school in September unless they have attended school in some other town.

VACCINATION

Children who have not yet been vaccinated will not be admitted to school in September unless they present a certificate from a regular practicing physician stating that they are not fit subjects for vaccination. Parents are requested to attend to this matter during the summer vacation as exemption must be presented at the opening of school to entitle the children to admission.

REPORT OF PLANNING BOARD

Lynnfield Planning Board submits its report for 1945.

During the past year the Planning Board has held 22 meetings and 2 Public Hearings,—one on a petition to change the Zoning By-Law, and two for new developments. On another occasion the Board appeared before the Parent-Teachers Association at the Centre and outlined the proposed school program and asked for suggestions or criticisms thereon.

Acting as the Post War Project Committee for the Town, the Planning Board has held several meetings with the School Committee concerning the present condition of the schools and their requirements for new buildings. These requirements were listed in our report for 1943 to wit:

New Grade School at Lynnfield
New High School
Addition to Grade School building at the Center.

During these conferences it was recommended by the Superintendent of Schools, and approved by the School Committee and Members of this Board, that a survey of the present condition and future requirements of the school buildings be made by an authority on this subject. For this purpose Dr. Davis of Boston University was engaged and has made a survey and report which include his recommendations for new buildings. This report is being considered by the School Committee and Planning Board.

The school problem and building requirements of other departments of the Town have caused the Planning Board to secure the services of an expert on Long Range Financial Planning to produce a Budget showing how these Capital Investments can be made with the lowest possible cost to the citizens. This Plan will show the running expenses of the Town for the past ten years and estimate these expenses for the

next six years, together with such expenses for Capital Improvments that the voters decide. It will also show the tax rate for the next six years. This requires not only one versed in finance but requires a Planner with the necessary experience to anticipate the growth of the Town. The Planning Board has attempted to do this but found it a task beyond our capabilities. In addition to the projects listed in our report for 1943 we have been presented with an addition to the Fire Station on land adjacent to the Town Hall to include the Police Department and a place to house the vehicles owned and used by the Street Department. Confronted with the anticipated capital investments we feel that our financial ability to handle them should first be established. This long range financial plan and budget will do that for us.

A member of this Board has attended all the meetings that have been held in this vicinity on Post War Projects. At the last meeting held at the Hotel Statler in Boston by the New England Industrial Association the theme of the meeting was that all Public Building and Improvements should be held up until the present housing shortage was relieved. It was stated that 6,500,000 homes are needed in the United States at the present moment, and every effort should be made to relieve this bottleneck. This condition is felt in Lynnfield. When material and labor are available this Town will have many new homes.

The two developments we have approved during the year 1945, have a total of thirty-two lots, and we have been presented with another development on the west shore of Suntaug Lake where forty-two lots are laid out. In this connection it is interesting to note that many of the lots in these two new developments are considerably larger than the ten thousand feet required by the Zoning By-Law. The average is from eleven thousand feet for the small lots to thirty-five thousand for the larger ones.

In our 1941 report we recommended the Town purchase some woodland for a Town Forest. This land is still available, and we are of the opinion that this should be purchased and set out with white pine trees. The day may soon come when this will be impossible.

We hoped to have the Master Plan of the Town completed at this time, but because so much of our time was taken with Post War Projects we have not been able to accomplish it. A Master Plan is quite helpful in sub-division control under Chapter 211. This will be our project for the coming year.

We have called upon the different Departments of our own Government for assistance more this past year than ever before and wish to thank them for the co-operation they have given us, particularly the Selectmen for permitting us to use their room for our meetings.

Signed

LOUIS B. TUCK, Chairman

REPORT OF TOWN TREASURER

To the Citizens of the Town of Lynnfield:

I herewith submit my report as Town Treasurer and Custodian of Trust Funds, which is self-explanatory.

In connection with the Tax Title procedure, authorized at the annual meeting in March, 1945, proceedings have been instituted with resultant collections aggregating $7,407.90 on old tax titles, some of which had been outstanding for some time. Foreclosure proceedings were completed on approximately seventeen others, with the Town taking title to those not redeemed. Six cases are pending in the Land Court for foreclosure and three more will be commenced in Land Court shortly, with seven additional titles maturing which will require low value foreclosure. In the remaining cases, some of the old tax titles, because of technical defects, were invalid, and further steps will have to be taken.

In my budget for 1946, I have requested the sum of $500.00 to finish the current work, and to continue the necessary work in future cases which arise annually.

Respectfully submitted,

HARRY W. HIGGINS,

Town Treasurer

ACCOUNTANT'S CERTIFICATE

I have examined the cash receipts and securities in the various Trust Funds in the hands of the Town Treasurer and find them to be as stated in the Treasurer's Report.

The income from Trust Funds in the hands of others has been received for the year 1945 and credited to the proper accounts.

The receipts as reported by the Treasurer agree with the books and that payments by the various departments were as stated in the foregoing report.

The Balance Sheet of the town as of Dec. 31, 1945 is in agreement with the books of the town and correctly presents the financial position of the town as of Dec. 31, 1945.

At this time I want to express my sincere appreciation for the spirit of cooperation that the various departments showed, and it has been a pleasure working with them. Their generous efforts went a long way toward making my first year as Town Accountant successful and the task a pleasant one.

RECORD OF SPECIAL TOWN MEETING
MAY 27, 1946

The meeting was called to order at 8:00 o'clock P. M. by the Moderator, Joseph Smith, who read the call for the meeting and the constable's return.

On motion by Everett Webster it was voted to omit the reading of the articles in the Warrant, until taken up for action.

Article 1. Voted: On motion by Burton Barrows that the sum of twenty-six hundred dollars ($2,600.00) be transferred to the School Committee from the "School Lunch Funds Available Account" for the continuation of the "Hot Lunch Program."

Article 2. Voted: On motion by Wesley Munroe that twelve hundred ($1,200.00) be raised and appropriated for the Soldiers' Relief Account.

Article 3. Motion was made by Benjamin Griffin that the salary of the members of the Moth Department and the Tree Warden Department be increased five dollars ($5.00) per week.

The motion was voted upon and lost.

Article 4. Motion was made by Harry Jackson that the Town vote to authorize the Board of Selectmen to sell the barn on the Perry estate, on Main Street, Lynnfield Center.

An amendment was offered by Burton Barrows that the Town authorize the School Committee to dispose of the barn on the Perry property, so-called, by sale to the highest bidder who would agree to remove all lumber and debris, demolish the barn foundation, fill in the excavation, and grade the remaining surface level, and that the money from said sale to be turned over to the Town Treasurer.

The amendment was voted upon and passed.

All articles in the Warrant having been disposed of, the meeting was dissolved at 8:20 P. M.

RECORD OF SPECIAL TOWN MEETING HELD MONDAY, OCTOBER 21, 1946

The meeting was called to order at 7:45 P. M., by the Moderator, Joseph Smith, who read the call for the meeting and the Constable's return.

It was voted on motion by Mr. William Moxham, to omit the reading of the articles of the Warrant until taken up for action.

Article 1. A motion was made by Mr. Everett Webster that the Town vote to increase the salaries of Town employees so that their salaries will coincide with the following schedule:

Highway Superintendent	$ 2,860.00 per year
Moth Superintendent	2,860.00 per year
Chief of Police	3,120.00 per year
Welfare Agent	3,120.00 per year including use of car
Regular Patrolmen	2,496.00 per year for first year
	2,652.00 per year for second and third year
	2,756.00 per year thereafter
Park Commissioners	1.25 per hour
Cemetery Commissioners	1.25 per hour
Laborers	1.00 per hour including truck drivers and machine operators
Dep. Chief, Fire Department ...	250.00 per year
Captains	250.00 per year
Lieutenants	150.00 per year
Regular Call Men	100.00 per year
Sub. Call Men	1.00 per hour
Board of Assessors	2,000.00 per year for 3 men
Building Inspector	800.00 per year
Clerk of Assessors	31.00 per week
Town Hall Janitor	40.00 per week
Town Clerk	400.00 per year
Town Treasurer	700.00 per year
Town Accountant	1,500.00 per year
Tax Collector	1,000.00 per year

Said schedule to be effective as of this date and the sum of $2,054.00 be transferred from the Excess and Deficiency Fund for the purpose of the foregoing.

An amendment was made by Mr. James MacNamara that a 20% increase be granted to all Town employees at present working on an hourly wage basis and that $500.00 be transferred from the Excess and Deficiency Account to cover the cost of said increase for the balance of the year.

An amendment to the amendment was made by Mr. George Osgood that action on Article 1 be postponed until the March meeting, when the Finance Committee will make a report of their study of the matter, and if at that time the Town should act favorably, the salary raises should be retroactive to January 1947. This amendment was carried.

Article 2. Voted on motion of Mr. John Caldwell that the Selectmen be and they hereby are authorized and directed to petition the Great and General Court of the Commonwealth of Massachusetts at its regular session in 1947 that the Town be authorized to borrow outside the debt limit an amount not exceeding the sum of $250,000.00, the amount so borrowed together with such sum as shall be raised and appropriated by the Town and included in the tax rate for the year in which the funds are borrowed to be used to pay for the construction of an elementary school in Precinct 2 of the Town and to obtain furniture and equipment for such school.

Article 3. Motion was made by Mr. John Caldwell that there be and hereby is appropriated the sum of $75,000.00 for an addition to the Centre School, so-called, increasing the floor space of said school, including the cost of original equipment and furniture for the addition, and that the Committee appointed under Article 57 of the Warrant for the Annual Town Meeting in March, 1946, be and they hereby are authorized and directed to proceed to contract for, supervise, and control the construction of such addition and obtain all such original equipment and furniture; that to meet the appropriation the sum of $10,000.00 be taken from the Excess and Deficiency Fund now available and to provide for the balance of $65,000.00 the Treasurer, with the approval of the Selectmen, be and he hereby is authorized to borrow the sum of $65,000.00 and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with the provisions of Chapter 44 of the General Laws of the Commonwealth, so that the whole loan shall be paid in not more than ten years from the date of the issuance of the first bond or note or at such earlier date as the Treasurer and Selectmen shall determine.

Tellers were appointed and a vote taken, with the following result: 300 in favor, and none opposed.

Article 4. Voted on motion of Mr. Burton Barrows, that the Town transfer a sum of money from the "School Lunch Funds Available Account" to the School Committee for the continuation of the "Hot Lunch Program."

Article 5. A report of a public hearing held by the Planning Board on this Article was read by Mr. Louis B. Tuck of the Planning Board, after which he made a motion that this Article be adopted. The motion was seconded, following which 190 voted in favor and 29 opposed.

Article 6. At the request of Mr. Minot Carter this Article was withdrawn.

Article 7. A report of the hearing held by the Planning Board was made by Mr. Louis Tuck, Chairman of the Board. It was voted, on motion by Mr. Gordon Millar, to postpone action on this Article indefinitely.

Article 8. Voted on motion by Mr. Joseph Cassidy that the Town appropriate the sum of $2,750.00 by transfer from Excess and Deficiency Fund for the railroad crossing at Skinner Road, as outlined in the order of the Public Utilities Commission in their authorization of a public crossing.

Article 9. Voted on motion of Mr. Minot Carter that the Town transfer the balance of $184.00 from the Tractor Fund to the Highway Department general fund.

Article 10. Voted on motion of Mr. Minot Carter that the Town transfer a sum of money from the Machinery Account, so-called, for the purchase of a truck for the Highway Department, and to authorize the Board of Selectmen to dispose of a 1939 Ford truck by turning the said truck in towards the purchase price of the new truck.

Articles 11 and 12. On motion of Mr. Moxham, it was voted to act on Article 11 and 12 at this time. Motion was made by Mr. Milton Doremus that Articles 11 and 12 be accepted as read. A motion was made by Mr. Joseph Cassidy to indefinitely postpone action on these articles until further consideration could be given them by the Building Inspector. This motion was voted on and passed.

Article 13. Voted on motion by Mr. Everett Webster that the Town transfer a sum of money for the purchase of signs regulating the speed of motor vehicles, said work to be done under the direction of the Board of Selectmen and money transferred from the Excess and Deficiency Account.

Article 14. Voted on motion of Mr. William Moxham that the Town appropriate by transfer, from the Excess and Deficiency Account, the sum of $300.00 for the purchase from the Federal Government or a department or commission thereof certain fire fighting equipment heretofore loaned to the Town and now in the possession of the Chief of the Fire Department as custodian, consisting of 2 500-gallon pumps, 800 feet of hose and other equipment.

Article 15. Voted on motion by Mr. William Moxham that the sum

of $350.00 be transferred from the Excess and Deficiency Account to make changes and enlarge the Assessors' room.

The meeting was dissolved at 9:13 P. M.

CERTIFICATE TO ESTABLISH A CONTRIBUTORY RETIREMENT SYSTEM FOR THE TOWN OF LYNNFIELD

The voters of the Town of Lynnfield having voted in conformity with the provisions of Section 28 of Chapter 32 of the General Laws at the State Election in 1946 to accept the provisions of Sections 1 to 28, inclusive, of Chapter 32 of the General Laws establishing a contributory retirement system for the employees of the Town of Lynnfield: The Commissioner of Insurance hereby issues a certificate declaring said contributory retirement system to be established as of July 1, 1947, in accordance with the provisions of said Section.

The employees of said Town shall become members of the retirement system of the County of Essex wherein such Town lies in lieu of the establishment of a retirement system within and for such Town as further provided by Section 28 of Chapter 32 of the General Laws.

CHARLES F. J. HARRINGTON,
Commissioner of Insurance

REPORT OF BOARD OF SELECTMEN

To the Citizens of Lynnfield:

During the year 1946 the Board met once a week in order to carry out their duties. In the early part of the year much time was spent in preparing the budgets and warrants for the annual town meeting.

After the town meeting we did our best to carry out the wishes of the people as expressed at the meeting. There were six hearings held during the first six months on complaints against dogs. Many hearings were held on petitions of the Telephone Company and various light companies on the erection and re-location of poles throughout the town.

In July the Board awarded a pension to Mrs. Peavey as required by law after a finding by three doctors.

During the year improvement was made in the street lighting in South Lynnfield and plans have been made to improve the lighting in the Center during the early part of 1947.

We have realized that this town is due for a very rapid expansion during the next few years and therefore enacted two new health regulations. One of these regulations requires that all milk sold in this town now has to be pasteurized. Another regulation sets up plumbing rules and regulations.

Speed signs have been ordered and an effort will be made during 1947 to reduce speeding through town.

REPORT OF TOWN COUNSEL

February 3, 1947

Board of Selectmen,
Lynnfield, Massachusetts

Gentlemen:

Matters passing through this department during the past year have been routine so that no special comment is necessary.

I wish, however, to call attention to a situation which, in my opinion, should be taken care of.

Our town accepted the provisions of the Workmen's Compensation Act insofar as laborers, workmen, and mechanics are involved. In previous years a fund was set up by annual appropriations and from this fund medical bills and weekly indemnity where required have been paid. We have been particularly fortunate in that none of the injuries have been serious or involving prolonged disability.

By progressive stages the benefits under the Workmen's Compensation Act have been increased in cases of disability to not more than $25.00 nor less than $18.00 weekly and up to $10,000.00.

For permanent incapacity, compensation of not more than $25.00 nor less than $18.00 weekly shall be paid practically for life.

Partial incapacity may run to $10,000.00 and in addition there is an additional weekly allowance for dependents which may bring the weekly payment up to the total weekly wage of the employee.

In death cases a maximum payment of $7,600.00 may be allowed.

It is obvious that one serious case would wipe out the compensation fund and the hazards are further increased now that the School Department wishes to include teachers of the school system.

Under the present acceptance of the Compensation Act, the janitors of the Town Hall and the different buildings, employees of the moth department, highway department, janitors of schools and employees of cemeteries and parks are covered. I believe we should extend our acceptance to include the general clerk at the Town Hall, the welfare agent, and other full time employees. To include the teachers, as desired by the school committee, the total cost of insurance, based on last year's tables would amount to about $875.00 annually. This may seem like a large amount but it would relieve the Town of any responsibility of payment. The request of the school committee which appears to be in order would include teachers under the present compensation fund.

Under the law it is not possible to include policemen and firemen under the acceptance as they are specifically excluded.

Very truly yours,
JOSEPH W. CASSIDY
Town Counsel

REPORT OF POLICE DEPARTMENT

To the Honorable Board of Selectmen
And the Citizens of the Town of Lynnfield:

I herewith submit my report of the activities of the Police Department for the year ending December 31, 1946.

REPORT OF SUPERINTENDENT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen:
Town of Lynnfield, Mass.
Gentlemen:

The past year's work was carried along the same lines as in previous years. Woodlands were looked over for Gypsy Moth infestations, and creosoted. There is a slight increase in Gypsy Moth in the south part of town, on Walnut St. and the Turnpike near the Saugus line. No Browntail Moth webs were found. The Tent Caterpillars and Fall Web Worms were very heavy last year. The Elm Leaf Bettle was about the same as last year, very heavy on private property. This work is carried on under the supervision of the State Department of Conservation. The

State contributed $927.00 in supplies to the Town during the past year. I hope that a larger appropriation will be made so that the above infestations may be properly taken care of during the coming year.

Respectfully submitted,
LYMAN H. TWISS
Supt. Moth Dept.

REPORT OF TREE WARDEN

To the Citizens of the Town of Lynnfield:

At the last Annual Town Meeting an appropriation was made for the care of shade trees. This appropriation was used to take down dead and dangerous trees, also to trim up trees where there were dangerous limbs. There was extra work last year due to the hurricane in June. The department purchased and planted 109 trees of various kinds along the highways. I hope that a much larger appropriation will be made at the next Annual Town Meeting to carry on this work, and that a similar amount will be provided for the purchase of trees to be planted along the highways.

Respectfully submitted,
LYMAN H. TWISS
Tree Warden

REPORT OF SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen:
Town of Lynnfield, Massachusetts
Gentlemen:

I have been very fortunate in having a very co-operative crew this past year.

Pillings Pond Road to the extent of thirteen hundred and fifty feet was completed, Pine Hill Road was rebuilt, and a section of Summer Street was rebuilt under permanent construction.

We had more than average snowfall this past year and so far in 1947 ice and sleet has been on the increase.

Added to our equipment this year was a Cletrac Sidewalk Plow delivered in January 1947.

Respectfully submitted,
MINOT H. CARTER
Superintendent of Streets

During the past year we have lost the services of our District Health Officer, Robert Archibald, M. D., who has been a very great help to us in any type of health work that we have undertaken. He has been promoted to fields of greater endeavor. I have every confidence that our new District Health Officer, Walter J. Pennell, M. D., will very ably continue in the same helpful manner.

This past year we continued with our annual clinics for immunization against Diphtheria, Whooping Cough and Vaccination for pre-school children. We had very good support with a goodly number of children treated. This work will be continued this year.

The Well Baby Clinic, a State supported function, has been carried on and well attended. This is of inestimable value to the Town. We are planning to continue this clinic during the following year. This conference is under the auspices of the Parent-Teachers' Association.

I wish to repeat again that it is very important that contagious diseases be reported. This applies whether the family physician is called or not. In the latter case it is the duty of the family to notify the Board of Health under the State Laws of Massachusetts. We have not had as many cases of communicable diseases this year as last year. In this respect we have been very fortunate, which reflects co-operation given by the various departments of the Town.

In the clinics we have been very ably assisted by Mrs. Lucy Lindquist, R. N., who has also been of assistance in the follow-up of cases of Tuberculosis.

Respectfully submitted,

GEORGE S. ROBINSON, M. D., D. O.

ANNUAL REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Lynnfield:

This first post-war year has been an interesting and eventful one for the committee responsible for administering to the educational needs of the children of your Town.

We take this early opportunity to express our appreciation for the cooperation of all with whom we have had contact, more especially the parents who have so many times been long-suffering with us in arriving at those solutions which, we hope, have been to the educational benefit of our children. It has always been a pleasure to entertain the constructive criticisms of those who have met with us at our regular monthly meetings at the Centre School. Much by way of progress and betterment has arisen as a result of these open meetings.

We were happy to welcome to the Committee this year a former member, Mr. John S. Caldwell, whose previous experience has proved of value not only as a member of this Committee but also as our representative on the Building Committee, a position for which he is well qualified.

Perhaps the most important step forward has been in the school building program. The need for adequate and proper housing facilities has been one of the urgent and immediate needs of the Town. The beginning made two years ago, and carried forward last year, bore fruit during this year with the approval by the Town at the Annual Town Meeting of a Building Committee constituted according to the proposal of your School Committee. This Building Committee was to consist of the following members: one each from the Board of Selectmen, the Finance Committee, the Planning Board, and the School Committee; and two members at large, one from each precinct. The respective persons chosen to this membership were: Mr. Stanley W. Heath, Mr. James D. McNamara, Mr. John Gibbons, Mr. John S. Caldwell, Mr. Nelson B. Todd, and Mr. Aime DeLangle. The Superintendent of Schools, Mr. John D. Whittier, sits with the Building Committee in an advisory capacity. Dr. Jesse B. Davis has been chosen as School Consultant. It was the original intent that this Committee should deal only with the construction of the proposed new South School, but as investigation and research revealed the serious situation at the Centre School, it was approved by the Town, at a Special Town Meeting that this same Committee should carry on as a part of its undertaking the construction of an addition to the Centre School. These two projects are simultaneous undertakings, and it is the sincere wish of the School Committee that both buildings will be under construction in 1947. The preliminary report of this Committee which was presented for the Town Meeting of October 11 was one of the best reports ever to be presented to

the townspeople. The Committee is to be congratulated for its excellent spirit and its untiring effort in attempting to alleviate a situation which has reached serious proportions so far as the previous-mentioned school housing facilities are concerned. We sincerely hope that the citizens of the Town will back this Committee to the utmost in whatever is asked as a remedy for this condition.

We are grateful to our Superintendent of Schools, Mr. John D. Whittier, for his efficiency in the administration of our schools, and for his loyalty to the Town. His work with us, especially this year, has required more than the share of his time rightfully belonging to us as a member of the Superintendency Union. His report is a part of this report and the details of administration, finance, and program are therein contained. A few items of special interest are called to your attention.

ENROLLMENT

A careful perusal of the enrollment data immediately indicates the source of much of our housing problem. Simply stated, we have outgrown ourselves, and the remedy lies in immediate action since these enrollment figures are sure to spiral upwards in the next few years. The Building Program is the only answer, and despite the dilemma of higher construction costs and increased wages, action is imperative in order that we not find ourselves in the embarrassing position of having a school population without schools in which to house them.

FINANCE

For the first time in recent years your Committee was unable to remain within the proposed budget. Several factors contributed to this situation, the principal among them being the increased instructional and transportation cost due to the adoption of the two-platoon system at the Centre School,—a situation arising out of insufficient housing facilities. Despite this, and other increases in operational costs, the amount by which the budget was exceeded amounted to but ½ of 1% of the amount requested. In preparing the budget for the coming year all anticipated increases resulting from increased enrollments have been taken care of.

HOT LUNCH PROGRAM

The Hot Lunch Program continued on a paying basis with the government subsidized Hot Lunch and Milk programs still in effect. Credit for a thoroughly successful year goes entirely to Mrs. Ethel Tyacke and her corps of very capable and efficient workers, both at the Centre and the South Schools.

MAINTENANCE AND OPERATION

The Centre and the South Schools are both in good repair. The South School, of course, leaves much to be desired as a school plant, but its physical condition is sufficiently good to be commensurate with its imminent discontinuance in the very near future. The Centre School is in fine condition so far as the interior is concerned, and when construction on the new wing is completed it is hoped that the then center wooden section may be put in complete repair and repainted.

TEACHING STAFF

The teaching staff of our school system has undergone several changes during the year. Our teachers, however, are well qualified for their respective positions and it is the hope of the Committee to work toward as permanent a staff as can be hoped for in a Town the size of Lynnfield.

To this end we have recommended a salary increase of $400.00 to each permanent teacher beginning January 1, 1947. We feel this is but commensurate with the national trend in teachers salaries and hope it will prove to be a step in the stabilization of our teaching staff. We sincerely hope that the Townspeople will support this program when the question comes before them at the Annual Town Meeting.

Respectfully submitted,

SUPERINTENDENT'S REPORT

Members of School Committee:

Dear Sirs:

As Superintendent of the public schools of Lynnfield, I respectfully submit my twenty-fourth annual report for your consideration.

ENROLLMENT, JANUARY 1, 1947

Elementary Schools

	Center School	South School	Total
Grade 1	54	23	77
Grade 2	39	18	57
Grade 3	34	24	58
Grade 4	25	25	50

Grade 5	16	19	35
Grade 6	31	11	42
Grade 7	35		35
Grade 8	44		44
Lynn Sight Saving Class			3
Total Elementary School Enrollment			401

High School

Wakefield:		
Freshmen	33	
Sophomores	27	
Juniors	29	
Seniors	20	
Parochial High School	2	
Melrose High	2	
Somerville Vocational	1	
Lynn English	7	
Lynn Classical	1	
Malden Vocational	1	
Medford Vocational	2	
Beverly Vocational	1	
Total Secondary School Enrollment		126
Grand Total School Enrollment		527

The above figures show there has been an increase in elementary enrollment of 5 at the South School and of 26 at the Center School. A total elementary increase of 31 which is the capacity of one classroom.

High or secondary school enrollment has increased from 125 to 126.

TEACHERS

South School

A leave of absence for school year 1946-1947 was granted Mrs. Ernestine Rose.

Center School

The following teachers did not sign proffered contracts for the school year 1946-1947. Miss Thaida Gruenler, Miss Ruth Washburn, Miss Elizabeth Whitney.

Mrs. Mildreth Rourke and Mrs. Shirley Phillips presented their resignations to become effective at the close of school in December.

Teachers entering the service to fill vacancies were Mrs. Gladys

Goodwin, Mrs. Katherine Higgins, Mrs. Marjorie Coon, Mr. A. Lawrence Safford, Mrs. Harriett C. Eldridge, Mrs. Josephine Durkin, and Mrs. Barbara Paulson.

The large enrollment in grade one necessitated assistance for the regular teacher through June. There being an enrollment of 54 pupils in grade one at the Center last September necessitated securing the service of an extra teacher that two divisions, one in the morning and one in the afternoon, might be made of this group.

SALARIES

An increase of $150.00 was given each teacher at the time of re-election last April. This increase became effective as of September 1st. Living costs, an increased shortage of teachers, and many other factors have contributed to an unsettled frame of mind of those in the teaching profession.

Educational leaders have taken an account of stock and they, too, have become alarmed. They realize something drastic must be done, and done before it is too late. The present teaching body must be kept in service, standards of teaching must be raised, salaries must be raised, and a tremendously large number of young people to train for the teaching profession must be recruited.

In Lynnfield, as elsewhere, it is a case of paying our teachers salaries sufficient to retain them to warrant their pursuing professional courses and to reward them for performing a professional piece of work. Young people will be recruited only as they see that the profession of teaching is really financially worthwhile and that teachers are secure in their positions if they meet the professional standards.

At our December meeting of the Committee it was unanimously voted to request the Finance Committee, and in turn the voters at the Annual Town Meeting, for a $400.00 increase in salary for all full-time teachers and a proportionate increase for all part-time teachers.

Youth in Lynnfield deserve teachers of high professional attainments and ability to render educational service second to none in the Commonwealth. Whether or not this is maintained depends upon the action taken by the Finance Committee and voters.

ORGANIZATION

South School

Grade one is the only grade that it is physically possible to allocate to one teacher.

Grade two and a division of grade three are taught by one teacher.

Grade four and part of grade three are taught by one teacher.

Grades five and six are taught by one teacher.

Center School

Grade one, two teachers, each for a half day's session.

Grades two, three, and six, each have a room and teacher.

Grades four and five are taught by one teacher.

Grades seven and eight:

Work is departmentalized and taught by four teachers, one of whom has Principal's duties. That single grades might be maintained at the present time, there is need of four additional rooms in the town. What the need will be next September is problematical.

SECONDARY SCHOOL ATTENDANCE

A larger percentage of our grammar school graduates continue their formal education as the years come along. The number who fail in their scholastic work in secondary schools seems to grow smaller and therefore only a few leave school before completing their course.

For reasons which seem justifiable, many pupils wish to pursue their secondary school course elsewhere than at Wakefield High where most of the secondary pupils are enrolled. Full transportation is paid by the Town for said pupils. The tuition approved for payment by the Lynnfield School Committee is the same as paid for pupils attending Wakefield High School, namely $182.17 per year. Parents assume responsibility for paying the difference between that charged elsewhere and the charge at Wakefield.

TRANSPORTATION

Demands for transportation increase from year to year. This is brought about by an increase in school enrollment at distances from school, hazardous highways, and lack of sidewalks. There is also a danger because of the mentally unbalanced being at large. Your Committee feels it is its duty to provide transportation for pupils wherever distance or risks are too great for walking. An individual may walk a hazardous road with much less possibility of an accident than a group of children walking the same route.

We must expect the cost of transportation to increase. We can at the same time have satisfaction of mind that elected officers have not subjected children to unnecessary chances going to and from school.

ADMITTANCE EXAMINATIONS

Until sufficient room can be provided to care for pupils five years of age by April 1st prior to enrollment in September, it would seem advisable to recommend that admittance examinations should not be given under-age children. Unless parents desire children to have two years attendance at a kindergarten, it would seem advisable to recommend

that kindergarten training of one year be completed in the spring before entering school in September. Our new building at the South will have kindergarten rooms to care for all children of that age group within the town.

NEW SOUTH SCHOOL BUILDING

Until a new building is provided the present organization must continue at the South School.

Having had the opportunity to attend several meetings of the Building Committee with the Architect, Mr. Frank Cooper, and the Consultant, Mr. Jesse B. Davis, I am thoroughly convinced that said Committee is endeavoring to provide the most suitable building possible without resorting to an extravagant expenditure of the taxpayers' money.

We must not lose sight of the fact that our long range school building program calls for the second addition to the Center School, the new South School, a junior-senior high school, and ultimately replacing the present wooden structure at the Center with a building of brick construction. This should all be done within a ten year period in order to provide suitable and up-to-date buildings to accommodate our pupils.

CENTER SCHOOL ADDITION

Plans for an addition are now well under way. Upon completion of this addition, it is anticipated that basement rooms will not be used for home rooms. These will be used only for recitations as long as seating capacity of ten rooms will care for our needs.

HEALTH SERVICE

Dr. Ralph Brown devotes time on Tuesday mornings to examinations, inoculations, and other routine duties in the school. Miss Florence Stobbart, the school nurse, assists Dr. Brown in the above work besides doing her routine work in the schools and making home calls as occasion demands.

The number of pupils is becoming altogether too great for Miss Stobbart to do the extensive and thorough nursing work now necessary in her assignment of one day weekly. We should employ a school nurse for at least two days weekly.

There has been in the past some interest expressed to me by citizens for employment of a Community Nurse in Lynnfield. If such health service could be inaugurated, the School Committee might well cooperate by sharing the time of the Community Nurse and paying at least one third of the cost. It is hoped that local citizens will give thought to this plan, and if it seems advisable will take steps to meet the School Committee for consideration of the project.

STATE AID FOR SUPPORT OF SCHOOLS

There has been recently filed in the 1947 Legislature a petition for a larger amount of state financial aid for the use of local public schools in the 351 cities and towns of the State. Massachusetts is near the bottom among the states in respect to the support given to local schools from state collected taxes. Only about 9% of the total cost of the public schools is paid out of state taxes distributed on an educational basis. Unless very much more state aid is forthcoming, Massachusetts schools will suffer a marked drop in quality.

If the petition as presented is enacted into a law, Lynnfield should receive as state aid approximately $26,000.00 in 1947, and $25,000.00 in 1948. This would be $23,000.00 or 91% more state aid than now received.

It is of course problematical if the petition as presented is enacted into law. However, it does seem reasonable to expect that some legislation will be enacted to provide state financial aid for schools. Lynnfield should profit financially from whatever legislation is passed.

CONCLUSION

May I take this opportunity to express my appreciation for the cooperation of all during the past year.

Respectfully submitted,
JOHN D. WHITTIER
Superintendent of Schools

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools,
Lynnfield, Massachusetts
Dear Sir:

I herewith submit my seventeenth annual report as School Nurse of the Town of Lynnfield:

Total enrollment: 389.

Result of physical examination by Dr. Ralph M. Brown, M. D., School Physician:

Defects:		Corrections:	
Tonsils	19	Tonsillectomy	11
Posture	59	Adenoidectomy	11
Functional heart murmurs	3	Appendectomy	5
Moderately enlarged glands	28	Improved posture	12
Moderately enlarged tonsils	14	Follow up — heart	3
		Number having vision improved with glasses	14

All defects found of serious nature are reported to the parents with the request that they consult their family physician.

HEARING

Result of audiometer test for hearing:

Number tested	249	Number retested	19
Number found with some hearing loss			5

DENTAL PROGRAM

I am sorry that we have not been able to have a dental clinic. I sincerely hope the time is not far away when arrangements can be made for a permanent dental clinic.

Number to date reporting dental work done	89
Number under dental care at present time	23

The above report shows that less than one-third of the school population are having dental care.

DIPHTHERIA IMMUNIZATION

Result of survey and clinic held for the protection against diphtheria by immunization and booster doses:

Number receiving immunization treatments (3 treatments of diphtheria toxoid)	42
Number receiving booster doses in clinic	96
Number receiving booster doses privately	45
Number where booster or treatment was not needed	83
Number refusing treatments and never have had any protection	5

The above program was carried on because of the increase in the number of diphtheria cases reported in the State of Massachusetts this year. I am sorry I cannot report 100% protection among our school children. The reason, as shown above, being that some parents refuse to take advantage of this protection.

CONTAGIOUS AND COMMUNICABLE DISEASES

Contagious and communicable diseases reported to date of the school population:

Measles	9	Mumps	6
Scarlet Fever	7	Chicken Pox	5
Rheumatic Fever	1		

Miscellaneous:

Pneumonia	3	Ringworm	1
Impetigo	2	Ivy	5

The above report shows all too clearly the pressing need of excluding all pupils or teachers showing signs of illness, even though it may seem to be only a common cold. Only in this way can we prevent serious epidemics.

Other routine health work is carried on as follows: General inspection of classrooms for cleanliness, weighing and measuring, eye and ear examinations, home calls when necessary, first aid dressings, clerical work, follow up work on physical defects and consultations with parents, teachers, superintendent, state physician, state supervisor, school physician, etc.

Before summing up my report I would like to compliment the personnel and management of the school cafeterias for their neatness and general appearance. The well-planned menus and the nutritious and hot mid-day lunches have proven their value by giving added vitamins and energy building foods for health development of our growing boys and girls.

I am always very grateful for any suggestions that might help or improve our health program as on the health of our school population depends the health of our future citizens.

In closing I wish to thank all members of the school faculty, parents, pupils, school physician and all other health authorities for their kind and considerate help and cooperation.

I sincerely hope we will continue to maintain a high standard of health and morale in our schools and community.

Respectfully submitted,

FLORENCE L. STOBBART, R. N.

Success Is Our Goal

CLASS POEM

Success Is Our Goal

We're striving hard to reach our goal
And to that star be fixed
The time has come to graduate
The class of '46.

We'll battle upward to success
And strive to win our place,
We'll never rest until we feel
That we have won the race.

The world will soon be in our hands,
Its future peace we'll mold;
Our motto evermore shall be
Success is our goal!

NO SCHOOL SIGNAL

In case of no school for the day in grades or high school, announcement will be made by Stations WBZ and WESX between seven and eight o'clock.

AGE OF ADMISSION

No child will be admitted to the first grade at the opening of school in September, who was not five years of age on or before the first day of April preceding his entrance.

Pupils are admitted to this grade only during the first two weeks of school in September unless they have attended school in some other town.

VACCINATION

Children who have not yet been vaccinated will not be admitted to school in September unless they present a certificate from a regular practicing physician stating that they are not fit subjects for vaccination. Parents are requested to attend to this matter during the summer vacation as exemption must be presented at the opening of school to entitle the children to admission.

REPORT OF PLANNING BOARD

The Lynnfield Planning Board submits it's report for the year ending December 31, 1946.

The Board held semi-monthly meetings during the past year at each a quorum was present. Numerous special meetings were held at the request of Citizens or Developers at which one or more of the Board was present to give advice or information.

Four Public Hearings were held for new Developments and two were held for proposed changes in the Zoning By-Law.

Three Developments have been approved by the Board, containing a total of 103 house lots. Bonds for these have been filed with the Town Treasurer for a total amount of $48,000 guaranteeing the completion of streets, the installation of Water Mains including fittings and hydrants and the installation of stone bounds. This clearly proves the wisdom of the Voters of the Town in accepting Chapter 211 of the General Laws of the Commonwealth as it saves them this amount in future taxes. In addition to the above approved Sub-Divisions there are under consideration several new Developments.

Until ten years ago the Town has grown moderatedy making it fairly easy to anticipate future growth, but during the past ten years this growth has been considerably faster, as shown by the following:

1935 Total population, 1,945	1945 2,921, an increase of 54%
1935 Total valuation, $3,715,176	1945 $5,151,358, an increase of 35%
1935 Polls, 645¾	1945 958, an increase of 49%

During the past year the Planning Board has given serious consideration to the establishment of a business district for the Centre. It is our opinion that this is something that should be done as quickly as possible for the following reasons:

1. Suitable locations are rapidly being developed. It will not be long before a location which can be developed, off the main thorughfare with adequate parking space will no longer be available.

2. A business district will contribute taxable property which will be free of any great expense to the Town.

3. Taking a realistic point of view and planning not for to-day but for many years ahead, a business district will some time become a necessity, in fact the Planning Board has been approached many times in regards to what could be done to establish a business district to-day.

The Planning Board's first proposal for a business district in the Centre was presented to the Town for approval at the Special Town Meeting, held October 21, 1946. This was rejected. While this proposed location did not meet with approval, it is our intention to bring another proposal before the voters of the Town in the near future.

With reference to the Long Range Financial Plan referred to in our report of last year we are pleased to state that very definite progress has been made during the past year.

With the co-operation of the Selectmen, Finance Committee, Heads of Departments and School Committee the Planning Board has furnished the necessary statistics to Mr. Wm. Stanley Parker, one of the foremost municipal financial planning authorities in the Country. Mr. Parker has prepared a Long Range Financial Plan for Lynnfield, a copy of which has been sent to every voter in Town.

We are still of the opinion that a Town Forest would be a desirable feature for the Town, particularly the Centre, and in this connection can only report that we have interested one gentleman who is considering presenting the Town with a five acre woodlot adjacent to the fifty acres owned by the Centre Water District.

The Planning Board meets in the Selectmen's room at the Town Hall on the first and third Wednesday of each month, and cordially invites any one that wishes to confer with it.

For all the assistance given us during the past year, by the Selectmen and Department heads we wish to express our appreciative thanks and particularly to Mr. Palizzolo our Town Accountant for his aid and assistance with the Long Range Financial Plan.

ACCOUNTANT'S CERTIFICATE

I have examined the cash receipts and securities in the various Trust Funds in the hands of the Town Treasurer and find them to be as stated in the Treasurer's Report.

The income from Trust Funds in the hands of others has been received for the year 1946 and credited to the proper accounts.

The receipts as reported by the Treasurer agree with the books and that payments of the town correctly present the financial status as of December 31, 1946.

I would like to take this opportunity to thank all the departments for their co-operation in supplying me with the annual reports as it was of invaluable assistance in compiling the Town Report.

RECORD OF SPECIAL TOWN MEETING
HELD JANUARY 13, 1947

The meeting was called to order at 8.10 P. M. by the Moderator who read the call for the meeting and the constable's return.

It was voted on motion by Everett S. Webster to dispense with the reading of the articles until taken up for action.

Article 1. Voted on motion by Nelson B. Todd that the Town accept as a gift a deed from Starr Parsons, of a parcel of land as described in the Article; also that a vote of thanks be extended to said Starr Parsons.

Article 2. Voted on motion by Everett Webster, that the Town authorize the Board of Selectmen in accordance with the requirements of General Laws, Chapter 115, Section 12, as amended by Chapter 599 of the Acts of 1946, to appoint a "Director of Veterans' Services" and to raise and appropriate a sum of money for the compensation and expense of such office, as required by said Chapter 599, Acts of 1946, and that the sum of $1,070.00 be raised and appropriated for the compensation and expense of such office as required by said Chapter 599, Acts of 1946.

Article 3. On motion by Burton Barrows it was voted that the Town raise and appropriate the sum of $786.45 to pay the unpaid account of Lynnfield Community Inc., for transportation of school children, and the sum of $37.00 to pay the unpaid account of Lynnfield Town Taxi, C. A. Rich, proprietor, incurred by the School Committee by reason of additional cost of two platoon system of classes, said sums to be raised and appropriated under authority of Chapter 179 of the Acts of 1941.

Article 4. Voted on motion by Joseph Cassidy, that the Town accept as a public way, as laid out by the Board of Selectmen, that portion of Skinner Road between the two portions already accepted by the Town, and running across the right of way of the Boston and Maine Railroad, for a width of 50 feet, and for a length of 60 feet, all in accordance with the order dated June 12, 1946 of the Dept. of Public Utilities, in accordance with the finding of the Commissioners of Essex County.

Article 5. Voted on motion by Everett S. Webster that the Town raise and appropriate, under authority of Chapter 179 of the Acts of 1941 (General Laws, Chapter 44, Section 64) the sum of $138.33 to pay the unpaid account of the Jenney Manufacturing Co., incurred by the Police Department.

Article 6. Motion made by Minot Carter that the sum of $18,000.00 be raised and appropriated for the construction of a new Highway Dept. Garage and Workshop, said sum to be raised as follows, $3,000.00 transferred from the Excess and Deficiency Fund, and $15,000.00 be raised by the sale of notes, payable $5,000.00 each year for 3 years. An amendment was offered by William Moxham, that Article 6 be amended as follows:

That the following committee be and is hereby appointed to carry into effect Article 6. Committee: Mr. Stanley W. Heath, Chairman of the Board of Selectmen, and that the Selectmen shall appoint one other member of their Board to said Committee, also, Mr. Nelson B. Todd, and Mr. Minot Carter, Superintendent of Highways, together with the members of the Town Planning Board shall, and are hereby empowered as a Committee to select a proposed location for the Public Works Department site and building, and that they shall and are hereby instructed to engage the same architects who are now at work on the proposed new School Buildings, namely, the Cooper Associate Architects.

And that the Town do raise and appropriate the sum of $100.00 said sum to be used by the Committee for sketches and specifications for a proposed Highway Department Building, and that the Committee shall report at the Annual Town Meeting next March a complete recommendation of their findings, and that they shall specify the sum of money required to fulfill the requirements of Article 6 for the proper and adequate housing of all Town, Highway, Moth and Tree Warden Department equipment.

The amendment was seconded, voted on and not carried.

The original motion by Minot Carter was now taken up for action; seconded, voted on and passed by a vote of 26 in favor and 1 opposed.

All articles in the warrant having been disposed of, the meeting was dissolved at 9.22 P. M.

Article 2. The following report by the School Building Committee was read by Stanley Heath:

The School Building Committee was authorized at the 1946 Town Meeting to prepare plans and specifications for an elementary school building at South Lynnfield. In the course of planning for this building it became apparent that the Centre School was also in a very serious condition so that on Oct. 21, 1946 at a special Town Meeting, the Town authorized a 4-room addition to the Centre School, to be built immediately under the guidance of the same Committee.

This Committee is pleased to report that the plans and specifications for the Centre School have been approved by all concerned and are out for bids which are to be opened on Thursday, Mar. 13, 1947, at 7.30 P. M. Federal approval of this project has been secured and construction should start as soon as weather permits.

Preliminary studies of floor plans and arrangements for the South School have been made and final plans will be under way very shortly. The Committee has had the site on Salem St. surveyed and the information is in the architect's hands.

The Committee is also securing bids on the clearing of the site so that work may be started as soon as practicable after the Town authorizes it.

The Committee has been instrumental in arranging for State approval of an extended borrowing capacity for the Town and the bill has been passed by the Governor.

Since May, 1946, the Committee has held 17 meetings and feels that their progress has been most satisfactory.

J. Gibbons, Chairman

It was voted on motion by Everett Webster to accept the foregoing report as read.

On motion by Milton Doremus it was voted to accept the report of Town Officers, as published.

Article 11. The motion of Mr. Barrows to appropriate by transfer the sum of $1,000.00 for the purpose of painting the exterior of the center section of the Center School Building was not voted.

Article 12. Voted on motion by Mr. Barrows that the sum of $825.00 be transferred from the Excess and Deficiency Fund to the use of the School Committee to replace a like amount expended by the School Committee for emergency work.

Article 13. Motion made by Charles Smith that this Article be indefinitely postponed, was seconded, and oral vote taken being doubted, Tellers were appointed, after which Moderator requested a showing of hands and on count taken by Tellers, Moderator declared motion was not carried.

Mr. Luscombe moved that the Town vote to authorize the election of a Road Commissioner under the provisions of Chapter 41, Section 1, of the General Laws, but the Moderator declared that the motion did not conform to the Article as written.

Mr. Stevens offered an Amendment that the Article should be voted on by secret written ballot which was seconded and on a voice vote, Moderator declared motion for secret ballot had carried.

Mr. Luscombe then offered an Amendment to the Amendment which was not allowed due to the fact that the Amendment had already been voted on. Mr. Luscombe then corrected his original motion that the Article be voted on as written, which was accepted by the Moderator.

The Moderator then explained the procedure involved in the secret written ballot, and the use of the check list. Considerable discussion followed regarding the vote necessary to carry the article. Moderator asked for an opinion from the Town Counsel as to whether a majority vote or a 2/3 vote was necessary. Town Counsel retired to his office to check up. Arguments became more involved, and motions were made, but not seconded or voted upon, to drop all discussion and start from the beginning. Town Clerk was asked to call Town Counsel back to the

hall, causing the Clerk to be momentarily absent from the hall. Upon return of Town Counsel, Moderator requested an opinion as to whether an affirmative vote on the amended article would mean life tenure for the successful candidate. Town Counsel gave opinion that it would not, but suggested that the Moderator could have allowed Mr. Luscombe's original motion, inasmuch as the qualification "in accordance with the provisions of Chapter 41, Section 1, of the General Laws" did not invalidate the motion.

Moderator then declared the motion before the house was, "To see if the Town will vote to authorize the election of a Road Commissioner according to the provisions of Chapter 41, Section 1, of the General Laws, said vote to be taken by secret written ballot." Upon request, he explained that a "Yes" vote written on the ballot would be favorable to the election of a Road Commissioner, and that a "No" vote would mean that the voter was not in favor of a change of the present system. Attention was also called to the fact that as an "Appointed" Road Commissioner said Commissioner may be removed at any time if he fails to do his duty, but that a Road Commissioner who is elected for a year's term cannot be removed before the end of the term.

Tellers were appointed. Town Counsel ruled that, subject to the review of the question, and opinion by the Attorney General, he would rule that a majority vote was sufficient.

Count of the ballots showed "Yes"—106; "No"—58. Moderator then declared that the motion had carried and that the election of a Road Commissioner would be authorized in accordance with the provisions of Chapter 41, Section 1, of the General Laws.

Article 14. Voted on motion by William Moxham that the sum of $2,000.00 be appropriated by transfer from the Excess and Deficiency Fund to be applied to the 1947 Budget of the Fire Department to cover the cost and expenses incurred in the present emergency.

All articles having been disposed of it was voted, on motion by Mr. Joseph Cassidy to adjourn.

HARRY W. HIGGINS, Town Clerk

REPORT OF STATE ACCOUNTANTS

Mr. Francis X. Lang
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Lynnfield for the period from September 2, 1945, the date of the previous examination, to June 13, 1947, and report thereon as follows:

An examination and verification was made of the recorded financial transactions of the town as shown on the books of the departments receiving or disbursing money or committing bills for collection.

The books and accounts in the office of the town accountant were examined and checked. The receipts as recorded on the ledgers were checked with the records of the several departments making payments to the treasurer and with the treasurer's books, while the recorded payments were checked with the treasury warrants issued by the selectmen and with the treasurer's cash book. The appropriations and loan orders, as recorded on the ledgers, were checked with the town clerk's records of town meetings and the transfers from the reserve fund were verified.

The ledgers were analyzed, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on June 13, 1947.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the collector's records of payments to the treasurer, with the records in the several departments collecting money for the town, and with other sources from which money was paid into the town treasury, while the payments were checked with the selectmen's warrants to the treasurer.

The cash balance on June 13, 1947, was proved by actual count of the cash in the office and by reconciliation of the bank balances with statements furnished by the banks in which town funds are deposited.

The payments of debt and interest were checked with the amounts falling due and with the cancelled securities on file.

The transactions of the several trust and investment funds in the custody of the town treasurer were verified, and the securities and savings bank books representing the investment of these funds were personally examined and listed.

The records of tax titles held by the town were examined and checked. The amounts transferred to the tax title account were com-

pared with the collector's records, the tax titles redeemed were checked with the receipts as recorded on the treasurer's cash book, and the tax titles on hand were listed and compared with the records at the Registry of Deeds.

The books and accounts of the tax collector were examined and checked. The poll, property, motor vehicle and trailer excise, special assessments, and water district taxes outstanding at the time of the previous examination were audited, and all subsequent commitments were checked to the assessors' warrants. The payments to the town and the water district treasurers were checked with the respective cash books, the recorded abatements were compared with the assessors' records of abatements granted, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

Verification of the outstanding tax, excise, and water district taxes was made by mailing notices to many persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The records of licenses issued by the selectmen and the town clerk were examined and checked, and the payments to the State and to the town were verified.

The surety bonds furnished by the several town officials required to file such surety were examined and found to be in proper form.

The records of the sealer of weights and measures were examined, the field books being checked to the office books, and the payments to the treasurer being compared with the treasurer's cash book. It was noted that the sealer does not make payments of his receipts to the treasurer monthly as required by Section 34, Chapter 98, General Laws.

The accounts of the building inspector, of the public welfare, school, library, and cemetery departments, as well as of all other departments collecting money for the town, were examined, checked, and reconciled with the treasurer's and accountant's books.

It was noted that the cemetery commissioners perform work in cemeteries without authorization by vote of the town as required by the provisions of Section 4A, Chapter 41, General Laws, which reads as follows:

> "Except as otherwise expressly provided a town board may, if authorized by vote of the town, appoint any member thereof to another town office or position for the term provided by law, if any, otherwise for a term not exceeding one year. The salary of any such appointee shall be fixed by vote of the town, notwithstanding the provisions of section one hundred and eight."

In addition to the balance sheet referred to, there are appended to this report tables showing a reconciliation of the several cash accounts,

summaries of the tax, motor vehicle and trailer excise, tax title, and departmental accounts, as well as tables showing the trust and investment fund transactions.

For the co-operation extended by the various town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts

REPORT OF BOARD OF SELECTMEN

To the Citizens of Lynnfield:

During the year 1947 your Board met every Monday evening to carry out their duties. Much time was spent in the first few months of the year preparing the budgets and warrants for the March Town meeting.

After the meeting a great deal of time was spent in carrying out the wishes of the people as expressed at the meeting. The building of the garage for the Highway Department was put up under the supervision of this Board. The Board also had the walls and ceiling of the upper hall in the Town Hall painted.

The Board held many hearings during the year on petitions of the New England Tel. & Tel. Company and the electric light companies.

The street lighting in the Center was improved this year.

Respectfully submitted,

REPORT OF TOWN COUNSEL

January 27, 1948

To the Honorable Board of Selectmen
Town of Lynnfield

The activities of the Law Department during the year of 1947 involved the usual oral and written opinions to the various department heads and to your Board, some being routine matters and others on special matters affecting particular departments. A petition was made to the legislature to combine the offices of the Park and Cemetery Commissioners, but unfortunately was not enacted prior to the time for filing nomination papers on January 26, 1948, at 5.00 p. m., so the former manner of electing separate commissioners will continue for the annual election in 1948.

Respectfully submitted,

JOSEPH W. CASSIDY,
Town Counsel

REPORT OF POLICE DEPARTMENT

To the Honorable Board of Selectmen
And the Citizens of Lynnfield:

Following is the annual report of the Police Department for the year ending December 31, 1947:

The total number of arrests was 128, as classified:

Assault	6
Larceny	8
Malicious Mischief	10
Driving to Endanger	12
Driving Under Influence	24
Drunkenness	10
Vagrancy	2
Violation of Motor Vehicle Laws	33
Non-Support	1
Indecent Exposure	1
Violation of Probation	2
Violation of Traffic Rules	6
Accosting	1
Delinquency	1
Disturbing the Peace	1
Lewdness	2
Stubbornness	1
Carrying Weapon	2
Arson	2
B. & E.	2
Using Motor Vehicle Without Authority	1

Other Activities Include:

Complaints Requiring Police Attention	761
Summons Served for Other Departments	62
Motor Vehicle Violations	296
Lost and Stolen Property Recovered	$5,151.45
Ambulance Cases	173
Doors Found Open, Made Secure	6
Lost and Missing Persons Located	8
Commitments	8
Automobile Accidents Investigated	42
Condition of Streets Reported	14
Stray Dogs and Animals Cared For	52
Street Lights Reported Out	463
Live Wires Down, Guarded by Police	2
Messages Delivered	25
Driving Licenses Suspended	8
Dead Bodies Cared For	2

Motor Vehicle Transfers	126
Court Appearances, District	63
Superior	8

In addition to the foregoing we have settled numerous damage cases out of court. We have answered all fire alarms, responded to many complaints not requiring police attention and have employed the use of the resuscitator four times.

All together this has been the busiest year the department has had to date. Our ambulance cases have increased tremendously and although I appreciate the facilities at our disposal, we must, if we are to continue, think seriously of the purchase of a new ambulance. There are many instances where a light or chair stretcher must be used. We have no means of carrying either in our present ambulance. Then too, there are those cases where a patient requires special equipment before arrival at a hospital, which we are unable to provide.

I wish to again thank the various persons and department who have been very helpful and co-operative throughout the year.

Respectfully submitted,

EVERETT S. WEBSTER,

Chief

REPORT OF FIRE DEPARTMENT

	$ 661.00

Respectfully submitted,

WILLIAM W. MOXHAM,
Building Inspector

REPORT OF BOARD OF APPEALS

During the year 1947 ten public hearings were held by the Board of Appeals.

Six of the cases involved permits to erect single-family dwellings on lots which contained less than the area and street frontage required by the Zoning By-Law. In none of these cases was any opposition expressed, and it appearing that no substantial detriment to other property would result, the Building Inspector was directed to issue the permit in each instance.

One case involved an application for a permit to alter an existing dwelling so as to provide four apartments. The Board found that it had no authority either by virtue of the Zoning By-Law or the General Laws of the Commonwealth to authorize the issuance of the permit.

One appeal was for a permit to build a dwelling in a development which had not been approved by the Planning Board because the developer had not filed a bond to guarantee proper completion of the streets. This appeal was denied because the Board felt that to do otherwise would probably result in the Town being forced to pay for work which should have been done at the expense of the real estate developer.

One appeal concerned the removal of gravel and was strongly opposed by the Planning Board, Sherwood Forest, and others. This appeal was denied.

One case involved a permit to operate a hardware business in the Lynnfield Center Railroad Station, but the petitioner withdrew the application because of strong opposition.

Thus of the ten applications, six were acted upon favorably, three were denied, and one was withdrawn. The Board of Appeals is confident that all its decisions were for the best interests of the Town, and all the decisions except one, in which the Board was not empowered to grant the relief requested, were in accordance with the expressed wishes of the majority of the residents who appeared at the public hearings.

Respectfully submitted,

ELLIOT K. GRANT, Chairman
Board of Appeals

REPORT OF SEALER OF WEIGHTS AND MEASURES

December 9, 1947

To the Honorable Board of Selectmen:

The following articles were sealed:

Platform Scales	6
Beam Scales	3
Spring Scales	8
Computing Scales	4
Slot-weighing Scales	1
Liquid Measures	17
Gas Pumps	32
Oil Measuring Pumps	7

Fees collected, $25.72.

Respectfully submitted,

GEORGE A. WESTOVER,
Sealer of Weights and Measures

REPORT OF SUPERINTENDENT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen:
Town of Lynnfield, Mass.

Gentlemen:

The past year's work was carried along the same lines as in previous years. Woodlands were looked over for Gypsy Moth infestations, and creosoted. The Gypsy Moth infestations are very slight in both ends of the town. The Tent Caterpillars and Fall Web Worms were very heavy last year. The Elm Leaf Beetle was also very light, except on private property where it was extremely heavy. The Dutch Elm disease has not made its appearance in town as yet, but extra spraying will be done to prevent the spread of the same, if present in town. This work is carried on under the supervision of the State Department of Conservation. The State contributed $875.00 in supplies to the town during the year. I hope that a larger appropriation will be made so that the above infestations may be properly taken care of during the coming year.

Respectfully submitted,
LYMAN H. TWISS,
Supt. Moth Dept.

REPORT OF TREE WARDEN

To the Citizens of the Town of Lynnfield:

At the last Annual Town Meeting an appropriation was made for the care of shade trees. This appropriation was used to take down dead and dangerous trees, also to trim up trees where there were dangerous limbs. Last year 100 trees of various kinds were planted along the highways. I hope that a similar amount will be provided for the purchase of trees to be planted along the highways.

Respectfully submitted,
LYMAN H. TWISS,
Tree Warden

REPORT OF SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen:

Town of Lynnfield, Massachusetts

Gentlemen:

The following construction jobs were completed as per vote of 1947 meeting: Pillings Pond Road, eight hundred fifty feet; Hutchins Circle, fifteen hundred feet; Lakeview Ave., six hundred feet, and Sylvian Circle, four hundred feet.

Drainage construction on Homestead Road, five hundred feet, and on Main Street under Chapter 90, nine hundred feet.

A small section on Summer Street—six hundred feet was completed of permanent construction under Chapter 90.

Tarring and sanding was not up to 1946 level on account of lack of funds.

A new 1947 Dodge truck was purchased in May. A snow plow is on order since October. We purchased a second hand road grader that has given good service.

A 60 by 80 Highway Administration Building was completed. This building contains all departments of the Highway. It will be greatly appreciated by all concerned. A personal invitation is given all townspeople to drop in and inspect this building any time.

Respectfully submitted,

MINOT H. CARTER,
Superintendent of Streets

Summary of Report

Number of complaints	29
School Permits	35
Inspections made	45

Letters written	24
Wells examined	8
Cesspools inspected	15

During the past year we have had a marked decrease in the number of reportable diseases although there are some cases that have not been reported.

The Well-Baby Clinic, a State supported function, has continued and has been well attended. This was held under the auspices of the Parent-Teachers Association.

We will continue the Pre-School Clinic for immunization against Diphtheria and Whooping Cough and vaccination against Smallpox. This will be held in the Spring and the date will be announced.

We intend, with the co-operation of the State Food and Sanitation Department, to examine all restaurants and places where food or drink are served on the premises and grade them.

Respectfully submitted,

DR. GEORGE S. ROBINSON

ANNUAL REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Lynnfield:

The School Committee has had an interesting year in attempting to properly administer the educational program of the Town. We express our sincere appreciation for the co-operation we have had from parents and townspeople in assisting us to bring the best available in education to the town. We again thank the many parents who have appeared at our regular monthly meetings at the Centre School for their fine co-operative spirit and their valuable constructive criticisms.

Although we cannot but express our disappointment at the slow progress in our major housing program, the new South School, we feel that considerable credit is due the School Building Committee in carrying the program to its present situation in such an efficient manner. Had it not been for a delay in receiving certain steel items definitely promised the contractor, the new West Wing at the Centre School would have been available for the opening of school in September. At the present writing it appears it will now be available at the end of the February recess. Available enrollment figures indicate that even with these 4 new rooms at the Centre School there will definitely be an overflow with the opening of school in September 1948—a situation which again indicates the imperative need for the new South School. The School Building Committee is attempting to decrease the original estimated cost of the new building, and will be ready to present the South School issue at a special town meeting in the very near future. However, whatever may be the cost finally arrived at, the townspeople will realize this to be an expenditure for a long overdue necessity, the replacement of the antiquated South School "built in 1871, the handsomest and costliest building of its kind ever built in Lynnfield!" and it is the sincere hope of the School Committee that in order to avoid a truly serious housing shortage every citizen of both ends of the town will get behind the construction of the new school so that it may become a reality in 1948.

At the annual Union (No. 44) Meeting held on April 15 in Wenham our Superintendent of Schools, Mr. John D. Whittier, was re-elected for a period of 4 years. His untiring efforts in working with the School Building Committee and the contractor in the construction of the West Wing and on the plans for the new South School, his work with the government in obtaining surplus commodities for the Hot Lunch program, as well as his efficient administration of the educational program of our schools, merits the commendation not only of the School Committee but of the townspeople as well. We are likewise indebted to Superintendent Whittier for obtaining for the Lynnfield schools the gift of a new Bell and Howell moving picture projector and sound track from the Essex County Health Association. His report is incorporated

Article 51. To see if the Town will vote to raise and appropriate a sum of money to be used together with a sum allotted by the Commonwealth of Massachusetts under Chap. 90 for the maintenance of Chap. 90 roads.

Asked $1,500.00 Recommended $1,500.00

The State will contribute one-half the cost of this project, making a total of $3,000.00.

Article 52. To see if the Town will vote to raise and appropriate a sum of money to be used for the purchase and erection of new street signs or to see what action will be taken thereon.

Asked $300.00 Recommended $300.00

Article 53. To see if the Town will vote to transfer a sum of money from the "sales of lots for graves" for the grading of the cemetery or to see what action will be taken thereon.

Asked $1,000.00 Recommended $500.00

Article 54. To see if the Town will vote to raise and appropriate a sum of money to paint the outside of the Town Hall or to see what action will be taken thereon.

Asked $875.00 Recommended $875.00

Article 55. To see if the Town will vote to raise and appropriate a sum of money to be spent under the supervision of the selectmen for repairs and painting in the inside of the Town Hall or to see what action will be taken thereon.

Asked $385.00 Recommended $385.00

Article 56. To see if the Town will vote to raise and appropriate a sum of money for the general expense of the Park Department, to fix the rate of pay and to authorize them to perform duties in the parks.

Asked $2,800.00 Spent $754.00 Recommended $2,608.50

This request includes $1,800.00 for a permanent surface on the tennis courts at Suntaug Park, which we recommend.

Article 57. To see if the Town will vote to raise and appropriate a sum of money for the general expense of the Town Cemeteries, to fix the rate of pay, and to authorize them to perform duties in the cemeteries.

Asked $1,700.00 Spent $848.14 Recommended $1,300.00

The Cemetery Commissioners request an increase of $500.00 for salaries. Your Finance Committee recommends an increase of $135.00 making a total of $1,000.00 for salaries. We also recommend $200.00 requested to put a permanent surface on the Main entrance and Circle of the Forest Hill Cemetery and $100.00 for miscellaneous tools.

Town Meeting

Monday March 8, 1948 7:30 PM

Be early!

Dear Member,

The Taxpayers Association believes that Lynnfield should have the best possible government consistent with the size of its pocketbook.

We emphasize this point because a neighboring community seems to be in deep misery trying to keep up a Cadillac establishment on a Chevrolet income That shouldn't happen here, for we know who would pay the bills.

Your Board of Directors have reviewed the Town Warrant as set forth in the report of the Finance Committee and have voted to sustain the recommendations of the Finance Committee, as so given, except as follows:

<u>We recommend Reduction</u>

No one of the above requests is large in itself, but taken together they total a good $1.00 on the tax rate. Our specific reasons for the above recommendations will be stated at the Town Meeting to which you should bring this letter, the Finance Committee pamphlet and your vote.

We assume the beneficiaries of town spending will be present in strength to vote their interests. Do thou likewise, taxpayers.

Board of Directors
Lynnfield Taxpayers Association

President

Sincerely yours,

[illegible]

Enclosure: Statement

cc: [illegible]

TO THE CITIZENS OF LYNNFIELD:

Your Finance Committee submits its recommendations for the various department budgets for the year 1948 together with comments pertaining to the more controversial budgets.

We feel that the appropriations as recommended are necessary for the efficient functioning of the various departments. Each budget has been very carefully analyzed by your Finance Committee and in each case the recommendation arrived at represents the amount that we feel will give the most value for your tax dollar.

We also feel that if our recommendations are voted, there will be no substantial increase in the 1948 tax rate.

Article 1. To choose all Town officers not required to be chosen by ballot, viz: Three Field Drivers, one Pound Keeper, and Three Wood Measurers.

Article 2. To act upon reports of Town Officers and Special Committees as published.

Article 3. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1949 and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, General Laws.

Article 4. To see if the Town will vote to raise and appropriate a sum of money to cover the expense of General Government of the Town, viz: Town Officers' salaries and expenses, care of municipal Buildings, and Elections and Registrations, or what action it will take thereon.

This article covers the following departments:

	Asked	Spent	Recommended
Selectmen	$ 1,271.00	$ 1,306.17	$ 1,271.00
Accountant	1,355.00	1,502.41	1,355.00
Treasurer	1,265.00	950.52	1,165.00
Collector	2,227.40	1,870.06	2,127.40
Other Finance Offices	850.00	649.14	850.00
Town Counsel	730.00	613.51	730.00
Town Clerk	682.50	622.20	682.50
Elections & Registrations	1,913.00	717.37	1,913.00
Planning Board	410.00	200.75	410.00
Board of Appeals	136.00	39.52	136.00
Clerk's Salary	1,560.00	1,560.00	1,560.00
Municipal Bldgs.	6,573.50	4,897.99	5,723.50
	$18,973.40	$14,929.64	$17,923.40

We submit the following comments for your information:

TREASURER. The Treasurer requested an increase of $250.00 in his present salary of $650.00 and we recommend an increase of $150.00.

COLLECTOR. The Collector of Taxes requested an increase of $300.00 in his present salary of $900.00 and we recommend an increase of $200.00.

OTHER FINANCE OFFICES. This increase is due to the increased cost of printing the Town and Finance Committee reports.

ELECTION & REGISTRATION. The increase of approximately $1,200.00 in this account is due to the fact that during 1947 there was only one Town election, whereas in 1948 there is one Town election, one combined Federal and State election, one Federal primary and one State primary. There is also included in this article a request for an increase in election officers' pay from $10.00 to $12.50 per day for long sessions. This increase has been approved by the Selectmen.

PLANNING BOARD. This increase is due to cost of the first step in preparing a master plan of the Town as required by State law and the cost of printing Sub-division Regulations.

MUNICIPAL BUILDINGS. The Finance Committee recommendation of an increase

of $825.51 over the 1947 expenditure is due to the increased cost of heating the Town Hall and Chemical House No. 2.

This budget includes a request of $50.00 increase in the salary of the janitor of Chemical House No. 2. We do not recommend this increase because this salary was increased by the Selectmen in 1947 and we feel that the present $400.00 per year is sufficient.

Article 5. To see if the Town will vote to raise and appropriate a sum of money for the expense of the Police Department.

Asked $17,903.00 Spent $16,558.36 Recommended $17,403.00

This budget includes a request of $1,362.00 for a spare officer for days off and $500.00 allowance for use of the Chief's car. We recommend this increase with the exception of the $500.00 because we understood that the $600.00 granted the Chief as recommended by the Finance Committee and voted by the Town in 1947 included compensation for the use of his car.

Article 6. To see if the Town will vote to raise and appropriate a sum of money to provide for a raise in pay for the regular patrolmen retroactive to January 1, 1948, or to see what action will be taken thereon.

Not Recommended

Article 7. To see if the Town will vote to raise and appropriate a sum of money to cover maintenance of the Board of Assessors office for the year 1948 or what action it will take thereon.

Asked $3,240.00 Spent $2,985.70 Recommended $3,175.00

The increase of $189.30 in the recommendation over the 1947 expenditure is due to increased cost of listing polls and telephone expense.

Article 8. To see if the Town will vote to raise and appropriate a sum of money for the expense of the Fire Department.

Asked $6,962.75 Spent $8,619.14 Recommended $6,962.75

The amount of $8,619.14 spent in 1947 is inflated by $2,000.00 voted at a special Town meeting in 1947 to cover the cost of fighting forest fires. The budget for this department requested approximately the same amount spent in 1947 with the exception of increases totaling $225.00 to regular men.

Article 9. To see if the Town will vote to raise and appropriate a sum of money to purchase one new truck for the Fire Department or what action it will take thereon.

Asked $5,000.00 Recommended $1,500.00

The estimated cost of this new truck is $5,000.00 and we recommend that it be purchased by borrowing money and spreading the cost over a period of not more than three years.

Article 10. To see if the Town will vote to raise and appropriate a sum of money to cover the expense of Hydrant Rental for Fire Protection for the ensuing year.

Asked $3,500.00 Spent $3,250.00 Recommended $3,500.00

Article 11. To see if the Town will vote to raise and appropriate a sum of money to cover Other Protections of Persons and Property.

	Asked	Spent	Recommended
Inspector of Buildings	$ 853.00	$ 565.00	$ 853.00
Sealer of Weights & Measures	222.00	186.00	170.00
Dog Officer	400.00	319.04	350.00
	$1,475.00	$1,070.04	$1,373.00

INSPECTOR OF BUILDINGS. This budget includes the cost of a new typewriter and Building Regulation booklets.

SEALER OF WEIGHTS & MEASURES. A salary increase of $25.00 was requested. This salary was increased $25.00 or 25% in 1947 and we feel that $125.00 a year is enough to cover this service. $60.00 was requested for transportation and we recommend $25.00.

DOG OFFICER. A salary increase of $50.00 was requested which we do not recommend.

Article 12. To see if the Town will vote to raise and appropriate a sum of money to cover the State Moth Assessment.

Asked $5,425.00 Spent $4,661.00 Recommended $5,425.00

The increase of $752.23 is due to additional work in spraying poison ivy along the highways and the discontinuance by the State of supplying insecticides for moth control.

Article 13. To see if the Town will vote to raise and appropriate a sum of money for Private Moth Work.

Asked $700.00 Spent $699.50 Recommended $700.00

Article 14. To see if the Town will vote to raise and appropriate a sum of money for the care of trees along the highways by the Tree Warden.

Asked $1,500.00 Spent $1,125.00 Recommended $1,500.00

This increase is caused by additional work in combatting the Dutch Elm disease.

Article 15. To see if the Town will vote to raise and appropriate a sum of money to purchase and plant shade trees along the highway by the Tree Warden.

Asked $400.00 Spent $300.00 Recommended $400.00

Article 16. To see if the Town will vote to raise and appropriate a sum of money to be used for Health and Sanitation, including Board of Health, Inspector of Animals, and Inspector of Milk.

	Asked	Spent	Recommended
Board of Health	$560.00	$1,260.67	$560.00
Inspector of Animals	45.00	40.00	45.00
Milk Inspector	25.00	25.00	25.00
	$630.00	$1,325.67	$630.00

Article 17. To see if the Town will vote to raise and appropriate a sum of money to cover the general expense of the Highway Department and to fix the salary of Road Commissioner.

Asked $14,990.00 Spent $11,948.10 Recommended $12,615.00

Article 18. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the Treasury, a sum of money for Chapter 90 Highway Construction, to be used in cooperation with sums allotted by the Commonwealth of Massachusetts and the County of Essex in the reconstruction of Summer Street in accordance with the provisions of Chapter 90.

Asked $2,500.00 Spent $2,983.90 Recommended $2,500.00

Article 19. To see if the Town will vote to raise and appropriate a sum of money to be used under the supervision of the Selectmen for cutting brush along the highways.

Asked $500.00 Spent $100.00 Recommended $250.00

Article 20. To see if the Town will vote to raise and appropriate a sum of money to be used to purchase one new truck for the Highway Department.

Asked $7,000.00 Not Recommended

Article 21. To see if the Town will vote to raise and appropriate a sum of money

to be used to purchase one new tractor and plow for the Highway Department.

Asked $9,000 Not Recommended

Article 22. To see if the Town will vote to raise and appropriate a sum of money for the repair and maintenance of Pillings Pond Road.

Asked $2,000.00 Spent $2,236.70 Recommended $1,500.00

Article 23. To see if the Town will vote to raise and appropriate a sum of money to cover the expense of the Welfare Department.

Asked $4,312.00 Spent $3,386.48 Recommended $4,312.00

Article 24. To see if the Town will vote to raise and appropriate a sum of money to cover the expense of Aid to Dependent Children.

Asked $3,600.00 Spent $3,088.95 Recommended $3,600.00

Article 25. To see if the Town will vote to raise and appropriate a sum of money to cover the expense of Old Age Assistance.

Asked $21,550.00 Spent $29,821.75 Recommended $21,550.00

Article 26. To see if the Town will vote to raise and appropriate a sum of money to cover the expense of Soldiers' Relief and Veteran Service Director.

Asked $1,750.00 Spent $1,344.66 Recommended $1,710.00

Article 27. To see if the Town will vote to raise and appropriate a sum of money for the general expense of the School Department.

Asked $98,709.52 Spent $82,673.62 Recommended $98,709.52

Your Finance Committee recommends the budget so submitted by the School Committee. At a joint meeting of both committees this budget was discussed thoroughly and it was agreed that it was impossible to economize by reducing any of the requested amounts.

The large increase in the budget for 1948 over the 1947 expenditure is explained as follows:

	1947	Recommended	Increase
Teachers' Substitute Salaries	$32,983.87	$39,760.00	$ 6,776.13
Supervisors' Salaries	1,670.50	2,554.00	883.50
Textbooks	1,176.73	2,000.00	823.27
Janitors' Salaries	3,579.80	4,000.00	420.20
Fuel	1,816.33	2,100.00	283.67
High School Tuition	23,323.82	28,606.00	5,282.18

TEACHERS' & SUBSTITUTE SALARIES. This request includes an increase by the School Committee of $200.00 per year for each teacher and principal and also salaries for additional teachers for the Center School.

SUPERVISORS' SALARIES. This is due to an increase in the number of classes and necessary time for Art and Music instruction.

TEXTBOOKS. There was a carry-over in textbooks from 1946 to 1947 and this additional amount is necessary to rebuild the inventory of textbooks on hand.

JANITORS' SALARIES. A salary increase for the janitors of both schools is requested.

FUEL. This increase is for additional cost of heating the Center School.

HIGH SCHOOL TUITION. The Town of Wakefield has increased the rate of tuition per pupil for the year 1948.

VOCATIONAL SCHOOL TUITION. This amount is an estimate and is based on the fact that during 1947 this expense was low and allows for an increase in 1948.

NEW EQUIPMENT. It is necessary to replace the chairs and desks of one classroom at the South School at an estimated cost of $600.00. The balance of this item includes lunchroom equipment for $200.00, duplicating machine $184.00, maps $120.00, and hot water heater installations at both schools $400.00.

GROUNDS. This request is made to cover the cost of repairing the bleachers and tennis courts at Memorial Park.

Article 28. To see if the Town will vote to raise and appropriate a sum of money for the care of Memorial Park, and to see if the Town will vote to change the control of Memorial Park from the School Department to the Park Department or what action they will take thereon.

Article 29. To see if the Town will vote to appropriate by transfer a sum of money from the "School Lunch Funds Available," to the use of the School Committee for the continuation of the hot lunch program, so-called.

Article 30. To see if the Town will vote to raise and appropriate a sum of money for the general expense of the Public Libraries.

Asked $2,225.00 Spent $2,472.89 Recommended $1,675.00

This request includes $500.00 for lowering the ceiling at the Center Library. It is also recommended that Dog License refunds be made available for the use of the Library Dept. This money together with income from Library funds will approximate $550.00.

Article 31. To see what disposition the Town will make of the money refunded by the County from the dog licenses for the year 1947.

Article 32. To see if the Town will vote to raise and appropriate a sum of money for the observance of Memorial Day and to determine by whom it shall be spent.

Asked $250.00 Spent $250.00 Recommended $250.00

Article 33. To see if the Town will vote to raise and appropriate a sum of money to cover the Town's share of the cost incurred during the year 1947 in maintaining the Essex County Sanitorium under the provisions of G. L. Chapter 111.

Asked $3,705.73 Spent $3,260.85 Recommended $3,705.73

Article 34. To see if the Town will vote to raise and appropriate a sum of money to be used as the Reserve Fund.

Asked $3,000.00 Spent $3,000.00 Recommended $3,000.00

Article 35. To see if the Town will vote to raise and appropriate a sum of money to cover the payment of notes maturing during the current year.

Asked $20,000.00 Spent $10,000.00 Recommended $20,000.00

Article 36. To see if the Town will vote to raise and appropriate a sum of money to cover the payment of interest on debts and loans.

Asked $1,250.00 Spent $1,193.50 Recommended $1,250.00

Article 37. To see if the Town will vote to accept as a public way the way known as Rockwood Road, now leading in a north-easterly direction from Summer Street, as shown on a plan of land entitled "Section B-Lakewood Section of Lynnfield" by Shay and Shay, C. E., dated April, 1938 for Samuel B. Donovan, for a distance of four hundred eighty four and 58/100 (484.58) feet, to within two (2) feet of Pillings Pond, for a width of forty (40) feet, or to see what action they will take thereon.

Article 38. To see if the Town will vote to raise and appropriate a sum of money to put Rockwood Road in condition, or to see what action they will take thereon.

Asked $800.00 Recommended $800.00

Article 39. Zoning By-Law change (see warrant).

Article 40. To see if the Town will vote to raise and appropriate a sum of money to be used to build and maintain ice skating rink or rinks under the supervision of the Park Department or to see what action will be taken thereon.

Asked $1,000.00 Recommended $1,000.00

Article 43. To see if the Town will vote to raise and appropriate a sum of money for the expense of Street Lighting and to authorize the Selectmen to install new street lights.

Asked $5,514.69 Spent $5,310.69 Recommended $5,514.69

Article 44. To see if the Town will vote to raise and appropriate a sum of money to be used for the payment of collection of garbage for one year commencing April 1, 1948, this being the second year under a three year contract.

Asked $2,400.00 Spent $2,175.00 Recommended $2,400.00

Article 45. To see if the Town will vote to raise and appropriate a sum of money to be used for the payment of collection of rubbish for one year commencing April 1, 1948, this being the second year under a three year contract.

Asked $3,000.00 Spent $2,625.00 Recommended $3,000.00

Article 46. To see if the Town will vote to raise and appropriate a sum of money to cover the cost of renewal premiums during 1948 on the blanket fire insurance on town buildings, or to see what action they will take thereon.

Asked $1,800.00 Spent $902.88 Recommended $1,800.00

This increase in cost is due to insurance to cover the addition to the Center School. This insurance premium must cover the year 1948 and adjust the blanket for the years 1949 to 1952.

Article 47. To see if the Town will vote to raise and appropriate a sum of money to be used to refinish the floor in the upper hall of the Town Hall under the supervision of the Selectmen or to see what action will be taken thereon.

Asked $948.31 Spent $779.02 Recommended $948.31

Article 50. To see if the Town will vote to raise and appropriate or appropriate from available funds, sums of money for Chapter 90 construction on Main Street drainage.

Asked $750.00 Spent $3,000.00 Recommended $750.00

This appropriation covers one-fourth the cost of the project. The County and State will contribute three-fourths of the cost or $2,250.00 making the total $3,000.00.

with this report and contains the details of finance, administration, and program. A few items of special interest, however, are brought to your attention.

ENROLLMENT

The enrollment data of the current year serves in part to indicate the serious problem with which we are faced so far as housing is concerned. The new West Wing at the Centre School will serve only as a stop gap, and as the successive grades move forward with two classes to the grade in place of the one of the past, the saturation point may be reached sooner than anticipated. All indications point to an upward trend in enrollment which will be accentuated by every increase in home building. We hope that the early construction of the new South School will serve to ease much of our enrollment difficulty.

MAINTENANCE AND OPERATION

The Centre and South Schools have been maintained in good repair during the current year. The School Committee had hoped to have the wooden section of the Centre School painted on completion of outside work on the new West Wing. This was voted down by the Town, however, but it has been included in the 1948 budget for completion in the early spring. Again it must be said that the South School leaves much to be desired as a school plant; however, its physical condition has been maintained so that it may continue to operate satisfactorily until the new South School becomes a reality.

TEACHING STAFF

Our teaching staff has remained more permanent this year than in the past, with new teachers having been added where necessary to meet the increased enrollment.

In line with the general trend in education we are recommending a salary increase of $200.00 in 1948 for all teachers. If accepted, this will result in our maximum salary being only slightly above the national minimum as recommended by the National Education Association. We believe that the Townspeople will consider this salary adjustment in a favorable light in view of current conditions.

HOT LUNCH PROGRAM

The Hot Lunch Program in 1947 was dealt a serious blow by the decrease in subsidy allowed by the Federal government to cities and towns. To offset this decrease it became necessary to increase the cost to pupils for the individual lunches. Despite the serious cut and the increased food cost during the year, our very efficient dietitian and manager, Mrs. Ethel Tyacke, assisted by her staff at both the Centre and South schools, was able to continue the program on a paying basis.

The continuance of a program of lunches based only on a well-balanced dietary plan has won much praise. Only by adhering to the balanced menus recommended by the government can we continue to receive our subsidy, and the excellent meals served in our schools have won the commendation of the regional director of school lunches, Mrs. Bethel Ross.

With the opening of the West Wing at the Centre School the Lunch Room there will be transferred to the East Wing. The townspeople are greatly indebted to Superintendent John D. Whittier for procuring for this new lunch room at no cost to the town, as government surplus commodities, a new restaurant size electric refrigerator, a potato-peeler, a stainless steel sink, and a tremendous amount of stainless steel and other cooking and serving utensils.

FINANCE

The Committee again found itself in the embarrassing position of having overrun its budget. The contributing causes were an unusually high and unexpected salary requirement for substitute teachers, and an unreasonably large amount of fuel oil purchased during December. The former condition arose out of serious illnesses of teachers; the latter because of a mechanical difficulty which rendered a full tank of oil not available for consumption. This situation has been remedied and the oil thus released will serve to reduce the cost of fuel for 1948. The Committee has attempted in preparing the budget for the coming year to anticipate all of the additional costs which will arise out of an additional teaching load to meet the increase in enrollment, and the operation of the new West Wing at the Centre School, as well as other general increases in operational costs.

TEACHERS

South School

A resignation was received from Mrs. Ernestine Rose who had been on leave of absence for a year. Mrs. Gladys Goodwin was retained as a regular teacher in the position vacated by Mrs. Rose.

Center School

Four teachers, A. Lawrence Safford, Mrs. Harriet Eldridge, Miss Arlene Sprague, and Miss Daisy White, submitted resignations to become effective at the close of school in June.

Mrs. Esther Gatchell, Mrs. Mildreth Rourke, Mrs. Edythe Baxter, Mrs. Leora Donovan assumed duties at the opening of school in September.

Art Supervisor

Mrs. Barbara Palson resigned and was succeeded by Mrs. Virginia Goring, who in turn decided not to continue as supervisor after the close of schools in December. Mr. Rupert Lillie assumed duties as Art Supervisor at the opening of schools in January 1948.

To provide necessary assistance to teachers, the supervisors of art and music are now each devoting two days a week to the work in our schools.

An additional teacher has already been elected to assume her duties when the West Wing addition is available for use. This will make it possible to maintain two divisions of grade one.

Three additional teachers for the Center School will be secured to assume their duties with the opening of schools in September. One of the additional teachers will be a man that his services may be available for physical training and coaching.

CLASSROOMS

It is now anticipated that when schools open in September several of the grades at the Centre will be maintained in two divisions insofar as classroom facilities allow.

It seems advisable not to use basement rooms in the East Wing Annex as home rooms for pupils if this can be avoided.

It is now planned to use one basement room for preparing and serving lunch and to use the other room for physical training.

SALARIES

The generous increases in salaries given teachers and others to take effect January 1st, 1947, were appreciated by all recipients. Although the increases did not forestall several resignations at the close of the school year, they did have a tendency to influence some not to resign and at the same time proved to be a booster for all concerned. Increases in salaries for the present year are not as generous as last year, but I believe they will do much to offset the increased cost of living and again serve as a morale builder.

CONSERVATION AND NATURE LORE

The services of an instructor in Conservation and Nature Lore from Massachusetts Audubon Society has been available to our schools for the past several years at a rather nominal fee. The Society has found it necessary to supplement our contribution in order to provide this service. It now finds it necessary to materially increase the fee for service to $100 per course.

A plan has now been developed, by a group of superintendents in the North Shore, whereby the full time services of an instructor for a ten month period will be provided by the Audubon Society for $2,500. This amount includes travel for the instructor.

Under this plan the services of the instructor will be available for one full day weekly.

STATE AID FOR SUPPORT OF SCHOOLS

In my last annual report your attention was called to a bill filed in the 1947 Legislature pertaining to state financial aid for the towns and cities in the state.

The bill failed of passage. However, there was a bill passed to aid towns in transportation of pupils.

Lynnfield profited by the passage of this legislation to the extent of $6,298.33 which is 62% of the total budget for transportation in 1947.

A bill, S 164, has recently been filed for the present session of the legislature to increase state aid for support of schools from $6,000,000 to $28,500,000.

Our present state aid amounts to approximately $270 per classroom. Several states give aid of over $3,100 per classroom.

If this bill should pass in its present form, Lynnfield would receive about $30,668 in additional state aid. This represents approximately one third of the total school budget for 1948.

CURRICULUM GUIDE FOR PRIMARY GRADE TEACHERS

Answering a request of many school superintendents the State Department of Education appointed a General Chairman: Alice B. Beal, State Supervisor of Elementary Education and several Committees to develop a much needed Curriculum Guide for Primary Grade Teachers. Forty-six leading educators of the state served on Committees for three years to prepare this Curriculum Guide. They were assisted by seventy-five teachers and consultants who are connected with school systems and teacher training institutions throughout the state.

That all teachers using the Curriculum Guide might be informed as to its purpose, content, and use, an all day conference was held at Danvers in November. All teachers from the Kindergarten through grade six attended the Conference at which Miss Alice B. Beal, chairman, and several well known educators who assisted in preparation of the Guide addressed the teachers at general sessions and at group conferences.

Our teachers are using the Guide in their endeavors to provide for the children the best type of educational opportunity.

DONATIONS

Surplus property donated during the year consisted of work tables, letter files, card files, waste baskets, paper, letter trays, dishes, serving trays, potato peeler and refrigerator.

The above donations represent a cash value of at least $2,000.

Surplus commodities contributed for our lunch room consisted of juices, jams, cheese, powdered milk, canned vegetables and potatoes.

CONCLUSION

I wish to express to our Parent-Teacher Association officers and members, to the teachers and others connected with the school, and to citizens and the School Committee my appreciation for the splendid support and co-operation during the year.

Respectfully submitted,

JOHN D. WHITTIER,
Superintendent of Schools

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools
Lynnfield, Massachusetts

Dear Sir:

I herewith submit my eighteenth annual report as School Nurse of the Town of Lynnfield.

Total enrollment (Center 283, South 110) 393

Result of physical examination in both schools by Dr. Ralph N. Brown, M. D., school physician.

Defects:		Corrections:	
Tonsils	14	Tonsillectomy	10
Posture	62	Adenoidectomy	10
Heart Murmurs	2	Appendectomy	2
Mod. Enlarged Glands	33	Improved Posture	34
Mod. Enlarged Tonsils	10	Eyes (glasses)	5
Hearing	2	Eyes (under treatment)	2
		Hearing (under treatment)	2

DENTAL WORK

All dental work in the Lynnfield Schools is taken care of privately. A survey shows that a Dental Clinic is greatly needed.

Number having dental work completed	94
Number having some dental work done	103
Number having no dental care	195

DIPHTHERIA IMMUNIZATION

Result of survey:

Number immunized to date	377
Number not immunized (refused or have no record)	26

CONTAGIOUS AND COMMUNICABLE DISEASES

The following contagious and communicable diseases of the pupils were reported:

Chicken Pox	5	Scarlet Fever	1 (?)
Whooping Cough	2	Ivy	7

Miscellaneous

Pediculosis 2

It is gratifying that a very few cases of contagion were reported in our school the past year.

By excluding all pupils and teachers from school with early symptoms of the common cold the health and attendance of pupils will improve.

TUBERCULOSIS SURVEY

A survey was carried on this year at the Center School in Grades VII and VIII and among all the personnel at both schools.

Results:

Number having patch test	194
Number having negative reaction	157
Number having positive reaction	37
Number having X-rays	37

The reports on the X-rays taken will not be available for this year's report.

THE MASSACHUSETTS VISUAL TEST

The eyes of all children will be examined with the machine loaned by the State Department of Public Health and the results of the same will be in next year's report.

The routine health program carried on in the schools follows: Tuberculosis clinic every three years, eye and ear examinations, diphtheria immunization clinics annually, weighing and measuring, clerical work, home calls, first aid, consultations with parents, teachers, school physician, state supervisors, pupils and superintendent of schools.

CAFETERIAS

The school cafeterias are continuing to be a great aid to the welfare of our school population.

In closing I wish to thank all the people who have contributed to the welfare and health of our future citizens now attending our schools.

Respectfully submitted,

FLORENCE L. STOBBART, R. N.,
School Nurse

CLASS POEM

Honor Before Honors

"Honor Before Honors,"
Let us take this phrase as guide,
To lead us on the golden road,
To success, and there abide.

On this shining golden road,
Where everyone should tread,
We may walk in glowing triumph,
Mindful of the goal ahead.

If we have faith and courage,
And a motto brave and true,
"Honor Before Honors,"
Will lead us safely through.

NO SCHOOL SIGNAL

In case of no school for the day in grades or high school, announcement will be made by Stations WBZ, WNAC, and WESX between seven and eight o'clock.

AGE OF ADMISSION

No child will be admitted to the first grade at the opening of school in September, who was not five years of age on or before the first day of April preceding his entrance.

Pupils are admitted to this grade only during the first two weeks of school in September unless they have attended school in some other town.

VACCINATION

Children who have not yet been vaccinated will not be admitted to school in September unless they present a certificate from a regular practicing physician stating that they are not fit subjects for vaccination. Parents are requested to attend to this matter during the summer vacation as exemption must be presented at the opening of school to entitle the children to admission.

REPORT OF LIBRARY TRUSTEES

To the Citizens of the Town of Lynnfield:

The Board of Trustees has endeavored to give the citizens of Lynnfield both good and efficient service, insofar as the limited budget has permitted. The following is a short resumé of the work accomplished during the year 1947:

The Main Library was painted with two coats of paint.

One corner of the library, which had decayed, was repaired. This repair work was unexpected, and since it was not in our budget, a special town meeting was called at which a sum was voted to cover the cost of this work.

It has been our constant endeavor to maintain the standards of the Library, by placing on the shelves the best and latest books available.

We sincerely hope our selection of reading material has been both satisfactory and pleasing to the citizens of this town, and would like to suggest if there are any particular books or types of books you would like to have in your library, that you leave your suggestions with the Librarian, in order that these books may be obtained for your reading instruction and pleasure.

Respectfully submitted,

KATHERINE HIGGINS
RUFUS LaC. STEVENS
MALCOLM C. EATON

REPORT OF PLANNING BOARD

The Lynnfield Planning Board submits its report for the year ending December 31, 1947.

The Board has held semi-monthly meetings during the past year, and several special meetings to accommodate developers soliciting information. The Board was also represented at the Regional Meeting of the Federation of Planning Boards of the State in Salem, and several meetings with other Planning Boards of towns located on Route 128.

During the past year the Board has been working on plans for a business district for the Centre. Considerable demand exists in the Centre for a business district, and we have been working for an offset district, that will not interfere with traffic, and be a hazard for the future. We desire that any business district provide its own parking space and leave all present streets free for usual traffic. We have two sites before us for consideration, but are unable to report anything definite on either at this time.

The new developments that we have approved, and have under consideration have made available for building approximately 400 lots, many of these have been sold and will have homes erected upon them when building material is available.

In order to retain the rural character of the town we have sponsored an amendment to the Zoning By-Law by adding thereto a single residence district, in which the total area required for a home will be 40,000 square feet. (See Article in Warrant for Annual Town Meeting for particulars). A public hearing will be held in the Town Hall, February 16, 1948 on this Article.

The adoption of this amendment will give the town two Residential Districts, one requiring 10,000 square feet, and permitting two family houses, and the new district will confine itself to one family houses and require 40,000 square feet.

Other towns in the State have adopted this principle. Carlisle, Dover, Needham and Sherborn have a residence district requiring one acre of land for a house. Bedford, Brookline, Canton, Concord, Lincoln, Milton, Weston and Westwood have a district for residences requiring 40,000 square feet.

It is a well established fact that density of populations increases the cost of town government, and the adoption of this amendment will tend to keep at a lower level the tax bill of the town.

This will also appeal to those prospective buyers of land in Lynnfield who desire to come into the town on account of its rurality, as it gives them assurance that the town will retain this feature.

With intelligent planning this town can and should retain its present charm of being a New England village whatever the future population may be.

We still have before us the project of a town forest, and hope the fifty acres set aside for that purpose may be added to.

The Planning Board meets in the Selectmen's room in the Town Hall on the first and third Wednesdays of each month, and cordially invites anyone that wishes to confer with it.

ACCOUNTANT'S CERTIFICATE

I have examined the cash receipts and securities in the various Trust Funds in the hands of the Treasurer and find them to be as stated in the Treasurer's Report.

The income from Trust Funds in the hands of others has been received for the year 1947 and credited to the proper accounts.

The receipts as reported by the Treasurer agree with the books and that payments of the town correctly present the financial status as of December 31, 1947.

In the past year this office has been obliged to assume the duty of making deductions from Town Employees salaries for Blue Cross, Essex County Retirement and Withholding Taxes. Two hundred sixty-four accounts were maintained for these purposes and the total deductions amounted to $12,268.79.

I would like to take this opportunity to thank all department heads for their co-operation in supplying me with the annual reports of their departments.

RECORD OF SPECIAL TOWN MEETING HELD JANUARY 19, 1948

The meeting was called to order at 8:00 P. M., by the Moderator who read the call for the meeting and the Constable's return. Thirty-three persons present.

On motion by Everett Webster, it was voted to dispense with the reading of the Articles until taken up for action.

Article 1. On motion of Burton Barrows it was voted unanimously to appropriate by transfer a sum of $3,865.94 from the "School Lunch Funds Available," to the use of the School Committee for the continuation of the hot lunch program, so called.

Article 2. Article 39. This Article was read in its entirety to the people, by Moderator Harry Jackson, as follows:

"To see if the Town will amend the Zoning By-Law as follows:

That the Town Zoning By-Law be and it hereby is amended by

striking out paragraph (a) of Section 1 and inserting in place thereof the following:

(a) The Town of Lynnfield is hereby divided into four classes of districts, designated as:

1. Residence districts,
2. Single residence districts,
3. Business districts,
4. Industrial districts,

and which are as shown on the map or plan entitled "Zoning Map of the Town of Lynnfield, Massachusetts, 1928, Revised as to zone areas 1948" and which together with all explanatory matter thereon is hereby incorporated in and made a part of this By-Law.

That the Town Zoning By-Law and the map or plan incorporated in and made a part thereof be and they hereby are amended by altering said map or plan so as to establish a single residence district comprised of all the land within the following boundaries:

Beginning at the intersection of Main Street and the boundary line between the Towns of Lynnfield and Wakefield, thence along the center line of Main Street to its intersection with the center line of Chestnut Street, thence in a straight line to the intersection of the center lines of Lowell and Main Streets, thence along the center line of Lowell Street to its intersection with the boundary line of the Town of Lynnfield and the City of Peabody, thence in a general northerly direction along said boundary line to the boundary line of the Towns of Lynnfield and Middleton, thence along the boundary line of the Towns of Lynnfield and Middleton to the boundary line of the Towns of Lynnfield and North Reading, thence along the boundary line of the Towns of Lynnfield and North Reading, to the boundary line of the Towns of Lynnfield and Reading, thence along the boundary line of the Towns of Lynnfield and Reading to the boundary line of the Towns of Lynnfield and Wakefield, thence along the boundary line of the Towns of Lynnfield and Wakefield to the point of beginning.

That the Town Zoning By-Law be and it hereby is amended by inserting the following Section 2A between Section 2 and Section 3.

Section 2A. Single Residence Districts.

In a single residence district: —

(a) No building, structure, or premises shall be erected, altered, or used for any other purpose than:
   1. One-family detached houses;
   2. Parks and playgrounds;
   3. The office of a professional person located in the house in which he resides;

4. For such other purposes as are customarily incidental to any of the foregoing, including private garage and private stable.

That the Town Zoning By-Law be and it hereby is amended by inserting the following paragraph (b) in Section 2A.

(b) No building or structure shall be constructed, altered, enlarged, reconstructed, or moved, in a single residence district, so that any part except uncovered steps, is less than forty feet from the street boundary line, or less than twenty-five feet from any side boundary line, or less than twenty feet from any rear boundary line; provided that the Board of Appeals may, after public notice and hearing, give permission for a lesser distance to be used in specific cases where, in their opinion, such exception will not cause substantial injury to property in the neighborhood.

That the Town Zoning By-Law be and it hereby is amended by inserting the following paragraph (c) in Section 2A.

(c) The buildings on a lot in a single residence district shall not occupy more than twenty percent of the lot area.

That the Town Zoning By-Law be and it hereby is amended by inserting the following paragraph (d) in Section 2A.

(d) No dwelling shall be erected or placed on a lot in a single residence district unless the lot has a street frontage of at least two hundred feet upon the frontage street or way, public or private, and an area of at least forty thousand square feet; no lot with a building thereon shall be changed in size so as to violate the provisions of this paragraph or of paragraphs (b) and (c) of this Section; and in the event of such change in violation hereof, the house on such lot shall not be used until sufficient land is restored or added to said lot so that it will contain an area equal to its original area or equal to the area hereby required to be provided for such house; and no lot area or frontage shall at any time be considered as the required area or frontage for more than one dwelling; provided that the Board of Appeals may, after public notice and hearing, give permission for a lesser street frontage and lot area in specific cases where, in their opinion, such exception will not cause substantial injury to property in the neighborhood. Nothing contained in this paragraph shall prevent the construction or placing of a building on any lot containing a smaller area or street frontage than herein required, provided such lot on the effective date hereof does not adjoin other land of the same owner available for use in connection with said lot.

That the Town Zoning By-Law be and it hereby is amended by inserting the following paragraph (e) in Section 2A.

(e) Only the following signs may be displayed in a single residence district:
Real estate signs advertising the sale or rental of only the premises on which they are located; park or playground signs on the premises of a park or playground; and signs advertising the profession carried on on the premises. No sign advertising a profession shall exceed six inches in width and twenty-four inches in length, and no other sign shall exceed nine square feet in area.

Before action was taken on this article, a report of the Planning Board was read by Theodore Ferren.

Motion to indefinitely postpone action on this Article, by Ernest Lane was voted on and lost.

Motion made by Theodore Feren that Article 39 be adopted as read but with these changes and additions:

That the minimum lot size be 30,000 square feet and the minimum street frontage be 150 feet;

And that in Section 2A farms be included as a permitted use.

A rising vote was taken on this motion with count of Tellers showing 212 in favor and 33 opposed.

At this time a motion by Milton Doremus to adjourn was voted on and lost.

Article 40. Motion made by Bernard Sleeper that the sum of $1,000.00 be raised and appropriated to be used to build and maintain ice skating rink or rinks under the supervision of the Park Department.

An amendment was offered by Norma McKillop that the money be spent equally between the two sections of the Town and that a committee be chosen by the Moderator to select a site in the south part of the Town.

The amendment was voted on and lost.

The original motion was then taken up for action and carried.

Article 41. Voted: On motion by Roger Lummus, that the Town transfer from the so-called "Compensation Fund" the sum of $1,500.00 for the payment of the annual estimated premium for the Workmen's Compensation Policy.

RECORD OF SPECIAL TOWN MEETING HELD APRIL 12, 1948

The meeting was called to order at 8:00 P. M., by the Moderator who read the call for the meeting and the Constable's return. Three Hundred and Seventy-five persons present.

On motion by Everett Webster, it was voted to dispense with the reading of the Articles until taken up for action.

Article 1. Voted: On motion of Theodore Palizzolo, to rescind and revoke action taken on Article 42 at the regular Town Meeting of March 8, 1948 and transfer from Excess and Deficiency Fund the sum of $300.00 to cover compensation of the Plumbing Inspector, or additional inspector as of January 1, 1948, said compensation to be fifty percent of each fee collected for plumbing inspections.

Article 2. Voted: On motion of Everett Webster to raise and appropriate the sum of $600.00 to paint the outside of Chemical House No. 1.

Article 3. Voted: On motion of Joseph Cassidy that the Town transfer the sum of $125.00 from Roofing of Town Hall Account to the Auxiliary Light Account.

Article 4. A motion was offered by Charles Wilkins that the Town raise and appropriate the sum of $5,000.00 to install proper drains and catchbasins to take care of surface water on Laurel Road, Sylvan Circle and Fairview Road.

An amendment to the motion was made by Frank Lichtenberg that action on this article be indefinitely postponed. A voice vote being doubted, tellers were appointed by the Moderator and the count was as follows:

164 in favor of indefinitely postponing action.
146 opposed

Article 5. A motion was made by Leon Cobb that the Town raise and appropriate a sum of money to provide for an increase in salary of ten cents an hour for Moth Department and Highway Department.

An amendment to the motion was made by Mr. Webster, that the Town raise and appropriate the sum of $1,648.00 to cover the salary

increases for Moth and Highway Departments, said sum to be divided as follows: $400.00 for Moth Department and balance of $1,248.00 for Highway Department, said salary increases to be, Supt. of Moth Department $1.20 per hour, laborers $1.10 per hour and $1.10 per hour for all Highway men.

The amendment was voted on and carried.

Article 6. A motion was made by Everett Webster, that the sum of $1,722.00 be raised and appropriated for the use of the Police Department, and that $260.00 of that amount be used to provide an increase in compensation for the Chief, said increase to be retroactive to January 1, 1948.

An amendment was offered to this motion by Roy Sorli, that the sums asked for by Mr. Webster be divided and voted on separately.

A second amendment was offered by Allen Rideout, that the sum of $260.00 be raised and appropriated to provide an increase in compensation for the Chief, retroactive to January 1, 1948 and that the balance of this article be referred to a committee, to be appointed by the Moderator, consisting of two members of the Finance Committee and three citizens-at-large, who shall study the needs of the Police Department and report to the Town by the next Annual Meeting.

A vote was taken on the second amendment with tellers being appointed by the Moderator. The result was 168 opposed to amendment and 138 in favor. The amendment of Mr. Sorli was then voted an and was not carried. The original motion was then voted on by voice vote, and also by hand vote, Moderator appointing tellers and final count being as follows:

222 against motion.

101 in favor. Motion was lost.

Article 7. A motion was made by Henry Haskell, that Article 7 "to see if the Town will vote to raise and appropriate a sum of money to provide for the purchase of a second cruiser for the Police Department and to equip and operate same" be indefinitely postponed. This motion was seconded, voted on and carried unanimously.

Article 8. Voted: On motion made by John Caldwell, that the Board of Selectmen be and they hereby are authorized and directed to petition the Great and General Court of the Commonwealth of Massachusetts at its regular session in 1948 that the Town be authorized to borrow outside the debt limit the sum of Two Hundred Thousand Dollars ($200,000.00), the amount so borrowed to be used for the construction of an elementary school in Precinct 2 of the Town, and to obtain original furniture and equipment for such school.

An amendment by Mr. Doremus for vote by secret ballot was defeated.

All articles of the Warrant having been acted on, the meeting was adjourned at 10:15 P. M.

HARRY W. HIGGINS, Town Clerk

RECORD OF SPECIAL TOWN MEETING HELD MONDAY, JULY 19, 1948

The meeting was called to order at 8:10 P.M. by the Moderator Joseph Smith who read the call for the meeting and the Constable's return.

It was voted, on motion of Everett Webster, to omit the reading of the articles of the Warrant until taken up for action.

Article 1. This Article was read in its entirety to the people by Moderator Joseph Smith, as follows:

"To see if the Town will vote to amend the first sentence of Section 5A of the Zoning By-Law by adding after the words "for sale" the words "or otherwise," and by adding after the words "residence district" the words "or a single residence district" so as to read as follows:

The removal, for sale or otherwise, from a residence district or a single residence district or from one place to another in such district, of sod, loam, clay, sand, gravel or quarried stone forming a part of the real estate in such district, except when necessarily incidental to or in connection with the construction, at the site of removal, of a building for which a permit has been issued, or for grading or otherwise improving the premises of which such building is a part, shall be permitted only if written permission of the Board of Appeals be first obtained.

Before action was taken on this article a report of the Planning Board was read by Theodore Ferren.

A motion was then made by Mr. Ferren that Article 1 be accepted as read. This motion was seconded and attention was called by Mr. Grant that a two-thirds vote would be necessary. Moderator then appointed three tellers, Mr. Coon, Mr. Grant and Mr. McIntire. The resulting vote being 101 in favor, none opposed, Moderator declared the motion carried.

Article 2. This Article was read in its entirety to the people by Moderator Joseph Smith, as follows:

"To see if the Town will vote to amend Section 5 (e) of the Zoning By-Law by adding after the words "residence district" the words "and in a single residence district" and by adding after the words "section 2" the words "or Section 2A respectively," so as to read as follows:

In a residence district and in a single residence district when a building, structure or premises has been used for a purpose not permitted under the provisions of Section 2 or Section 2A, respectively, and the use of such building, structure or premises has been or shall be discontinued for a period of one year, it shall not be re-established, and future use of said building, structure or premises shall be in conformity with this by-law."

Before action was taken on this article a report of the Planning Board was read by Theodore Ferren.

A motion was then made by Mr. Ferren that Article 2 be accepted as read. This motion was seconded and attention called by Mr. Grant that a two-thirds vote was necessary whereupon Moderator requested tellers to take the count with resulting vote being 88 in favor, 2 opposed, Moderator declared the motion had carried.

Article 3. This Article was read in its entirety to the people by Moderator Joseph Smith, as follows:

"To see of the Town will vote to amend the description of the boundaries of the single residence district by inserting the words "to the boundary line" following the words "thence in a general northerly direction along said boundary line," so as to read as follows:

Beginning at the intersection of Main Street and the boundary line between the Towns of Lynnfield and Wakefield, thence along the center line of Main Street to its intersection with the center line of Chestnut Street, thence in a straight line to the intersection of the center lines of Lowell and Main Streets, thence along the center line of Lowell Street to its intersection with the boundary line of the Town of Lynnfield and the City of Peabody, thence in a general northerly direction along said boundary line to the boundary line of the Towns of Lynnfield and Middleton, thence along the boundary line of the Towns of Lynnfield and Middleton to the boundary line of the Towns of Lynnfield and North Reading, thence along the boundary line of the Towns of Lynnfield and North Reading to the boundary line of the Towns of Lynnfield and Reading, thence along the boundary line of the Towns of Lynnfield and Reading to the boundary line of the Towns of Lynnfield and Wakefield, thence along the boundary line of the Towns of Lynnfield and Wakefield to the point of beginning.

Before action was taken on this article a report of the Planning Board was read by Louis Tuck.

A motion was then made by Mr. Tuck that Article 3 be accepted as read. This motion was seconded and attention again called by Mr. Grant that a two-thirds vote was required, whereupon Moderator called upon the tellers to take a count, result being 100 in favor and none opposed Moderator declared the motion had carried.

Article 4. A motion was made by Stanley Thwing to transfer

from the Excess and Deficiency Fund the sum of $260.00 for an increase in salary to the General Government Clerk, retroactive to the week ending July 9, 1948. This motion was seconded and carried by unanimous vote.

Article 5. Voted: On motion of Harold Kaler that the Town do vote to make available to the Fire Department, by transfer from the Excess and Deficiency Fund, the sum of One Thousand Five Hundred Dollars ($1,500.00), for the purpose of incorporating certain changes in the pumping equipment, on the apparatus approved for purchase at the Annual Town Meeting held March 8, 1948; and that the contract for the changed construction be negotiated with the builder by the following committee: Josiah Poeton, Harold Kaler, Chester Melanson, Arthur Morton and Arthur Nelson.

Article 6. Voted: On motion by Mr. Nelson, that the Town transfer from the Excess and Deficiency Fund the sum of $12.00 to cover the expense to install an additional street light on Canterbury Road.

Article 7. A motion was made by Mr. Webster that the Town appropriate by transfer from the Excess and Deficiency Fund, the sum of $100.00 for hire of emergency transportation for the Police Department. This motion was seconded and tellers appointed. Vote taken being 51 in favor and 24 opposed, Moderator declared motion had carried.

Article 8. A motion was made by Mr. Grant that the sum of $260.00 be transferred from the Excess and Deficiency Fund to provide for an increase in salary of $5.00 a week for the Chief of Police, retroactive to January 1, 1948.

An amendment to this motion was made by Mr. McNamara that the sum of $130.00 be transferred from the Excess and Deficiency Fund to provide for an increase in salary of $5.00 a week for the Chief of Police, retroactive to July 4, 1948. This amendment was seconded, voted on and carried.

Article 9. A motion was made by Mr. Palizzolo that $8,500.00 be transfererd from Excess and Deficiency Fund, plus $500.00 from the sale of old tractor to purchase a new tractor for the Highway Department. This motion was voted on and lost.

Article 10. A motion was made by Mr. Palizzolo that the Town transfer the sum of $200.00 from the Excess and Deficiency Fund for extension of a drain on Summer Street, near Eastern Slopes Development to Pillings Pond and authorize the Board of Selectmen to accept the necessary easements.

A question being raised as to the other two drains mentioned in the Article being omitted, it was determined after discussion that the drain designated in Mr. Palizzolo's motion was the only one to be taken care of at this time. The motion of Mr. Palizzolo's having been sec-

onded, tellers were appointed and a vote taken of 48 affirmative and 35 negative and Moderator declared that the motion had carried.

Article 11. Voted: On motion of Mr. McNamara, to indefinitely postpone action on Article 11 "to see if the Town will appropriate or appropriate by transfer a sum of money to be used by the Highway Department to rebuild a section of sidewalk on Salem Street.

Article 12. Voted: On motion of Mr. Barrows, that the Town appropriate by transfer from the "School Lunch Funds Available," the sum of $2,684.42 to the use of the School Committee for the continuation of the hot lunch program, so-called.

Article 13. A motion was made by Mr. Todd that action on Article 13 and Article 14 be postponed until the special meeting to be held in September.

An amendment was offered by Mr. Rideout that action on Article 13 and Article 14 be postponed until the special meeting to be held in September and that the Board of Selectmen notify all resident voters two weeks before said meeting is called, or if more convenient at least ten days before said meeting. The amendment was seconded, voted on and carried.

All articles of the Warrant having been acted on, the meeting was adjourned at 10:10 P.M.

RECORD OF SPECIAL TOWN MEETING HELD SEPTEMBER 20, 1948

The meeting was called to order at 8:10 P. M., by the Moderator who read the call for the meeting and the Constable's return.

On motion by Everett Webster it was voted to dispense with the reading of the Articles until taken up for action.

Article 1. Voted: On motion of Everett Webster, that the Town authorize the Board of Selectmen to negotiate with the Town of Saugus to provide water service from and including Blue Jay Road to the westerly end of Walnut Street and to and including Mansfield Road, said service to be a continuation of the Saugus water mains to be laid to the Saugus-Lynnfield line, at or near Mansfield Road, and to include the installation of fire hydrants as determined by the Chief of the Lynnfield Fire Department, rental for same not to exceed that now being paid by the Town to the Lynnfield and Lynnfield Center Water Districts, with the authority to grant to the Town of Saugus the right to make excavations in the highways, to operate and maintain the pipes and to do whatever may be necessary to obtain the service without cost to the Town of Lynnfield.

Article 2. Motion made by Theodore Palizzolo, that the Town appropriate by transfer from Excess and Deficiency the sum of $9,765.00 to purchase a new tractor for the Highway Department, and permit the sale of the old tractor. An amendment was offered by Allen Rideout that action be indefinitely postponed. The amendment was later withdrawn and the original motion by Mr. Palizzolo was voted on and passed unanimously.

Article 3. No action was taken on this because of the action taken on the previous article (Article 2), but later on a motion by Joseph Smith, it was voted to indefinitely postpone action on Article 3, "to see if the Town will appropriate or appropriate by transfer a sum of money to repair and overhaul the old tractor or to see what action will be taken thereon."

Article 4. No action was taken on this article, "to see if the Town will appropriate or appropriate by transfer a sum of money to compensate employees of Highway Department for overtime work and to set the rate and effective time," upon advice of Town Counsel, whose ruling was read to the voters by the Moderator, to the effect that the Town had not accepted appropriate legislation.

Article 5. Voted, unanimously, on motion by Wesley Munroe that the Town appropriate by transfer from Excess and Deficiency, the sum of $3,000.00 for Old Age Assistance.

Article 6. Voted, on motion by Burton Barrows, that the Town appropriate by transfer from the "School Lunch Funds Available" the sum of $1,050.00 to the use of the School Committee for the continuation of the hot lunch program so-called.

Article 7. Voted, unanimously, on motion by Arthur Nelson that the Town approve the action of the Board of Selectmen in petitioning the School Building Assistance Commission for financial assistance in the construction of the addition to the Center School and the construction of the South School under Chapter 645 of the Acts of 1948.

Before action was taken on Article 8, an explanation was given by the Moderator that there were four different proposals to be submitted to the voters, as follows:

School, complete, with Kindergarten and Auditorium	$440,000.00
School, without Kindergarten and without Auditorium	350,000.00
School, with Kindergarten — without Auditorium	370,000.00
School, with Auditorium — without Kindergarten	420,000.00

Whichever of these four received a majority vote would be submitted to the voters to vote on by ballot, and that it would require a two-thirds vote to pass. He also ruled that he would allow only one amendment for each proposal.

Article 8. Motion made by John Caldwell that there be and hereby is appropriated the sum of Four Hundred Forty Thousand Dollars ($440,000.00) for the construction of a new elementary school building, including auditorium and kindergarten rooms, in Precinct 2 and that the money hereby appropriated be expended under the direction of the committee appointed under Article 57 of the Warrant for the Annual Town Meeting in March, 1946, and that said committee be and they hereby are authorized and directed to proceed to contract for, supervise and control the construction of such building, including auditorium and kindergarten rooms; that to meet the appropriation of said sum of Four Hundred Forty Thousand Dollars ($440,000.00) the sum of Twenty Thousand Dollars ($20,000.00) be taken from the Excess and Deficiency Fund now available, and that, to provide for the balance of Four Hundred Twenty Thousand Dollars ($420,000.00) and to issue bonds or notes of the Town therefor, Four Hundred Thousand Dollars ($400,000.00) of said bonds or notes to be issued under the authority of Chapter 27 of the Acts of 1947, as amended by Chapter 426 of the Acts of 1948, of the Massachusetts Legislature, and Twenty Thousand Dollars ($20,000.00) of such bonds or notes to be issued under the authority of Chapter 44 of the General Laws of the Commonwealth, all said bonds or notes to be payable in accordance with the provisions of said Chapter 44, so that the whole loan of said sum of Four Hundred Twenty Thousand Dollars ($420,000.00) shall be paid in not more than twenty years from the date of issuance of the first bond or note or at such earlier date as the Treasurer and Selectmen shall determine.

An amendment was offered by Nelson Todd that there be and hereby is appropriated the sum of Three Hundred Fifty Thousand Dollars ($350,000.00) for the construction of a new elementary school building, without auditorium and kindergarten rooms, in Precinct 2 and that the money hereby appropriated be expended under the direction of the committee appointed under Article 57 of the Warrant for the Annual Town Meeting in March, 1946, and that said committee be and hereby are authorized and directed to proceed to contract for, supervise and control the construction of such building, but not including auditorium and kindergarten rooms; that to meet the appropriation of said sum of Three Hundred Fifty Thousand Dollars ($350,000.00) the sum of Twenty Thousand Dollars ($20,000.00) be taken from the Excess and Deficiency Fund now available, and that to provide for the balance of Three Hundred Thirty Thousand Dollars ($330,000.00) the Treasurer with the approval of the Selectmen, be and he hereby is authorized to borrow the sum of Three Hundred Thirty Thousand Dollars ($330,000.00) and to issue bonds or notes of the Town therefor, said bonds or notes to be issued under the authority

of Chapter 27 of the Acts of 1947, as amended by Chapter 426 of the Acts of 1948, of the Massachusetts Legislature, all said bonds or notes to be payable in accordance with the provisions of Chapter 44 of the General Laws of the Commonwealth, so that the whole loan shall be paid in not more than twenty (20) years from the date of issuance of the first bond or note or at such earlier date as the Treasurer and Selectmen shall determine.

A vote was taken on Mr. Todd's amendment, with tellers appointed to make the count and the result was, 125 in favor and 196 opposed.

An amendment was offered by John Gibbons that $370,000.00 be appropriated, under same conditions as previously stated except, that the school shall have a kindergarten, but no auditorium. The vote on Mr. Gibbons' amendment being taken by the tellers resulted as follows: 60 in favor and 250 opposed.

An amendment was then offered by Arthur Nelson that $420,000.00 be appropriated under conditions as stated previously, except that the proposed school shall have an auditorium, but no kindergarten. This amendment being seconded, was voted on, and after tellers counted only 17 in favor was declared lost.

Action was then taken on the original motion of John Caldwell, with the vote being taken by ballot and all voters checked on voting list before depositing ballot, the result being 150 in favor and 211 opposed. This not being a two-thirds vote the Moderator declared the motion was lost.

Article 9. It was voted to indefinitely postpone action on this article "to see if the Town will vote to raise and appropriate a sum of money for originally equipping and furnishing a new elementary school building in Precinct 2 and determine who shall be authorized to enter into the contract and supervise the work."

A motion to reconsider action on Article 8 was made, followed by a motion to adjourn, which it was ruled had precedent over the motion to reconsider, and motion to adjourn being voted, the meeting was dissolved at 11:28 P. M.

HARRY W. HIGGINS, Town Clerk

RECORD OF SPECIAL TOWN MEETING HELD NOVEMBER 1, 1948

The meeting was called to order at 8:10 P. M., by the Moderator who read the call for the meeting and the Constable's return, also all articles contained in the Warrant.

Article 1. Motion made by Mr. McIntire, "That the Town Moderator, Chairman of the Board of Selectmen and President of the Taxpayers' Association appoint a committee of seven (7) voters of

the Town to survey the entire school building situation and report to the Town in time for action at the next Annual Town Meeting, and that the sum of $100.00 be transferred from Excess and Deficiency Fund for the use of said committee." This motion was seconded.

After some discussion as to whether the motion made by Mr. McIntire could be accepted as applying to Article 1 as written, an amendment to the motion was made by Mrs. Kassells that a new School Building Committee be appointed to present plans for a new school building for South Lynnfield.

An amendment to the amendment was then made by Mr. Nelson, that the Town authorize a joint meeting of the Board of Selectmen, Finance Committee, Planning Board and School Committee, to appoint a new School Building Committee of seven members and that this committee be authorized to call for new bids for a new school building in Precinct 2, based upon the present plans and specifications; or to present to the Town new plans and specifications with bids based thereon, and that the sum of $1,000.00 be transferred from the Excess and Deficiency Fund for the use of the Committee.

After renewed discussion in regard to motion originally made by Mr. McIntire a point of order was called by Mr. Todd who expressed the opinion that Mr. McIntire's motion was not applicable to the article as written and therefore was illegal and should be ruled out of order. The Moderator, therefore, accepting Mr. Todd's opinion ruled that the motion of Mr. McIntire was out of order and that it was now a question of voting on Mr. Nelson's amendment.

The amendment, having been seconded, was voted on orally and declared carried, by the Moderator.

A motion was made by Mr. Pearson that the vote taken was not legal and that the check list be used to determine whether there were any persons present who were not legal voters.

On Moderator's request for showing of hands of all those in hall not legal voters resulted in a count of two. Moderator was then advised by Town Counsel that it required ten voters to question a vote. Inquiry as to whether there were any voters present who wished to question the vote was made by Moderator with only two persons responding. It was then voted on motion of Mr. Todd to proceed with Article 2.

Article 2. A motion was made by Mr. Caldwell, "That there be and hereby is appropriated the sum of $1,865.26 by transfer from the Excess and Deficiency Fund, which sum, together with the balance remaining from the appropriations made for the use of the committee appointed under Article 57 of the Warrant at the Annual Town Meeting in March, 1946, shall be used by the Selectmen to pay the balance due the architect employed by said committee for plans and

specifications prepared by him for a new elementary school building in Precinct 2, the amount due the consultant employed by said committee, and the incidental expenses of the committee, and that for the purposes aforesaid said unexpended balance is hereby transferred to the use of the Selectmen."

After some discussion in regard to need of amount of money requested, an explanation was given in detail by Mr. Caldwell. In response to further questioning an explanation was given by Mr. Nelson that it was his understanding that if the Town voted to go ahead with the present plans under the same architect, that all money paid by the Town at this time would be deducted from any future fees, and that on payment of charges due the plans were then the property of the Town and could be used by any architect the Town might choose, altho the former architect doubted if any other architect would use his plans.

The motion of Mr. Caldwell, having been seconded, it was then voted on and declared by Moderator as carried unanimously.

Article 3. A motion was made by Town Counsel, Mr. Cassidy, that action on Article 3 be indefinitely postponed as article was improperly worded due to fact that electrical work should have been included as well as plumbing. Motion being seconded it was voted on and declared by Moderator as carried unanimously.

There being no further articles to be acted upon the meeting was declared adjourned at 9:15 P. M.

HARRY W. HIGGINS, Town Clerk

RECORD OF SPECIAL TOWN MEETING HELD DECEMBER 13, 1948

The meeting was called to order at 8:02 o'clock P. M. by the Moderator Harry Jackson, who read the call for the meeting, Constable's return and all articles contained in Warrant.

Article 1. Voted: On motion of Burton Barrows that the Town appropriate by transfer, the sum of $2,947.00 from the "School Lunch Funds Available," to the use of the School Committee for the continuation of the hot lunch program so-called.

Article 2. A motion was made by Burton Barrows that the Town vote to authorize the School Committee to sell or otherwise dispose of three old gas stoves that are no longer in use.

An amendment to the motion was made by Everett Webster that the Town vote to authorize the School Committee to sell for a consideration the three old gas stoves that are no longer in use. The amendment was seconded, voted on and passed unanimously.

Article 3. A motion was made by Benjamin Griffin that action on Article 3 be indefinitely postponed. This motion was seconded, and it was unanimously voted to indefinitely postpone action on Article 3, "to see if the Town will vote to appropriate by transfer a sum of money to cover an 'Increased Cost of Living Bonus' for all full-time permanent Town employees, but not including elected officials or School Department employees, but including employees of the Moth Department, Highway Department, Police Department, Welfare Department, Town Hall Clerk, and Town Hall Janitor."

Article 4. Voted: On motion of Everett Webster, that the Town authorize the Board of Selectmen to appoint a committee to investigate the needs of the youth of Lynnfield for recreation or entertainment, said committee to report in time for the Annual Town Meeting in March.

All articles in the Warrant having been disposed of, the meeting was adjourned at 8:22 P. M.

REPORT OF STATE ACCOUNTANTS

Mr. Francis X. Lang
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Lynnfield for the period from June 14, 1947, the date of the previous examination, to June 11, 1948, and submit the following report thereon:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined, checked, and verified by comparison with the records in the offices of the town accountant and the town treasurer.

The books and accounts of the town accountant were examined and checked. The cash receipts as recorded were checked with the departmental records and with the treasurer's books, while the payments were compared with the treasurer's warrants and the treasurer's records.

The ledgers were analyzed, the appropriation accounts were checked with the amounts voted by the town as shown on the town clerk's record of town meetings, and the recorded transfers from the reserve fund were compared with the amounts authorized by the finance committee, while other accounts were checked with the records of the various departments in which the transactions originated.

A trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on June 11, 1948.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were analyzed and verified by comparison with the records in the several departments collecting money for the town, with other sources from which money was paid into the town treasury, and with the town accountant's books. The payments, as entered, were checked with the selectmen's warrants authorizing the disbursement of town funds and with the records of the town accountant.

The cash book was footed, and the cash balance on June 11, 1948 was verified by reconciliation of the bank balances with statements furnished by the banks of deposit and by actual count of the cash in the office.

The reported payments on account of maturing debt and interest were compared with the amounts falling due and with the cancelled securities and coupons on file.

The securities and savings bank books representing the investments of the trust and investment funds in the custody of the town treasurer were examined and listed. The income was proved and all transactions and balances were verified.

The records of tax titles and tax possessions held by the town were examined and checked. The amounts added to the tax title account were compared with the collector's records. The reported redemptions and sales were checked with the receipts as recorded on the treasurer's books, and the tax titles and tax possessions on hand were listed, proved, and checked with the records in the Registry of Deeds.

It is recommended that prompt action be taken by the town treasurer to foreclose all tax titles which are ripe for foreclosure, as required by law.

The books and accounts of the tax collector were examined and checked. The poll, personal property, real estate, and water district taxes, together with the motor vehicle and trailer excise oustanding according to the previous examination, as well as all subsequent commitments, were verified and checked to the assessors' warrants for their collection. The payments to the town and the water district treasurers were verified, the recorded abatements were compared with the assessors' records of abatements granted, and the outstanding accounts were listed and proved.

Further verification of the outstanding accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town and water districts, the replies received thereto indicating that the accounts, as listed, are correct.

The collector's cash books were footed and the cash balance on June 11, 1948, including the petty cash in advance, was verified by actual count of cash in the office and by reconciliation of the bank balance with a statement furnished by the bank of deposit.

The financial records of the town clerk were examined and checked in detail, and the payments to the State and to the town were verified.

The records of departmental cash collections by the selectmen, sealer of weights and measures, building inspector, and plumbing inspector, as well as by the public welfare, school, library, and cemetery departments were examined and checked. The payments to the town treasurer were verified, and the cash on hand in the several departments was proved by actual count.

It was noted that receipts of the cemetery department for opening graves, foundations, etc., are retained by the employees who

do the work, in which connection it is recommended that all such receipts be paid into the town treasury as required by Section 53, Chapter 44, General Laws, and that the compensation of the employees be paid on authority of selectmen's warrants and charged to an appropriation provided therefor.

The surety bonds on file for the several town officials for the faithful performance of their duties were examined and found to be in proper form.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's, the tax collector's, and the town clerk's cash, summaries of the tax, excise, tax titles, tax possession, and departmental accounts, as well as schedules showing the condition and transactions of the trust and investment funds.

During the progress of the audit, cooperation was received from all the town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts

REPORT OF BOARD OF SELECTMEN

To the Citizens of Lynnfield: December 31, 1948

Your Board of Selectmen is comprised of three members who also serve as the Board of Health and the Board of Public Welfare.

The reports of the Agent of the Board of Health and the Welfare Agent will be found elsewhere in this report and will cover the detailed activities of these departments.

Direct supervision over the departments whose heads are appointed by the Board is vested in the Board of Selectmen. Our authority over certain departments whose heads are elected is definitely limited in scope but the cooperation of these departments has been forthcoming at all times and we feel that a great deal has been done in the past year to improve and co-ordinate the services for which your tax-dollars go.

However, the Town of Lynnfield is expanding very rapidly and the problems presented by this speedy growth must be met and dealt with efficiently and practically if we want to keep our town on its present high plane. We all feel that Lynnfield is, and can continue to be, just about the finest town in the country if we all pull together toward a common goal.

Constructive criticism and active, intelligent opposition is a part of Democracy and a vital necessity in our form of government. This is your town — make your feelings known. Take an interest in what goes on — all of our meetings are public (every Monday night at 8 p.m.) and you as a voter and a citizen have every right to attend these meetings either as a spectator or to voice your suggestions or criticisms. Please feel that your presence will be welcome.

Many, many pages of this report might be taken up with a detailed listing of the years' activity but most of those items might well be of interest to but a few citizens at best so our report will reflect our attempt to touch only on the highlights of that period.

During the past few years there have been some special town meetings made necessary by the requirements of the School Hot Lunch Program. At the 1949 annual town meeting we plan to present for your approval a suggestion for eliminating such emergency meetings. An analysis of the articles presented at other special town meetings will quickly prove that criticism of the calling of numerous special town meetings is unfair and unjustified. It should always be remembered that a small number of voters can **demand** a special town meeting and even a smaller number can require the insertion of any article in any town meeting.

Our Town buildings are being used almost continually for either social or civic affairs. This constitutes an added strain on those responsible for the maintenance of these buildings. We recognize the

need for close supervision of those responsible for the upkeep of these buildings and we are trying to solve the problems in connection with this maintenance without the addition of considerable expense to the tax-payers.

Minor repairs to town buildings and attention to details such as cleaning and overhauling of heating equipment will result in substantial savings. During the year it became apparent that a new roof at the Chemical Hall was needed at once and this work was done after the Finance Committee approved a transfer from the Reserve Fund.

All transfers from our Reserve Fund which is set up at each Annual Town Meeting must be approved by the Finance Committee. Any balance remaining in the Fund at the end of the year automatically reverts to our Excess and Deficiency account. Your board feels that all departments should be encouraged to figure their annual budgets as closely as possible and depend on authorized transfers from the Reserve Fund to finance emergency expenditures. Such a policy is advocated by State authorities and it makes good sense to us.

During the year, William Moxham, our Fire Chief and Building Commissioner, was taken from us. The Board, by a unanimous vote, appointed Josiah Poeton as Chief of the Fire Department and Howard Armerding as Building Inspector. Both of these men have assumed the obligations of their important offices with the dignity and efficiency required of those who wish to serve our town honestly and capably.

An increase from $200 to $300 in the salary of the Clerk of the Board will be requested in our 1949 Budget. To properly carry out the duties of this job requires considerable time and the constant growth of the town is reflected in additional work for our Clerk.

Additional fire insurance has been placed on all town buildings and an explanation of the requirements for leveling out the cost of this added insurance will be forth-coming at the annual Town Meeting.

In keeping with the law requiring perambulation of each of the town's boundaries at intervals of every five years we joined with the Reading Selectmen to check the Lynnfield-Reading line and bounds.

The Board appreciates the cooperation of those who supervise youngsters' activities at the Town Hall. Some folks carry on this sort of work at a great sacrifice to themselves and they must frequently perform their duties very energetically to keep large groups of children under control and prevent the disrupting of other activities taking place at the same time.

Our town is fortunate in having many thriving and properly sponsored activities for the younger boys and girls. The leaders of these groups are to be complimented for their excellent work and they should be given as much assistance as possible. A supervised program for the older children is badly needed and it is hoped that the Com-

mittee recently appointed to study the recreation needs of our younger people will come up with a solution to this problem.

At the very end of 1948 the Board accepted the resignation of Andrew Mansfield as custodian of Chemical Hall and appointed Antonio Procurot to succeed him.

In recognition of the splendid work done by our American Legion Post 131 the Board expressed the Town's appreciation for its fine work in assisting at the funeral services of all returning veterans who had lost their lives overseas:

December 31, 1948

Commander Kenneth Worthen
American Legion Post 131
Lynnfield, Mass.

Dear Commander Worthen,

During 1948 your Post participated in the funeral and committal services for several of Lynnfield's servicemen who lost their lives overseas.

The Board of Selectmen takes this opportunity to thank all your members who gave so generously of their time to assist in affording our fallen sons the respect and honor so rightly due them.

The pride of our entire town coupled with its sympathy for the families of these boys who made the supreme sacrifice was beautifully and sincerely reflected by the dignified and able manner in which your members carried out their part at all services.

For the Town of Lynnfield, we remain

Gratefully yours,

ARTHUR W. NELSON
STANLEY W. HEATH
EVERETT S. WEBSTER
Lynnfield Board of Selectmen

The matter of the nuisance known as the Peabody dump located on Route 128 in Peabody has had the attention of the Board but we are still seeking a satisfactory solution to the problem. It is our definite intention to take whatever action is needed to control and, if possible, eliminate this menace to the health and comfort of our residents.

Looking ahead to 1949 your Board anticipates many problems and it will take the combined efforts of all elected and appointed officials to keep our over-all picture in line.

We earnestly hope that each and every voter will maintain a keen interest in town affairs and will demonstrate that interest by making his thoughts known by every method at his command.

Respectfully submitted,

ARTHUR W. NELSON

Court Appearances	21

As in previous years we have been able to settle many cases of property damage out of court, answered all fire alarms, responded to numerous complaints not requiring police attention and have employed the use of the resuscitator on two occasions.

Also as in previous years we have enjoyed the hearty cooperation of all the Departments in Town as well as many individuals during emergencies which have required extra assistance.

Respectfully submitted,

EVERETT S. WEBSTER,
Chief

REPORT OF FIRE DEPARTMENT

To the Honorable Board of Selectmen
And the Citizens of the Town of Lynnfield:

Following is the annual report of the Fire Department for the year ending December 31, 1948.

The Department responded to ninety-seven calls, classified as follows:

3	Building fires
42	Brush fires
21	Automobile fires
5	Oil burner fires
3	Electrical fires
2	Dump fires
6	False alarms
3	Needless alarms
3	Out-of-town calls
1	Boiler blowout
1	Leaking Mechanical Refrigerator
1	Lost child search
3	Animal rescue calls
1	Airplane crash landing
1	Fallen tree
1	Overheated hen house

The estimated loss on building fires amounted to $1,500.00 of which a part was covered by insurance.

The department was reorganized, under the present department command, on September 1, 1948, and at present consists of the following list of personnel:

Department Command
Chief, Josiah Poeton
Deputy Chief, Harold Kaler

District Number 1

Captain, Chester Melanson
Lieutenant, Arthur McGonnell
Call Men: Thomas McGonnell, Lyman Twiss, Gordon Hill, Norman Wade, Jacob Iwanowicz, Maurice Day, George Durgin, George Carder, Wesley Munroe, Charles Sweetser

District Number 2

Captain, Harry Higgins
Lieutenant, Clifton Hodgdon
Call Men: Robert Davis, Carl Davis, Allen Davis, Raymond Pope, Charles Smith, Gustave Koch, Ralph Canfield, Carl Cheever, Henry Olson, Richard Tyacke

As of September 1, 1948, new service regulations were put into effect, designed for better co-ordination and improved efficiency in the fire service which have proved very satisfactory. We have established a year round program of instruction and drilling, have increased the number of apparatus drivers and operators, as well as broadening their knowledge to include competent handling of all the department apparatus.

In the interest of safe operation a booster cylinder was added to the braking system on the Maxim pumper, and sufficient repair work done on other apparatus so that all equipment is now in first class working order. The new pumper finally contracted for July 26, 1948, should be delivered in March 1949, and will be a valuable and needed addition to the department equipment. Out of some twelve to fifteen new fire alarm boxes needed to cover the town, two were added to the system in 1948, Box 215 on Locksley Road in the Sherwood Forest area and Box 216 on Walnut Street at Blue Jay Road. The OCD air whistles are unreliable, not being suitable for the service required, and should be replaced before too long with the proper type of code sirens. It is hoped to add five new fire alarm boxes to the system in 1949 and some attempt made to provide lighting of all fire alarm boxes at night. For more economical operation, and longer battery life, copper oxide rectifiers have been installed as chargers, and the motor generator set is at present being held as emergency equipment.

Several items are being included in the 1949 budget request and represent only the absolute requirements of the department. Much of this material represents non-recurring expense, except smaller replacement costs from time to time, as the need occurs.

Respectfully submitted,

JOSIAH POETON,
Chief

REPORT OF BUILDING INSPECTOR

January 29, 1949

To the Honorable Board of Selectmen
And the Citizens of the Town of Lynnfield:

I submit herewith my report of the Building Department for the year ending December 31, 1948.

New Dwellings	91
Sheds and Poultry Houses	6
Alterations and Repairs	71
Demolition	1
Business Buildings	1
Alterations to Business Buildings	2
Private Garages	7
Moving	1
Total Permits Issued	180
Inspections made	377

There were two major violations of the Zoning Ordinance corrected and one major violation of the Building Ordinance as well as a number of minor violations mostly in the nature of alterations for which permits had not been obtained.

All fees have been collected and turned over to the Town Treasurer.

This report covers the term of Mr. William Moxham from January to June and the balance of the year for myself.

Respectfully submitted,

HOWARD S. ARMERDING,
Inspector of Buildings

REPORT OF BOARD OF APPEALS

To the Board of Selectmen:

During the year 1948, 18 public hearings were held by the Board of Appeals under the Zoning By-Law.

Thirteen hearings involved building permits where the land contained insufficient street frontage or area or both. Of these, 12 were granted and 1 denied.

Two appeals involved building permits which the Board had denied in 1947 because the development had not been approved by the Planning Board. These were granted after the developer filed a bond to guarantee completion of the road.

One application for permission to remove gravel was approved.

One hearing concerned a petition to cancel restrictions imposed by the Board in 1941 in connection with the Lynnfield Center Post Office building. That petition was denied, but without prejudice to the petitioner to apply again to the Board should he desire to make some new and different use of the property.

One appeal was for permission to erect a single car garage 6 feet from the street line at the end of a dead end street, and this was granted.

Of the 18 appeals, 16 were granted and 2 denied.

Respectfully submitted,

ELIOT K. GRANT, Chairman
Board of Appeals

REPORT OF SEALER OF WEIGHTS AND MEASURES

December 10, 1948

To the Honorable Board of Selectmen:

The following articles were sealed:

Platform Scales	5
Beam Scales	4
Spring Scales	8
Computing Scales	4
Slot-weighing Scales	1
Liquid Measures	18
Gas Pumps	32
Oil or Grease Measuring	6
Prescription Scale	1
	79

Fees collected, $25.15.

Respectfully submitted,

GEORGE A. WESTOVER,
Sealer of Weights and Measures

REPORT OF ROAD COMMISSIONER

To the Citizens of the Town of Lynnfield:

I have enjoyed serving the Town of Lynnfield as its first elected Road Commissioner and herewith submit my report for the period ending December 31, 1948.

New Construction Completed:

Rockwood Road — 484 feet.
Pillings Pond Road — 510 feet.
Main Street — 2 new catchbasins.

Chapter 90 "Permanent Construction".

A stretch of 800 feet on Summer Street was completed and 860 feet of drainage was finished at the same location. One-half the cost of this type of work is borne by the State and the remainder is shared equally by the County and the Town.

Chapter 90 "Maintenance".

This permitted seal coating on Summer Street for a distance of 7656 feet and a strip, six feet wide, through the center of Main Street for a distance of 8976 feet. The State assumes one third of the cost and the Town two thirds.

Gravel fill recovered from Summer Street was used partly to hold down the cost of construction on Rockwood Road and the balance was delivered to the Cemetery Department, the cost of gravel fill for the Cemetery Department was $408, this ordinarily would have gone to outside sources, however, this amount was returned to the Excess and Deficiency Fund.

Our Machinery Account was increased from $248 to $1246, mainly by reason of our being reimbursed for the use of Town equipment on Chapter 90 Construction and Maintenance. This fund also benefits from rental of equipment to other towns and cities. I wish to recommend that this fund be allowed to build up to cover the larger share of the purchase of a replacement truck which will be needed in 1950.

The Town authorized the purchase of a new tractor — A new diesel-powered Allis Chalmers with shovel and other attachments was purchased and delivered. The sum of $493.90 remains in the account set up for the Tractor purchase and I intend to recommend the transfer of this amount towards the purchase of a new truck-drawn sweeper, the total cost of which will be in the vicinity of $1,000. No other heavy equipment is needed for 1949.

The following streets were oiled and sanded under my supervision — Forest Hill Avenue, Lincoln Avenue, Arlington Street, Sylvan Circle, Lakeview Drive and 9/10ths of a mile on Chestnut Street.

Roads in new developments must be constructed by the developer in keeping with our present Zoning Law. However, there are still many unaccepted streets in town and your Highway Department will be able to gradually put them in proper condition and maintain them at a reasonable cost if they are accepted by the town at the rate of two or three each year.

I feel that we should also be planning a sidewalk construction program and I plan to ask for a total appropriation of $1,000. for this purpose for 1949.

Attractive new signs were placed on many streets and this work will continue during the coming year.

Throughout the year I took advantage of slack periods and bad weather to keep the regular Highway Department employees busy painting and repairing equipment. Because of this work the Town saved considerable money and I was able to take care of many small jobs through these savings.

All employees of the Highway Department and all Town officials gave me their complete cooperation throughout the year for which I am sincerely grateful.

My entire department is proud of its building and equipment and welcomes inspection visits by the voters, at all times. I solicit your suggestions and your constructive criticism in an effort to constantly improve the services rendered the town.

Respectfully submitted,

BENJAMIN C. COX,
Road Commissioner

REPORT OF SUPERINTENDENT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen:
Town of Lynnfield, Mass.

Gentlemen:

The past year's work was carried along the same lines as in previous years. Woodlands were looked over for Gypsy Moth infestations and partly creosoted. There are scattering infestations in both parts of the Town. No Browntail Moth webs were found. Elm Leaf Beetles were also very light except on private property, which in places, was extremely heavy. Tent Caterpillars were very slight also. Fall Web Worms were very heavy again last year. The Dutch Elm disease has not been discovered in Town as yet, but extra spraying will be done to prevent the spread of the same, if present in Town.

This work is carried on under the supervision of the State Department of Conservation. The State contributed $200.00 in supplies to the Town during the year.

Respectfully submitted,
LYMAN H. TWISS,
Supt. Moth Dept.

REPORT OF TREE WARDEN

To the Citizens of the Town of Lynnfield:

At the last Annual Town Meeting an appropriation was made for the care of shade trees. This appropriation was used to take down dead and dangerous trees, also to trim up trees where there were dangerous limbs. The department purchased and planted 133 trees of various kinds along the highways. There are new streets in Town where trees should be planted. I hope that a similar amount will be provided for the purchase of trees to be planted along the highways.

Respectfully submitted,
LYMAN H. TWISS,
Tree Warden

REPORT OF HEALTH OFFICER

To the Honorable Board of Selectmen:
Gentlemen:

I herewith submit my report for the year ending December 31, 1948.

Chicken Pox	104
Dog Bite	15
German Measles	1
Measles	131
Whooping Cough	2
Mumps	8
Syphilis	1
Gonorrhea	2

Summary of Report

Complaints	14
School Permits	139
Inspections made	11
Letters written	23
Wells examined	7
Cesspools inspected	3

We still are not having the cooperation of the residents in reporting the communicable diseases. I will again call attention to the fact that these diseases are reportable by the householder if a physician is not in attendance.

The Well Baby Clinic, a State supported function has continued to be well attended and seems to fill a genuine need. This work has been carried on by Dr. Oliver Bixby, Pediatrician, and Mrs. Lucy Lindquist, R. N. and continued to be in charge of the Parent-Teacher's Association.

The Pre-school Clinic was well attended for immunization against Small Pox. This clinic will be held in the Spring of this year, the date to be announced later.

With the cooperation of Mr. Harold G. Rose of the State Food and Sanitation Department, the restaurants and all places where food and drinks are served were inspected and suggestions made for improvements. These places will again be inspected this year and graded accordingly.

Respectfully submitted,

GEORGE S. ROBINSON, M. D., D. O.

ANNUAL REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Lynnfield:

The School Committee again wishes to express its sincere appreciation to both parents and townspeople for their excellent co-operation in aiding the Committee to provide for the school children of Lynnfield the best available education. To many kindly suggestions and helpful criticisms received have aided in guiding the educational program along the lines most beneficial to all concerned.

Again, too, we express our disappointment at the fact that the program for the building of the New South School has received such a serious set-back. To the members of the original committee who gave so freely of their time and effort over a period of more than two years we extend our sincere appreciation and thanks. We hope their task, although somewhat thankless, was not in vain. To the new Building Committee we extend a wish and hope for success, not only in their own interest but in the interest of the many school children of the Town who soon may find themselves either without adequate school-housing facilities or attending school on a two-platoon basis. With the knowledge of this possibility we hope and firmly believe that the Townspeople will appreciate the imperative need for the new elementary building at South Lynnfield to the extent that they will back the Building Committee in its desire to consummate this need.

We regret, as well, that the hope of utilizing the new West Wing at the Centre School in February of 1948 could not be realized because of circumstances beyond the control of those concerned. However, with the permission of the Building Committee, the School Committee was able to open its September session with the inclusion of the West Wing rooms. Although not yet accepted by the School Committee these four additional rooms have been a real asset and have played an important part in remedying some of the overcrowded conditions at the Centre School. For this we are truly grateful — but are, unfortunately, sadly aware of the fact that this relief from overcrowding is but temporary, as in September 1949 we are again faced with a one room shortage, which by 1951 will have increased to a four room shortage. A new building at South Lynnfield should help alleviate some of that difficulty. Thinking individuals, however, will surely be aware that since the growth of our Town in terms of schools and school buildings has not been commensurate with the growth of the Town in terms of families, particularly those with children of school and pre-school age, there is, and will be for some time, a lag in meeting the school-housing requirements at both ends of the Town. By the willingness and co-operation of the townspeople to back their building committees and school committees, both of now and the future, in the programs and projects which they deem best for the Town,

those anticipated conditions which may seriously impair the long-term educational needs of Lynnfield may be both obviated and corrected.

Despite the increased load placed upon him by the increase in our school population, Mr. John D. Whittier, our Superintendent of Schools, has worked with untiring effort to obtain the best for our Town, giving certainly more than our share of his time in working with both the School Committee and the Building Committees for the best interests of the Town. In June of 1948, Mr. Whittier completed twenty-five years of service to Lynnfield as its Superintendent of Schools. As did so many of his colleagues and associates of Essex County at a testimonial to him at that time, so did we as a Town thank him for that quarter of a century devoted to young people and to the advancement of their educational interests, and wish him many more successful years as a fine educator and administrator. His report, containing the details of finance, administration, program, etc., are incorporated in this report. The following items of interest to you as well as your Committee are brought to your attention.

ENROLLMENT

In our report of last year we indicated an increase in enrollment and anticipated greater increases this year. The boom in homebuilding in Lynnfield which increases almost at a geometric rate has caused the School Committee considerable consternation. Although we had hoped to stave off a crucial situation by using the new South School, along with the new West Wing at the Centre School, as a stop-gap, it now appears that the lag in building construction of whatever nature, may force a return to the two-platoon system. Although this is not a satisfactory solution it is the only possible way in which the increased enrollment can be properly housed. Mr. Whittier's enrollment figures will indicate that we have grown, from the school enrollment standpoint, at a rate even greater than that anticipated by Dr. Jesse B. Davis in his report to the Building Committee two years ago.

MAINTENANCE AND OPERATION

Both of our buildings, the Centre School and the South School, are in good repair. During the summer vacation the wooden center section of the Centre School was given two coats of paint. The white, which made the old building stand out so boldly against the two new brick wings, was changed to New England barn red trimmed with white. The old black window sashes were then painted white, affording better lighting. The change has resulted in a pleasing combination, lowering the height of the building and tying that section in with the wings. A serious roof situation arose at the Centre School out

of the extreme snow loads encountered last year. The wooden roof of the center section has now been permanently reinforced by large supporting members in two sections extending the length of the roof.

The School Committee still feels that although the South School could be very greatly improved it is prudent only to carry out such minor repairs as are necessary rather than to waste good money on a building which before too long should be decommissioned. Letters have been received from both the new School Building Committee and the building inspector recommending certain changes and improvements for both fire prevention and safety at this building, as well as at the Centre Building. Although the School Committee does not see the need, nor in some cases the logic behind some of the changes, we feel that since they have come from the building inspector they are tantamount to a request and at his suggestion have included the cost for these repairs and changes in our budget request for 1949, thus leaving the decision with the voters.

TEACHING STAFF

We have continued with the same staff of teachers as last year, and are happy at the relative degree of permanence attained. In addition, three new teachers were added in September, 1948, to meet the increased enrollment previously mentioned. In the 1949 budget request we are again recommending an increase of $200 for all teachers. When it is realized that our teachers now on the maximum schedule are receiving only slightly higher salaries than the minimum received by many communities as well as the minimum recommended by the National Educational Association we believe that the Townspeople will consider this adjustment favorably. Increased state aid to education, as a result of legislation enacted in 1948 by the Commonwealth, will result in a sizeable increase in return to the Town in 1949. This increase should aid greatly in assisting the Town to arrive at more equitable salaries for teachers — one of the primary purposes of the state aid program. The substitute teacher situation has become acute, for, as with regular classroom teachers, there just are none! Should any of the women in Town who have had teaching backgrounds feel inclined to assist on a substitute basis, such assistance would be most welcome by the Committee.

HOT LUNCH PROGRAM

The 1947 decrease in Federal subsidy to the Hot Lunch Program was returned to the participating agencies in 1948. However, since price advances continued in a general upward trend it was deemed advisable to increase the cost of lunches in order to meet these increases in food. This was reluctantly done in September, 1948, and

resulted in our maintaining the same small margin of profit previously allowed. Mrs. Ethel Tyacke, our manager and dietition, and her staff are to be commended on the fine job they have done in operating this program.

With the opening of the new West Wing at the Centre School the School Committee was able to arrange for the installation of the new equipment obtained by Superintendent Whittier from the government as surplus commodities. This equipment consists of a large electric refrigerator, a potato-peeler, a stainless steel triple sink, a large dish-washing machine, as well as other stainless steel cooking and serving utensils. The room now used as the Lunch Room is the large lower floor north room of the East Wing. One end operates very satisfactorily as the kitchen area, the other allowing an ample space for serving, dining tables, etc. We are indebted to the state department of School Lunches for assistance in planning this new Lunch Room, and much of the credit goes to Mrs. Bethel Ross, the regional director, for her assistance in the project. While the work on the Lunch Room was being done the School Committee added as a permanent improvement to the building a Taco tankless hot water heater on the new boiler to supply a continuous supply of hot water and an electric booster at the dish-washing machine to maintain a constant supply of 180° water for the dishes as required by health regulations. Other permanent improvements, some required by law, are being included by the Committee in its new budget.

MEMORIAL PLAYGROUND

The Memorial Playground, which is administered by the School Committee, received attention to the full extent of the amount allowed under the budget. Under the direction of Mr. John Caldwell of the School Committee the bleachers were repaired and painted, considerable fill was added, and the general condition of the ball field improved.

FINANCE

Despite rising costs in all items of equipment end supplies, under the careful management of Mr. Whittier the School Committee was able to remain within its budget and to complete the year with a small balance. Certain savings were effected in such items as painting, and teachers' salaries, one teacher not being hired until September rather than January. However, to offset this we were faced with several somewhat major repairs. Also, after consultation with the Finance Committee we proceeded with the installation of the new lunch room equipment, using funds available in our budget rather than to necessitate the calling of a special Town Meeting.

The School Committee feels very strongly that the Townspeople should seriously consider the request to be made by it in 1949 to allow money for the operation of the Hot Lunch Program, a self-supporting operation, on a yearly basis. Such an arrangement would result in but one annual transfer of money from the "Hot Lunch Funds Available" account to the School Department, and that at the regular Town Meeting. This would obviate the necessity of the four or five special Town Meetings called yearly — a plan neither to the liking of the School Committee nor many of the Townspeople.

TEACHERS

We were most fortunate to retain all our teachers at the South School. At the Center School resignations were received from Mrs. Josephine Durkin, teacher of grades four and five, and Mrs. Virignia Goring, Art Supervisor. Appointments were Mrs. Faustina Barrows, Mrs. Martha Libby, Mrs. Pauline Chadwell, Mr. Roy Brooks, and Mr. Rupert Lillie, Art Supervisor for both schools.

The assignment of duties for all teachers will be found in the teachers' directory of this report.

CLASSROOMS

At the opening of schools in September the West Wing was sufficiently completed that the School Building Committee granted permission to the School Committee to use the Wing for School purposes. Grades 5, 6, 7 and 8 were assigned rooms in this addition. The four additional rooms in this Wing made it possible to seat all pupils in classrooms above ground. Classes in Manual Training for the boys, Sewing for the girls, physical training for all pupils in inclement weather and classes requiring use of the film projector, are still maintained in basement rooms.

As grades one, two and four will each require use of two classrooms and the other five grades will require a classroom for each grade, there will be need of one additional classroom when schools open in September.

It would seem there is but one solution of our classroom problem as of September and that solution is to have each division of grade one receive but one half day's schooling. The following seems to be about as exact an estimate of classroom needs as can be given at this time for both schools of the town for the next five years.

Classrooms:

	'49-'50	'50-'51	'51-'52	'52-'53	'53-'54
Center	13	15	16	16	17
South	6	6	6	6	6
Total	19	21	22	22	23

A Building Committee is already at work on plans to improve and extend school facilities at the South end of the town. Another committee should be appointed at once to work on the Center School alteration and enlargement to meet our school housing needs before it is necessary to have a large number of pupils attend school on a shortened program.

LUNCH ROOM

A new lunch room has been set up in one of the large basement rooms of the East Wing. This room is now equipped with an electric refrigerator, gas stove, electric hot water booster, electric potato peeler, three-compartment sink, an electric dish washer, tables, and benches for pupils. A hood with vent through the wall is to be installed over the stove. Screen doors and window screens will also be installed.

Our pupils can now enjoy their noon lunch consisting of sandwiches, vegetables, meat, milk, and dessert at 20 cents per meal to cover cost of materials and labor.

HIGH SCHOOL ENROLLMENT

By vote of the Committee all pupils desiring to pursue a regular high school course are to attend Wakefield High School unless extenuating circumstances prompt the Committee to allow attendance elsewhere at a cost not exceeding that charged by Wakefield which for 1949 is $214.47

Tuition and transportation cost for each pupil enrolled in high school is about $250.00 per year. We endeavor to have our pupils regular in attendance and maintain a standard of scholarship which will warrant this expenditure. Most of our pupils are now maintaining a very satisfactory scholastic record. The few who are not should confer with the guidance director before deciding upon their course for the next year. All pupils desirous of extending their formal school training beyond high school should determine that for which they wish to prepare themselves, map out their high school course accordingly and determine what institutions offer the necessary training beyond high school. Because of the fact that it is now difficult to be accepted in higher institutions of learning one should file an application for admission in more than one institution.

REIMBURSEMENTS

The following is reported as the State Aid for 1948 receivable to the Town of Lynnfield.

General School Fund Part I	$ 2824.00
School Transportation	5837.87

TEACHERS' SALARIES

The following will, no doubt, be of interest to teachers and taxpayers.

Teachers' Salaries Compared with Wages in Trades and Industry

1948-49 Series No. F14

The annual wage rates given below for the trades and industry in Massachusetts are based on information secured from the Massachusetts Department of Labor and Industries. They are the average weekly wages for August multiplied by 52 (weeks).

$4,097	Electrical construction.
4,077	Steam-railroad-train crews.
3,787	Heavy construction.
3,666	Plumbing, heating, and ventilating.
3,430	Masons and plasterers.
3,416	Building construction.
3,266	Painters.
3,228	Street and electric railways and buses.
3,228	Electrical machinery.
3,120	Machine shop products.
3,032	Gas and electric companies.
3,030	Leather tanning.
3,023	Beverages and liquors.
2,984	CLASSROOM TEACHERS OF THE PUBLIC SCHOOLS OF MASSACHUSETTS (Est.).
2,721	All manufacturing industries.
2,589	Bakeries.
2,114	Retail trade.
2,037	Confectionary.
1,945	Women's garments.
1,670	Restaurants and lunchrooms.

The unfavorable position of teachers' salaries encourages teachers to leave the profession and discourages our capable high school seniors from choosing to enter the teaching profession.

It is estimated that, due to the recent increase in the number of children born annually, nearly 5,000 more elementary teachers will be needed in our schools than are now teaching in Massachusetts."

Critics of higher salaries for teachers can surely find little satisfaction in arguing their point when they realize that those to whom the youth of Massachusetts are entrusted to receive an education are SEVENTH from the bottom of the above annual wage scale. Are the sons and daughters of the critics training to become teachers? Why not? Some argue that salaries do not need to be increased because we are employing married women many of whom are local and that they would continue if a small or no increase were given.

Regardless of whether a teacher was born in Missouri or Massachusetts, whether she was educated in California or Carolina, whether she is married or single, she should be hired and paid what she is worth to do the greatest job on earth — to make a citizen. If that is not our goal, we have missed the point.

If the services of all teachers now employed were dispensed with at the close of schools in June I would expect everyone to be located by next September within a twenty-five mile radius from Lynnfield at an increase in excess of the present salary with the $200 increase requested for 1949-50. To fill the positions vacated at salaries covered by our budget would not guarantee teachers of any higher teaching ability.

SCHOOL BUDGET

Although several unforeseen expenditures occurred during the year it is gratifying to state that the total school budget for 1948 was not expended. This balance is due to the fact that he Finance Committee had confidence in the School Committee's recommendation to the extent that the budget submitted was approved.

The School Budget for 1949 is considerably greater than for 1948. It has been carefully prepared and expenditures will be kept within the budget if unforeseen expenditures of considerable size are not necessary because of an emergency.

Anticipated increases in expenditures are due to:

Employment of an extra teacher.
Increases in salaries — September-December.
Substantial increase in cost of transportation.
Substantial increase in cost of high school tuition.
An item for Physical Training Equipment.
An item for Industrial Arts' Supplies.
Increase of $1,000.00 for fuel.

The item for repairs includes $700.00 for installation of screens, $175.00 for a hood and installation over kitchen range, $100.00

for screen doors and window screens in lunch room, $1,490.00 to make alterations and repairs requested by the Building Inspector.

Purchase of desks for two classrooms.

An item of $1,000.00 to improve the school grounds at the Center, $500.00 for a power lawn mower, an item of $200.00 for a "Wall-Master" used in cleaning painted wall surface.

$1,000.00 for equipment and salaries of playground instructors.

CONCLUSION

In conclusion may I express my appreciation to the School Committee, teaching staff, janitors, lunch room employees, parents and pupils for their cooperation and assistance in making the past year a successful one in the education of youth.

Respectfully submitted

Number having glasses changed during past year	8

TUBERCULOSIS SURVEY

Pupils of grades VII and VIII and all adult personnel at both schools were given the Patch test and those reacting to test were X-rayed. The result of those X-rayed was not reported in time for last year's report. However, I am reporting all cases as Negative as a result of the reports sent me after the X-rays were taken.

Total number X-rayed	37
Total number negative X-rays	37

The routine health program carried on in the schools follows:

Physical examination, I.Q. examination, eye and ear examination, weighing and measuring, clerical work, home calls, first aid, consultation with children, parents, teachers, health supervisors, school physicians, superintendent of schools, and representatives of the State Public Health Department.

In closing I would like to suggest that more individual health education be given our children. They should be taught how they

may prevent illness by eating proper foods, by caring for their teeth, by being immunized or inoculated against various diseases. Parents should be kept informed as to the many health services available for children as well as adults.

I wish to thank all the teachers, parents, pupils, school physician and Superintendent of Schools for their kind and considerate co-operation in helping to further the health program.

Respectfully submitted,

CLASS POEM

DEEDS, NOT WORDS

As we, the class of '48,
Go down Life's winding road
We'll meet success at labor's gate
By following our code.

The goal we seek may be so great
That sometimes we may falter
Yet, ever striving, early—late
Our true course ne'er must alter.

So may our class of '48
Where'er the pathway leads,
Be steadfast as we seek the great
Our guide—Not Words but Deeds.

NO SCHOOL SIGNAL

In case of no school for the day in grades or high school, announcement will be made by Stations WBZ, WNAC, and WESX between seven and eight o'clock.

AGE OF ADMISSION

No child will be admitted to the first grade at the opening of school in September, who was not five years of age on or before the first day of April preceding his entrance.

Pupils are admitted to this grade only during the first two weeks of school in September unless they have attended school in some other town.

VACCINATION

Children who have not yet been vaccinated will not be admitted to school in September unless they present a certificate from a regular practicing physician stating that they are not fit subjects for vaccination. Parents are requested to attend to this matter during the summer vacation as exemption must be presented at the opening of school to entitle the children to admission.

REPORT OF PLANNING BOARD

The Lynnfield Planning Board submits its report for the year ending December 31, 1948.

The Board has held semi-monthly meetings, and two Public Hearings on changes in the Zoning By-Law, and one meeting with the Peabody Planning Board at Peabody during the past year.

The completion of several developments during the past year has taken considerable time and effort of the Planning Board, these duties are incumbent on the Board on account of the fact that the Town has no Engineer. In Towns having the services of an Engineer it is his duty to see that the specifications provided by the Board are adhered to as to engineering data.

The Zoning By-Law has been changed during the past year by making a Single Residence Section in the Center, and by adding the word "otherwise" after the word "sale" in Section 5A making the first Paragraph of that Section read; "the removal, for sale or otherwise, from a Residence District or a Single Residence District or from one place to another in such District of sod, loam, clay, sand, gravel or quarried stone forming a part of the real estate in such district, except when necessarily incidental to or in connection with the construction, at the site of removal, of a building for which a permit has been issued, or for grading or otherwise improving the premises of which such building is a part, shall be permitted only if written permission of the Board of Appeals be first obtained."

The Board is preparing a revised edition of the Zoning By-Law and hopes to have it ready for distribution shortly after the Annual Town Meeting.

The residential development known as the Town Lyne Colony in Lynnfield which was to be in both the Town of Lynnfield and the City of Peabody has been held up by the developers, as they wish to change this from a residential to a business district, to be known as a Shopping Center. The Lynnfield Planning Board has been advised of their intentions, and advised to await the action of the Council of the City of Peabody, who have the matter under consideration. The developers have signed a Petition to change the district from residential to business, the fee has been advanced to this Board, with instructions to wait until the City of Peabody had made final decision.

We still have under consideration a modest business district for the Center, but until such time that we can locate a desirable space with an owner that will co-operate we are not in a position to make any recommendations.

The Planning Board meets in the Selectmen's Room in the Town Hall and cordially invites anyone wishing to confer with it.

LYNNFIELD PLANNING BOARD
Louis B. Tuck, Chairman

The Board of Assessors has started this year on the tremendous task of equalizing and revaluing the entire town. This will probably take several years to complete and we hope that the taxpayers will cooperate with us. The equalization program plus the large volume of new construction has and will take many extra hours.

REPORT OF CEMETERY COMMISSIONERS

To the Citizens of the Town of Lynnfield:

The Cemetery Commissioners report that all five Town Cemeteries have been given general care as far as the appropriation of last year would permit.

At the Forest Hill Cemetery the filling in for the new lots was done. We are asking for a small amount of money this year to do the grading, which was not completed last year.

Work on permanent roadways was done as far as the appropriation would go. The Commissioners would like to keep this going by doing a short distance each year and trust the voters give the amount asked for.

Respectfully submitted,

ARTHUR W. BRYANT,
RAYMOND R. PEARSON,
MILTON W. DOREMUS,
Cemetery Commissioners

ACCOUNTANT'S CERTIFICATE

I have examined the cash receipts and securities in the various Trust Funds in the hands of the Treasurer and find them to be as stated in the Treasurer's Report.

The income from Trust Funds in the hands of others has been received for the year 1948 and credited to the proper accounts.

The receipts as reported by the Treasurer agree with the books and that payments of the town correctly present the financial status as of December 31, 1948.

I wish to express my appreciation to the Honorable Board of Selectmen and to all other officers and employees who have co-operated in carrying on the work of this department.

Respectfully submitted,

THEODORE C. PALIZZOLO,
Town Accountant
